NOVEMBER.

Plague Expenditure.

Passing orders on the estimates of — in this Presidency for November 1898.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—again the following paper :—

G.O., No. 883, Financial, dated 13th October 1898.

Abstract..—Passing orders on the estimates of plague expenditure in this Presidency during the current year 1898–99.

Read—also the following papers :—

Proceedings of the Plague Commissioner on the estimates of expenditure for November 1898 submitted by Collectors.

ANANTAPUR.

Proceedings of the Plague Commissioner, Ref. on C. No. 1147, dated 10th November 1898.

Forwarded to the Financial Department with the following remarks :—

24-D. Local.—Details of the establishment should have been given to enable the estimates under the several items to be checked. The figures entered in column 6 opposite the following items seem too low when compared with those entered in columns 3 and 4.

Apothecaries.
Plague Supervisors, etc.

The estimates in the several columns on account of "plague allowance"—

"Nurses,"
"Compounders,"
"Travelling allowance,"
"Medicines,"
"Furniture,"

cannot be understood and it is not clear why there should be expenditure under Compounders, Funeral expenses, Dhoby and Barber's charges, only in the months of November and December, but not in the other months of the year. There has been plague in the Anantapur district since the middle of August last, but the estimate shows no actual expenditure up to date under the headings "Diet of Patients" and "Bedding and Clothing." This must be incorrect. The Plague Commissioner remembers looking into the accounts of expenditure on food at his visit to Guntakal in September. The estimate requires further scrutiny and revision. The necessity for the proposed expenditure on petty construction and repairs of Rs. 3,000, in the current month, Rs. 1,000 in December and Rs. 13,000, in the remaining months of the year requires full explanation. Similar remarks apply to the estimate under Municipal.

19-A (b).—The Collector's proposal is to appoint a Deputy Tahsildar solely for plague work. His pay should be shown under 24-D. Provincial.

24-A.—The estimate under this head does not seem correct. It shows no expenditure up to date and none is proposed after December. The Collector is requested to look himself into this estimate and explain and revise it when necessary.

From the Collector of Anantapur, to the Plague Commissioner, dated 17th November 1898, Ref. on C. No. 537-P.

With reference to your Proceedings, Ref. on C. No. 1147, dated 10th November 1898, reviewing the plague budget estimate for November 1898, I have the honour to report as follows :—

1. The details for the list of plague establishment is not yet completed for want of information from the District Medical and Sanitary Officer, Anantapur, in spite of reminders.

2. Only a sum of Rs. 300 was shown against apothecaries and hospital assistants in column 6 as there is a balance of Rs. 1,333 as shown in column 5. These two will make up a sum of Rs. 1,633, which is more than the probable requirements for the remainder of the current official year, calculated at Rs. 500 a month.

3. Provision has been made for plague allowance as according to regulations each hospital assistant, nurse, supervisor and apothecary are entitled to it.

4. The estimate for the remaining three months of the current official year has been entered in column 6 against nurses, compounders, travelling allowance of establishment, medicines, purchase and repairs of furniture in consideration of the balance of grants now available as shown in column 5 ; and provision has been made in columns 3 and 4. With reference to the establishment now entertained and likely to be entertained and to the actual expenditure incurred.

5. As several items shown in the budget estimate find no place in the treasury account, payments on account of compounders, funeral expenses, dhoby and barber's charges, diet of patients and bedding and clothing was made from the advances made to officers for construction of sheds, &c., and the detail bills now received are being checked and classified, and the debits will be shown under proper heads in future.

6. Rupees 13,000 has been provided for petty construction and repairs, for the remaining months of the official year in consideration of the sheds likely to be erected at the frontier stations in Hindúpur and Madakasíra taluks, which are at present ordered to lie over and for sheds in other places if need be. The sums of Rs. 1,000 and Rs. 3,000 shown in columns 3 and 4, respectively, are provided to erect sheds in Dharmavaram, Gooty and other stations should plague break out in any of them in the near future. At Guntakál village some 50 sheds have now been ordered to be erected by the Plague Commissioner for the location of the villagers as there have been many cases of plague of late. Sheds for the Medical Staff at Guntakál have been ordered to be constructed in Plague Commissioner's Proceedings, No. 515, dated 4th November 1898. Kitchens are to be built with mud-walls and zinc sheet roofing. It is for all these, good provision has been made.

7. As regards the Plague Deputy Tahsildar's pay, &c., to be shown under 24-D. Provincial instead of 19 A.F., the instructions now issued will be attended to in the next month.

8. No expenditure has been shown under 24-A., as Doctor Chalke drew his pay as District Medical and Sanitary Officer so long as he was here. Soon after he was made Additional Medical officer, he was transferred and Doctor Charlesworth succeeded him. His pay for the last month will be debited in the current month. As the balance of Rs. 3,000 shown under column 5 seemed sufficient for the remaining months of the official year, no additional provision has been made.

9. The sums shown in the several columns under "Municipal" have been provided in consideration of the actual expenditure up to the current month, and the probable requirements during the remaining months of the year if there be any case of plague.

Endorsement of the Plague Commissioner, dated 2nd November 1898.

Transferred to the Financial Department, in continuation of Ref. on C. No. 1147, dated 10th November 1898.

ARCOT, NORTH.

Endorsement of the Plague Commissioner, Ref. on C. No. 1356, dated 16th November 1898.

Forwarded to the Financial Department. The estimate may be accepted.

ARCOT, SOUTH.

Proceedings of the Plague Commissioner, Ref. on C. No. 1024 of 1898, dated 7th November 1898.

Forwarded to the Financial Department with the following remarks:—

24-D. Provincial.—No provision seems necessary under this head for the present. Dr. Beit's salary and allowance apparently come under 24-A. He was District Medical and Sanitary Officer and not on plague duty.

24-D. Local.—The Collector will be requested to state the necessity for the provision for—

One hospital assistant on Rs. 35.	Nine servants.
One plague inspector on Rs. 15.	Two nurses on Rs. 145 each.
One peon on Rs. 5.	One compounder on Rs. 10.

