SANITARY COMMISSIONER FOR MADRAS,

To

THE

Plague Commissioner
Fort Saint George.

Enclosuré.

SIR,

With reference to your memo on C. N° 1545 dated 24 November 1898, I have the honor to state that the one seizure and one death appearing in the statement for the week ending 12 November occurred in two different persons. The seizure happened on the 12th and the death on the 6th November, the latter being in the person of Bangan a permanent resident of Marudambakum. He was infected by attending on his brother Bangam Gowndan who arrived from Bangalore. I consider that such cases should be regarded as indigenas.

Memorandum.

In the S. C.'s statement of plague cases for week ending 12 Nov, one indigenous case is entered against North Street. The P. C. would be glad to know the details. If it refers to person of name -
Baham who caught the infection while attending on his brother Bangam Gaudan (an arrival of Bangalore), then it can hardly be treated as indigenous. If the S. C. agrees, it is requested that the return may be corrected.