Similar provision also exists under Municipal. If the Collector considers that a complete ambulance staff should be provided for, provision seems necessary also for another hospital assistant and one sanitary inspector, and for sheds for segregation and hospital purposes. At present there seems no necessity to estimate for ambulance staff in South Arcot. If plague breaks out in epidemic form in Vellore or any of the towns near the frontier, of course ambulance staff and other plague preparations will be necessary.

The actual cost of the establishment up to date is only Rs. 80, while the travelling allowance paid is entered as Rs. 116. The Collector will be requested to explain this.

From the Collector of South Arcot, to the Plague Commissioner, dated 9th November 1898, Ref. on No. 271—A.P.

I have the honour to reply to your Proceedings, Ref. on C. No. 1024 of 1898, dated 7th instant.

2. *Provincial.*—The provision under this head was retained in accordance with paragraph 6 of G.O., No. 883, Financial, dated 13th October 1898, pending final orders on the Accountant-General's report.

3. *Local and Municipal.*—The ambulance staffs, Local and Municipal, were originally estimated for when there was danger of importation of plague by sea from Calcutta at the ports of Cuddalore and Porto Novo. They are retained in the budget under the impression that it would be necessary to entertain them immediately on the occurrence of plague. It will be observed also that the provision for the ambulance staff is entered in column 6 (estimate for the remainder of the official year), not in columns 3 and 4 for the current or the succeeding month.

4. *Sheds.*—Segregation sheds were erected last year in Cuddalore, Chidambaram and Tiruvannámalai, and at Villupuram in the current year. As explained in the remarks column (page 7) of the budget, provision has been made for erecting new hospital and segregation sheds at Cuddalore and Tiruvannámalai.

5. *Travelling Allowance.*—Rs. 80 was the cost of the special establishments for issuing passports at the railway stations mentioned in page 5 of the budget, while the sum of Rs. 116 was the travelling allowance paid to hospital assistants and civil apothecaries deputed for inspection of persons arriving from affected districts.

Endorsement of the Plague Commissioner, Ref. on C. No. 1203, dated 11th November 1898.

Forwarded to the Financial Department with reference to Ref. on C. No. 1024, dated 7th November 1898.

BELLARY.

Proceedings of the Plague Commissioner, Ref. on C. No. 1023, dated 7th November 1898.

Forwarded to the Financial Department with the following remarks:—

24-D. Provincial.—The provision of Rs. 5,500 on account of the Additional Medical officer seems properly debitable to 24-A.

24-D. Local.—The Collector should have furnished details of the provision of Rs. 39,200 under petty construction and repairs as directed in paragraph 7 of G.O., No. 883, Financial, dated 13th October 1898. He is now requested to do so and also to forward a statement showing how 90 peons, 27 supervisors and gumastas, 6 servants, 90 ward attendants and 14 storekeepers have been distributed. The necessity for the provision of Rs. 4,100 under the heading "Disinfecting apparatus" for the last three months of the year should be explained as the estimated expenditure for December is only Rs. 400.

24-D. Municipal.—It should be stated why the provision made under this head in the previous estimate has been omitted.

24-A. Medical.—The Collector is requested to report under whom the three clerks entered under this head are working. If they are all under the District Medical and Sanitary Officer, the necessity for their continuance should be explained especially as the passport work has now been transferred to the Collector.

Endorsement of the Plague Commissioner, Ref. on C. No. 1145, dated 10th November 1898.

Forwarded to the Financial Department, in continuation of endorsement, Ref. on C. No. 1023 of 1898, dated 7th November 1898.

From the Collector of Bellary, to the Chief Secretary to Government, dated 13th November 1898, Dis. No. 802-P.

With reference to paragraph 7 of G.O., No. 883, Financial, of the 13th October 1898, I have the honour to report as follows.

2. In the absence of clear information regarding the additional charges on account of police, a rough estimate was framed taking the monthly expenditure to be Rs. 200 as shown below:—

	Rs.
Sixteen road frontier inspection stations—16 constables at Rs. 7 each	112
Two railway frontier inspection stations—1 head constable on Rs. 14 and 4 constables on Rs. 7 to each station ..	84
Total ..	196 or Rs. 200

The provision has been revised in the monthly estimate for November 1898.

3. Copy of letter No. 1743 P., dated 29th October 1898, from the District Medical and Sanitary Officer explaining the necessity for the entertainment of three clerks is herewith submitted. I beg to point out that there are nine observation groups (= 36 circles) and sixteen road frontier inspection stations in the district and that a large proportion of the travellers arriving in Bellary comes from one or other of the infected areas and has to be entered in the local authority's register.

4. Details for the provision of Rs. 39,200 under "Petty constructions and repairs" as shown in the half-yearly budget estimate are given below:—

	Rs.
Amount of revised estimate of Tungabhadra camp	17,000
Amount of revised estimate of Hospet camp	13,000
Camps at the 16 road frontier inspection stations at Rs. 1,000 for each station	16,000
Total ..	46,000
Deduct amount expended in the previous year	7,682
Total ..	38,318

Rs. 39,000 was the figure adopted in the half-yearly estimate and this was increased to Rs. 39,200 in the annual estimate to meet the cost of additional sheds that might be required.

Enclosure.

Copy of letter No. 1743 P., dated 29th October 1898, from the District Medical and Sanitary Officer, Bellary, to the Collector of Bellary.

In reply to your Ref. on C. No. 2062-P., dated 27th October 1898, I have the honour to say that the plague work in this office is very heavy and takes up the greater part of my own time as well as that of the additional Medical officer; that as a rule he has one clerk with him in camp and the other two are at head-quarters; and that of the two at head-quarters, the services of one are practically entirely occupied in keeping the register under paragraph 7 of the revised Mufassal Regulation 17. The number of intimations received daily, of passports passing through the office, of weekly diaries of the observation staff, and of pay bills of plague establishment, is such that three clerks can barely do it as it is and another will shortly be required.

Endorsement of the Plague Commissioner, No. 2514, dated 17th November 1898.

Returned with reference to Ref. on C. No. 1325, dated 16th November 1898, with which a similar communication from the Collector, to the Plague Commissioner was forwarded to the Financial Department.

From the Collector of Bellary, to the Plague Commissioner, Madras, dated 13th November 1898, C. No. 422-P—Acc.

With reference to your Proceedings Ref. on C. No. 1023 of the 7th instant, I have the honour to report as follows:—

24-D. Provincial.—The remark is noted. The provision on account of the additional Medical officer presumably falls under 24 A (1).

24-D. Local.—Details of the provision of Rs. 39,200 under petty construction and repairs are given below:—

	Rs.
Amount of revised estimate of Tungabadra camp	17,000
Do. do of Hospet	13,000
Sheds for 16 road frontier inspection stations at Rs. 1,000 for each station	16,000
Total ..	46,000
Deduct amount expended in the previous year	7,682
Total ..	38,318

This was raised to Rs. 39,200 to meet the cost of additional sheds that may be suddenly required.

A statement showing the distribution of servants is herewith furnished.

The cost of the disinfecting apparatus supplied to the Tungabadra and Hospet railway inspection stations, amounting to Rs. 3,400, has not yet been adjusted to the debit of Local funds. Hence the increased provision of Rs. 4,100 under the heading disinfecting apparatus.

24-D. Municipal.—The amount was not included in the statement owing to the non-receipt of information from the Bellary Municipality, as already explained in my letter, No. 422-P.—Acc., dated 4th November 1898, and a revised estimate was promised. This revised estimate was despatched on the 8th.

24-A. Medical.—A copy of the District Medical and Sanitary Officer's letter, No. 1743-P., dated 29th October 1898, is enclosed. Although I intend from 16th November 1898 relieving the District Medical and Sanitary Officer of the work hitherto done by him under clauses (viii), (ix), and (x) of original Regulation 17, the work that remains is very heavy and I would point out that there are in this district nine observation groups with thirty-six observation circles and sixteen road frontier inspection stations and that a large proportion of the travellers arriving in Bellary town come from one or other of the infected areas and have to be entered in the register maintained by the District Medical and Sanitary Officer as local authority under clause (vii) of the above regulation.

Enclosure.

Statement showing the Distribution of the Establishment.

Under whom working.	Peons.	Supervisors of camps and gumastahs.	Servants.	Ward attendants and servants.	Store-keepers.
9 Supervisors (2 peons to each)	18				
36 Plague Inspectors (1 peon to each)	36	..	..	..	..
16 Hospital Assistants in charge of road frontier inspection stations (2 peons, 1 gumastah, 1 toti and 1 conservancy maistri to each)	32	16	..	16	16
Medical officer, railway inspection station, Tungabadra	1	2	..	18	..
Medical officer, railway inspection station, Hospet ..	3	2	..	18	..
First ambulance staff	..	..	..	20	..
Second do.	..	..	..	18	..
Camp Superintendent, Chippageri	..	1	..	..	..
Gumastah, Chippageri	..	1	..	..	..
Sentry gumastahs, Chippageri	..	3	..	..	..
Peons at Chippageri camp	..	..	..	..	..
Engine man at Tungabadra	..	..	6	..	..
Fireman at Tungabadra	..	1	..	..	..
Total ..	90	27	6	90	16

Endorsement of the Plague Commissioner, Ref. No. 1325, dated 16th November 1898.

Forwarded to the Financial Department in continuation of Ref. on C. No. 1023, dated 7th November 1898.

CANARA, SOUTH.

Proceedings of the Plague Commissioner, Ref. on C. No. 1021, dated 7th November 1898.

Forwarded.

2. The Collector will be requested to provide in the next estimate for one complete ambulance staff as well as for the necessary segregation and hospital sheds.

CHINGLEPUT.

Proceedings of the Plague Commissioner, Ref. on C. No. 1062, dated 7th November 1898.

Forwarded to the Financial Department with the following remarks:—

3. Land Revenue.—The sum of Rs. 150 sanctioned in G.O., No. 883, Financial, dated 13th October 1898, should not have been omitted from column 1 until its exclusion had been approved by Government. As it is a provision for additional charges on account of postage and telegrams, it would seem that it should stand, being an indirect charge under 3. Land Revenue.

24-D. Local and Municipal.—The Collector will be requested to give details for the sums of Rs. 120 and Rs. 119 entered under Plague Allowance.

From the Collector of Chingleput, to the Plague Commissioner, dated Saidapet, 8th November 1898, Ref. No. 242-G. & B.

With reference to your Proceedings, Ref. on No. 1062, dated the 7th instant, I have the honour to report that the sums of Rs. 120 and Rs. 119 therein referred to are provided on account of the plague allowance at the rate of Rs. 10 a month for the hospital assistants on observation duty at the Chingleput and Conjeeveram railway stations.

2. The sum of Rs. 150 has been entered in the office-copy against "3. Land Revenue" and will be included in future estimates.

Endorsement of the Plague Commissioner, Ref. on C. No. 1149, dated 10th November 1898.

Forwarded to the Financial Department, in continuation of Ref. on C. No. 1062, dated 7th November 1898.

COIMBATORE.

Proceedings of the Plague Commissioner, Ref. on C. No. 1025 of 1898, dated 7th November 1898.

Forwarded to the Financial Department with the following remarks:—

24-D. Provincial.—The authority for granting Plague allowance to the Assistant Surgeon at the rate of Rs. 100 a month should be reported by the Collector.

24-D. Local.—The grant sanctioned in G.O., No. 883, Financial, dated 13th October 1898, is Rs. 5,420, and not Rs. 7,791 as entered by the Collector in Column 1 of the estimate.

The Collector has in a separate communication suggested that the district be placed under observation and has submitted an observation scheme for approval, but has not made any provision for the additional charges on account of the observation and ambulance staff, the hospital and segregation accommodation, equipment, &c., which his scheme would entail. It is requested that the omission may be supplied in the next monthly estimate.

24-D. Municipal.—The grant sanctioned under this head in G.O., No. 883, Financial, dated 13th October 1898, is only Rs. 900, and not Rs. 2,044 as shown by the Collector. The entry of Rs. 82 under house-rent for the current month requires explanation, as the actuals up to the end of last month amounted only to Rs. 8. Details should have been furnished as regards the number and the rate of salary of the ward servants.

20. Police.—The details of the extra police already employed, and those likely to be required in connection with the working of the observation scheme, should be furnished.

CUDDAPAH.

Proceedings of the Plague Commissioner, Ref. on C. No. 1026, dated 7th October 1898.

Forwarded to the Financial Department with the following remarks:—

24-D. Medical—Provincial.—The district has been placed under observation (G.O., No. 1243-P., dated 4th October 1898) and one additional superior Medical officer will shortly be posted to Cuddapah, on the proposal of the Surgeon-General. A special Military officer (Captain Hawkes) is now in Madanapalle. Provision seems, therefore, necessary for the salary and allowances of at least one superior Medical officer on a higher salary than Rs. 150 a month and for one Staff Corps officer and for charges for establishment, travelling, exchange compensation, &c.

The provision for serum may be omitted. The Plague Commissioner has instructed the Sanitary Commissioner not to permit local indents on the Bombay laboratory for the future. The Sanitary Commissioner will obtain and supply all the serum himself.

The charges on account of disinfection and disinfecting apparatus seem debitable to Local and not Provincial—*vide* page 130 of the Plague Manual.

24-D. Local.—Plague Supervisors and Plague Inspectors are entitled to horse and fixed travelling allowances and not to any special plague allowance. The Plague Commissioner, however, when he recently visited Cuddapah district, directed the Collector to revise his frontier arrangements and to send back the Supervisors he has and most of the Plague Inspectors who are useless. His official proposal will no doubt come in shortly. The expenditure will be probably much under what is estimated.

GANJAM.

From the Collector of Ganjám, dated 29th October 1898, Dis. No. 1285-R—Eng.

With reference to paragraph 12 of G.O., No. 883, Financial, dated 13th October 1898, I have the honour to state that details under Land Revenue and Police have been furnished in the remarks column of the annual budget estimate of plague charges. An extract therefrom is herewith sent for ready reference.

2. For the reasons therein given, the amounts may be reduced; but the total is only Rs. 565 under Land Revenue and Rs. 980 under Police and may be allowed to stand, as the amounts will be required if a higher-paid agency be employed even for a short period in the year.

Enclosure.

Extract from the Explanatory Remarks to the Annual Budget Estimate of Plague Charges for the year 1898–99.

Under Indirect Charges debitable to Provincial, provision has been made against Land Revenue for a clerk on Rs. 45 for the Collector's office and Rs. 200 on account of cost of printing passports and passes, against Police for six constables on Rs. 7 per mensem for guarding three road inspection stations in the Head-quarters Deputy Collector's division, for twelve constables for guarding three lake stations, and for two constables at the Ganjám port.

No special establishment has been provided for guarding the Maliah frontier. Rs. 50 is put down under Law and Justice for any medicines and other contingent expenditure that may be incurred by the Revenue Inspector of the Chokkapad Khandam who will be required to guard the Chokkapad frontier.

Proceedings of the Plague Commissioner, Ref. on C. No. 1022, dated 7th November 1898.

Forwarded to the Financial Department.

2. The Collector has not given details and it is not possible to check his estimate. The following telegram has been sent to him :—

"Your plague estimate November does not explain how figures column 6 have been arrived at. Send revised estimate giving details of establishment and other item for which provision considered necessary."

Proceedings of the Plague Commissioner, Ref. on C. No. 1326, dated 16th November 1898.

Read—letter from the Collector of Ganjám, dated 9th November 1898, R.C. No. 1571-Engl.

With reference to your telegram of the 7th instant, I have the honour to state that the figures in column 7 of the monthly estimate for November have been adopted from those approved by Government in G.O., No. 883, Financial, dated 13th October 1898, and that those shown in column 6 represent the differences between those shown in column 7 and the sums of those shown in columns 2, 3 and 4. I forward herewith a copy of my annual estimate which furnishes the necessary details. You will observe that the main expenditure budgeted for in this district is on account of the inspection station at Kallikóta road, and the preventive staff in connection with observation circles along the Northern frontier, in order to prevent ingress of plague into this district from Calcutta.

As Calcutta has now been declared free of plague, I request that you will inform me whether provision for these charges may be omitted from future estimates. As the items were included under the orders of Government, I do not feel justified in striking them out (however problematical the expenditure may be) without the permission of Government.

2. Necessary alterations will be made in the future monthly estimates with reference to paragraph 33 of the Government Order above referred to.

Forwarded to the Financial Department, in continuation of Ref. on C. No. 1022, dated 7th November 1898. The Collector not having submitted the revised monthly estimate for November called for in the telegram of the 7th instant, the following telegram was sent to him on the 15th instant :—

"My telegram 7th. Please submit immediately revised plague estimate called for."

2. It is not likely that the observation scheme sanctioned in G.O., No. 1138 P., dated 22nd September 1898, will be carried out this year, and the Collector's provision on account of it may be omitted.

GODAVARI.

Proceedings of the Plague Commissioner, Ref. on C. No. 1117, dated 8th November 1898.

Forwarded to the Financial Department with the following remarks :—

24-D. Provincial.—The amounts entered under this head seem to be indirect charges and therefore debitable to 24-A.

The Collector has prepared an observation scheme but it is not likely to be required this year.

KISTNA.

Proceedings of the Plague Commissioner, Ref. on C. No. 1116, dated 8th November 1898.

Forwarded to the Financial Department with the following remarks :—

Summary.—Column 1 should give the grants as sanctioned by Government.

24-D. Provincial.—It is doubtful whether the transfer of Rs. 1,000 to this head is correct, if the amount is the pay of Dr. Lusk during the period in which he acted as additional medical officer.

24-D. Local.—The Collector is requested to explain the necessity for incurring an expenditure of Rs. 1,295 in December next on account of "Petty Construction and Repairs."

From the Collector of Kistna, to the Plague Commissioner, Madras, dated Camp, Bezwada, 21st November 1898, Ref. on C. No. 883 M.

With reference to your Proceedings of the 8th instant, Ref. on C. No. 1116, I have the honour to state that the amount of Rs. 1,000 therein referred to is the pay of Dr. Lusk for the months of July and August 1898, during which he was in charge of the plague camp at Kondapalli. It was originally erroneously debited to "Additional Medical Officers."

2. With reference to your enquiry regarding the expenditure of Rs. 1,295 in December 1898, I have the honour to state that the entry of the figure in column 4 of the return is a clerical mistake. It should have been entered in column 5.

Endorsement of the Plague Commissioner, dated 24th November 1898.

Transferred to the Financial Department in continuation of Ref. on C. No. 1116, dated 8th November 1898.

KURNOOL.

Proceedings of the Plague Commissioner, Ref. on C. Nos. 1057 and 1059, dated 8th November 1898.

Forwarded to the Financial Department with the following remarks :—

Summary.—The grants as sanctioned by Government should be entered in column 1 of the estimate.

24-D. Provincial.—The pay and allowances of the additional medical officer seem debitable to 24-A. The Collector is requested to report whether the services of this officer are absolutely necessary and whether he cannot be spared, if emergency arises, for duty in other districts.

24-D. Local.—If the pay of the apothecary is Rs. 150, it is not understood why provision is made for the current and subsequent months at the rate of Rs. 100 a month.

The boarding allowance sanctioned in G.O., No. 455 P., dated 9th May 1898, applies only to nurses engaged in actual plague duty, *i.e.*, attendance on plague patients, accompanying search parties, &c. The Collector should submit details for the expenditure on petty constructions and repairs showing the number and area covered by the sheds put up and the necessity for the provision in each case.

20. Police.—Provision for the police employed on plague duty in Kurnool seems necessary, as the Inspector-General of Police has applied to Government for sanction to increase the force by the number of men lent for plague work.

From the Collector of Kurnool, to the Plague Commissioner, Madras, dated 15th November 1898, Dis. No. 4314-Genl.

Adverting to your R.C. Nos. 1057 and 1059, dated 8th November 1898, I have the honour to reply to the points raised as follows:—

Summary.—In column 1 of the estimate I have shown only the amounts sanctioned by Government with the exception of those relating to the heads 20. Police and 5 and 7. Salt and Excise, which I have eliminated for reasons explained by me at the head of page 3 of the estimate. The other alteration made by me is that the sum of Rs. 6,000 has been transferred from 24-A. Medical to 24-D. Medical under the authority of G.O., No. 963, Financial, dated 28th October 1898, a copy of which is herewith sent for your information.

24-D. Provincial.—The pay and allowances of the Additional Medical officer have been ordered to be shown under 24-D. in the Government Order quoted above. Regarding your inquiry whether the services of the above officer can be spared, I have the honour to state that it seems to me inadvisable that he should be withdrawn at present as plague prevails almost on the borders of this district and there are many arrivals from the infected villages increasing daily the chances of the importation of the disease.

24-D. Local.—The pay of the apothecary is only Rs. 100 and not Rs. 150, which is evidently a clerical mistake in the fair copy, the office copy showing only Rs. 100. The boarding allowance sanctioned in G.O., No. 455 P., dated 9th May 1898, is not being paid to the nurse, but a provision is made for it in consideration of the probability that she may at any time be called on to do active service on the occurrence of any plague case on account of the close proximity to this district of the areas where the disease now exists.

As for the provision under the item Petty construction and Repairs, I herein enclose, for your information, copies of memoranda showing the dimensions, description and the nature of the sheds at the road frontier Inspection stations.

20. Police.—I omitted to make any provision under this head as I was not aware of any proposals being made for additional Police force. I will, however, in communication with the Superintendent of Police, make the necessary provision for the actual number of constables required for plague duty in my next month's estimate.

———

Endorsement of the Plague Commissioner, dated 21st November 1898.

Forwarded to the Financial Department, in continuation of Ref. on C. Nos. 1057 and 1059, dated 8th November 1898. The pay of the additional medical officer seems debitable to 24-A (*vide* page 131, General Instruction No. 1 of the Plague Manual).

———

MADURA.

Proceedings of the Plague Commissioner, Ref. on C. No. 1204, dated 11th November 1898.

Forwarded to the Financial Department. Even the present estimate can be largely reduced, as no special plague measures are proposed to be carried out in the Madura district in the near future.

———

MALABAR.

Proceedings of the Plague Commissioner, Ref. on C. No. 1153, dated 10th November 1898.

Forwarded to the Financial Department with the following remarks:—

24-D. Provincial.—The charge on account of the additional clerk for the District Medical and Sanitary Officer seems debitable to 24-A.

24-D. Local.—The estimates appear too low. The Collector will be requested to report whether he has made sufficient provision for the observation scheme referred to in G.Os., No. 1011-P., dated 5th September 1898, and No. 1221-P., dated 3rd October 1898.

24-D. Municipal.—No entries have been made, apparently by oversight, under the several items in columns 4, 5, 6 and 7. The omission should be supplied.

An Assistant Surgeon appears to have been sanctioned at Calicut for the purpose of inspecting vessels, but the estimate does not provide for his pay and allowances.

———

NELLORE.

Proceedings of the Plague Commissioner, Ref. on C. No. 1061, dated 8th November 1898.

Forwarded to the Financial Department with the following remarks:—

24-D. Local.—As no actuals have yet been incurred and probably none will be incurred in the next month, no expenditure need have been shown for the current and subsequent months. The pay of Assistant Plague Inspectors should not exceed Rs. 25. Nurses are not likely to be obtained for less than Rs. 100 a month.

———

NILGIRIS.

Proceedings of the Plague Commissioner, Ref. on C. No. 1020, dated 8th November 1898.

Forwarded to the Financial Department with the following remarks:—

Summary.—Column 1 should give the grants as sanctioned by Government and not as proposed to be revised by the Collector. For the latter, column 7 is the proper place.

24-D. Provincial.—A provision of Rs. 1,750 has been entered on account of "Superior officers on the preventive establishments." The necessity for these officers and their duties should be explained. The provision for serum may be omitted, and that on account of medical instruments and disinfecting apparatus transferred to Local.

24-D. Local.—The Collector will be requested to specify the duties for which a nurse on Rs. 20 is said to have been employed. European or Eurasian nurses are not likely to be obtained for plague duty for less than Rs. 100 a month. Presumably it is allowance to a nurse already paid from other sources.

24-A.—It should be reported whether the amount provided under this head is likely to be spent.

———

From the Collector of the Nilgiris, to the Plague Commissioner, dated Camp, Gúdalúr, 16th November 1898, Ref. on G. B. No. 770.

I have the honour to reply to your Proceedings, dated 8th instant, Ref. on Cur. No. 1020, forwarding to Government, with remarks, the estimate of plague charges of this district for November 1898.

Summary.—The instructions will be attended to in submitting future estimates.

24-D. Provincial.—Reference is solicited to this office annual estimate of plague charges for the current year, R.G.B. No. 770, dated 5th October 1898. The explanatory note (*a*) thereto runs —

"This lump sum is provided to cover the pay of commissioned Military officers to supervise operations in Ootacamund and Coonoor, should plague break out severely. It is necessarily a mere rough approximation." It is presumed that

the remark "the provision for serum may be omitted" is made with reference to the Sanitary Commissioner's Circular No. 2403-S., dated 22nd October 1898, stating that he will issue serum on indents to certain medical officers. It is not understood that no further supplies of serum are to be obtained. The provision for medical instruments and disinfecting apparatus will be transferred to Local in the next estimate. This provision was to cover the cost of dressing cases, inoculation syringes and of Chinese pumps for spraying disinfectants.

24-D. Local.—The nurse on Rs. 20 is a Muhammadan woman who has been entertained for the small ambulance staff at Gúdalúr. Her duty will be to proceed with the hospital assistant to any locality where a case of plague occurs. The arrangement is that until plague breaks out she gets only Rs. 10 a month. A European or Eurasian nurse was not considered necessary at Gúdalúr, nor is it probable that one could be obtained except on exorbitant terms. If plague does not break out, no additional clerk for the District Medical Officer is likely to be entertained. In the other event it is probable that one will have to be obtained.

Endorsement of the Plague Commissioner, dated 21st November 1898.

Transferred to the Financial Department, in continuation of Ref. on C. No. 1020, dated 8th November 1898. The provision on account of serum was ordered to be omitted as the prophylactic is supplied free for the present.

SALEM.

Proceedings of the Plague Commissioner, Ref. on C. No. 1056, dated 8th November 1898.

Forwarded to the Financial Department with the following remarks:—

24-D. Provincial.—No provision is necessary at present for the purchase of the plague serum, as it is supplied free.

The charges on account of disinfection and disinfecting apparatus are debitable to Local.

24-D. Local.—The Collector will be requested to quote the sanction under which a superintendent on Rs. 80 has been appointed for the Jalarpet camp. If, as the Plague Commissioner believes, the appointment was made under his personal orders, the appointment should be officially reported for sanction now and the necessity for it explained.

24-D. Municipal.—The necessity for making a provision of Rs. 6,600 for the current and subsequent months of the year when the actual expenditure up to date is only Rs. 750 is not clear. However, possibly expenditure may increase and the amount may stand.

24-A. As the passport work has been transferred to the Collector, the additional clerk sanctioned for the District Medical and Sanitary Officer seems now unnecessary.

20. Police.—The details of the provision under this head should have been furnished. According to column 2 of the estimate, no expenditure has yet been incurred. This requires explanation as there have been police on plague duty at the Jalarpet inspection station and probably also at the road frontier stations.

TANJORE.

Proceedings of the Plague Commissioner, Ref. on C. No. 1118, dated 8th November 1898.

Forwarded to the Financial Department with the following remarks:—

24-D. Provincial.—It is not likely that the grant under this head will be required. The charges on account of inoculation, disinfection and medical instruments seem debitable to Local and Municipal funds. As regards serum, it is at present supplied free, but provision on account of inoculation syringes is necessary, and the Sanitary Commissioner is requested to report what amount has been spent up to date and will be required hereafter on account of this charge.

Port and Marine Funds.—The provision under this head seems hardly necessary.

General.—The Collector's estimate relates to October. Probably the same holds good for November also.

TINNEVELLY.

Proceedings of the Plague Commissioner, Ref. on C. No. 1069, dated 8th November 1898.

Forwarded to the Financial Department with the following remarks:—

Summary.—Column 1 should give the grants as sanctioned by Government and not as proposed to be revised by the Collector.

24-D. Provincial.—The provision for postage may be reduced to Rs. 25.

24-D. Local.—It seems doubtful whether the Government intended that half the cost of the establishment referred in G.O., No. 576, Financial, dated 4th July 1898, should be charged equally to the Local and Municipal funds of the district.

24-D. Municipal.—The proposed expenditure of Rs. 2,229 under "Petty Construction and Repairs," of Rs. 630 under "Medicines and Instruments" and of Rs. 500 under "Other Hospital Necessaries" requires explanation. The Collector is requested to report under what authority this expenditure is proposed.

From the Collector of Tinnevelly, to the Chief Secretary to Government (through the Plague Commissioner), dated Tinnevelly, 8th November 1898, Ref. on Cur. No. 1633-Genl.-Rev.

In paragraph 4 of G.O., No. 576, Financial, dated 4th July 1898, it has been ordered that half the total charges incurred at Tuticorin for protection from the chance of importation of plague by sea should be borne from Local and Municipal funds and that the expenditure incurred after 1st April 1898 should be distributed among the several districts rateably to their receipts. The total expenditure being Rs. 350 per mensem, half of it, viz., Rs. 175, should be debited to Local and Municipal funds. It has also been arranged with Municipal Council, Tuticorin, that one-half of this moiety of Rs. 175 should be paid from Local funds. The annual cost to Local funds from this item comes to Rs. 1,050 and this amount has been entered in the monthly budget estimate for November 1898.

2. It would appear that this sum of Rs. 1,050 was not taken into account in fixing the portion of local expenditure to be borne by this district, viz., 16,354, as worked out in Appendix B of G.O., No. 883, Financial, dated 13th October 1898. I have the honour, therefore, to submit that the figure (Rs. 16,354) requires alteration.

Endorsement of the Plague Commissioner, Ref. on C. No. 1272, dated 13th November 1898.

Forwarded. In paragraph 19 of G.O., No. 883, Financial, dated 13th October 1898, it is stated that no contribution to other districts is necessary in the case of municipalities. If this is correct, paragraph 4 of G.O., No. 576, Financial, dated 4th July 1898, seems to require modification.

TRICHINOPOLY.

From the Collector of Trichinopoly, to the Plague Commissioner, dated 5th November 1898, D. Dis. No. 2235-Rev.

In forwarding herewith the statement for October 1898 showing grants already sanctioned and those required for plague charges in this district for the year 1898, I have the honour to point out that there is no column in this statement or in the sanctioned budget embodied in G.O., No. 883, dated 13th October 1898, under the head of "Provincial" showing the grants sanctioned for the construction and maintenance of private hospitals and segregation and health camps. It has been laid down in paragraph 4 of G.O., No. 868, Financial, dated 11th October 1898, that expenditure can be incurred only against the monthly allotments passed by Government on the returns submitted by Collectors. It is likely that the various communities in the Trichinopoly and Srírangam Municipalities will build private hospitals and segregation and health camps in the near future and apply for contribution from Government. I request that you will be good enough to sanction an *ad interim* grant of Rupees 1,000 for this district for 1898–99. Separate applications will be made in each case after the completion of the works. In this connection I beg to be informed if the Government will also contribute half the cost of renting any private houses chosen as hospitals by the community.

Proceedings of the Plague Commissioner, Ref. on C. No. 1063, dated 8th November 1898.

Forwarded to the Financial Department with the following remarks:—

24-D. Provincial.—It is doubtful whether the provision under this head will actually be required.

24-D. Local.—Full explanation should have been given stating the necessity for allotments for the several items under this head. No proposals involving any large expenditure have yet reached the Plague Commissioner. The provision for the succeeding month is almost certain not to be spent and it is not likely that such a large sum as Rs. 9,950 will be required before the close of the year.

24-D. Municipal.—Here also the provision seems excessive and the Collector has not given details of establishment employed or proposed to be employed. In the next estimate the Collector is requested to provide for actual requirements.

As regards contributions to private hospitals, the Collector will be requested to open a new sub-head under 24-D. Medical—Provincial, contributions will be made whether new sheds are constructed or whether existing buildings are rented.

VIZAGAPATAM.

Proceedings of the Plague Commissioner, Ref. on. C. Nos. 1058 and 1060, dated 8th November 1898.

Forwarded to the Financial Department with the following remarks:—

24-D. Provincial.—The grant of Rs. 2,000 sanctioned in G.O., No. 883, Financial, dated 13th October 1898, should have been shown in column 1 of the estimate. If it is not required, the reason should be stated.

24-D. Local.—The Collector will be requested to report, when submitting the next estimate, whether the provision of Rs. 5,000 sanctioned by Government is likely to be utilised.

24-D. Municipal.—Only the sanctioned grant of Rs. 5,000 should have been shown in column 1 of the estimate. If a reserve of Rs. 1,000 is considered necessary, it should be distributed among the proper items.

To the total of Rs. 10,736 should be added the contribution of Rs. 16,068 mentioned in paragraph 25 of G.O., No. 883, Financial, dated 13th October 1898.

From the Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 3rd November 1898, No. 442.

With reference to paragraph 31 of G.O., No. 883, Financial, dated 13th October 1898, I have the honour to state that an additional amount of Rs. 37,000 should be provided for in the budget estimate to cover the pay and allowances of the ten Medical Officers newly arrived from England in accordance with G.O., No. 1290, Public, dated 20th October 1898.

2. The amount of Rs. 37,000 is arrived at as per details given below on the presumption that their pay is Rs. 500 per mensem:—

	Rs.
Pay of ten Medical Officers at Rs. 500 each for six months	30,000
Exchange compensation allowance	2,000
Travelling allowance and luggage charges across the Continent ..	5,000
Total ..	37,000

Order—No. 1122, Financial, dated 28th November 1898.

The foregoing papers relate to the estimates of expenditure for November 1898 on account of plague in the Madras Presidency in all districts. The estimates for the Presidency town have not yet reached Government and the Plague Commissioner will be requested to arrange for these being submitted in future by the 5th of each month for all heads—Provincial and Municipal. Orders on the estimates for the remainder of the Presidency, which are dealt with *seriatim* below, cannot be detained.

ANANTAPUR.

2. Provincial.—The Collector's estimate under 24-D. Grants for Medical Purposes will be accepted. Under 3. Land Revenue the pay of the Deputy Collector is reckoned as Rs. 250 for the current month, while the estimate for December is placed at Rs. 350. This should be explained. Details should have been furnished for the sum of Rs. 2,000 shown in column 6 of the estimate. Under 19-A. Law and Justice, provision is made for four months instead of for three months; the estimate will be reduced to Rs. 995.

Local.—As pointed out by the Plague Commissioner, the Collector's estimate appears to be low in some cases.

Municipal.—The number and pay of the hospital assistants and other subordinate officers should have been given. No details have been furnished for the sum of Rs. 1,348 entered in column 1. The house-rent of Rs. 5 *per mensem* provided in the estimate is not understood.

ARCOT, NORTH.

3. Provincial.—The Collector's estimates are accepted. A sum of Rs. 2,230 will be provided on account of the pay of Lieutenant Scott-Elliott, the Special Plague Officer.

Local and Municipal.—The establishments, for which provision is made in the estimates, differ considerably from the lists submitted separately by the Collector. Details have not been afforded for all the columns of the estimates and the calculations are not by any means clear. The Collector will be requested to rectify these defects in future estimates. Meanwhile, the allotments proposed by him will be accepted and distributed as far as this can be done on the information before Government.

ARCOT, SOUTH.

4. Provincial.—As pointed out by the Plague Commissioner, no provision is necessary under 24-D. Medical—Grants for Medical Purposes as Dr. Beit was not on plague duty.

Local.—The actuals given by the Collector include indirect charges. Direct charges alone should be shown against 24-D. Grants for Medical Purposes, indirect charges being shown separately. The establishment of a plague maistry at Porto Novo and two passport-issuing officials at Villupuram and Tindivanam will be included under "Supervisors of Camps and Gumastahs" and not against "Assistant Plague Inspectors."

The Collector's estimates under Local and Municipal are accepted.

BELLARY.

5. Provincial.—Provision for the Additional District Medical officer and for the plague clerk on Rs. 20 sanctioned for the Hadagalli taluk office, which have been omitted by the Collector, will be entered in the estimates. A sum of Rs. 400 will be provided under 3. Land Revenue for a Deputy Tahsildar proposed to be entertained at Alur.

Local and Municipal.—The establishments shown in the estimate differ considerably from those in the list originally furnished by the Collector.

CANARA, SOUTH.

6. Provincial.—An allotment of Rs. 100 will be provided under 3. Land Revenue to meet telegraph charges, the latest actuals as reported by the Collector being Rs. 63.

Local.—A provision of Rs. 100 will be made on account of the Sanitary Inspector on Rs. 20 *per mensem* reported by the Collector in his establishment list, but omitted from his estimates.

Municipal.—The amount shown as salary of the apothecary (Rs. 150) includes plague allowance, which should have been shown separately. No provision has been made for the pay of the two boatmen on Rs. 7½ reported in the list submitted by the Collector.

The estimates under Local and Municipal will be altered with reference to the foregoing remarks.

CHINGLEPUT.

7. Provincial.—The sum of Rs. 150 provided under 3. Land Revenue in G.O., No. 883, Financial, dated 13th October 1898, will be entered in the consolidated estimates under "Postage Charges."

Municipal.—Details for each item have not been specified by the Collector in columns 1 and 5 of the estimates. The pay of four pensioned sepoys (Rs. 20) shown against "Petty Carriage and Cooly Charges" will be transferred to "Ward Attendants and Servants." The entertainment of four pensioned sepoys for watching plague sheds has not been reported separately by the Collector.

COIMBATORE.

8. Provincial.—The Collector's estimates of Rs. 3,000 under 24-D. Grant for Medical Purposes and Rs. 642 under 20. Police will be accepted.

Local.—The entertainment of three gumastahs on Rs. 15, who are shown in the estimates, has not been separately reported by the Collector. The distribution of the pay of the 14 ward attendants is not clear; the establishment list submitted by the Collector shows five men only. The provision of Rs. 336 for compounders omitted by the Collector will be entered and the total estimate under Local raised from Rs. 7,791 to Rs. 8,127.

Municipal.—A sum of Rs. 37 is entered as the estimate for the current month against "Ward attendants and Servants," but according to the establishment list compiled from information received from the Collector the cost of these servants is Rs. 16 only. The estimates provide for two hospital assistants, while the entertainment of only one of the subordinates has been reported. The Collector's total estimate (Rs. 1,818) will be allowed to stand.

CUDDAPAH.

9. Provincial.—The amount (Rs. 100) provided for cost of serum will be omitted, and the allotment for disinfecting apparatus and medicines will be transferred to Local. Provision will also be made for a Medical officer and for a Staff Corps officer as recommended by the Plague Commissioner. The estimate for indirect charges will be accepted, but the Collector will report whether the peons of the Salt department employed under Inspectors and Supervisors are holding purely plague appointments.

Local.—The establishments provided in the estimate differ from those recently reported by the Collector.

Municipal.—The sum of Rs. 50 entered against "Hospital Assistants" includes allowances which should have been shown separately. Details of the plague allowance entered in column 3 as well as of the number of ward attendants and servants entertained should be furnished. The number and pay of the officers and servants entered under *Salaries* and *Establishment* should invariably be given.

GANJAM.

10. In spite of telegraphic requisitions from the Plague Commissioner, the Collector has not yet submitted the estimate for November in proper form, but has contented himself with forwarding a copy of the annual estimate submitted in September last. As recommended by the Plague Commissioner, the provision for the observation scheme at Kallikóta will be omitted.

Provincial.—The column "Grants already sanctioned" has not been correctly filled in for "Indirect Charges." In the detailed account under 24-D. Grants for Medical Purposes the allotments under the various heads have not been noted, and the estimates for the current and succeeding months have been left blank. The sum of Rs. 500 provided under disinfecting apparatus will be transferred to Local.

Local.—From the establishment list furnished by the Collector it would appear that a watcher on Rs. 3 was engaged from 1st August 1898, but the actuals in column 2 of the estimates show his pay for two months only. The provision (Rs. 2) for house-rent allowance is not understood.

Municipal.—The estimates for the current and succeeding months are placed at Rs. 86 each, while the estimate for the remainder of the official year is reckoned as Rs. 10,093. The Collector's estimate for the year will be reduced to Rs. 8,000.

GODAVARI.

11. Provincial.—It should be explained whether the Hospital Assistant at Bhadráchalam was deputed solely on plague duty.

Local.—The emoluments of the hospital assistant are shown as Rs. 48 in the estimate, while according to the establishment list furnished by the Collector they amount to Rs. 35 (Pay Rs. 25 and allowance Rs. 10). Provision will be made in the estimate for the scavenger employed by the Taluk Board of Cocanada.

Municipal.—The sum of Rs. 70 entered against the "Hospital Assistants" in columns 3 and 4 include their plague allowances, which should be shown separately.

KISTNA.

12. Provincial.—The Collector's estimates under 24-D. Grants for Medical Purposes (Rs. 6,187) and under 24-A. Medical establishment (Rs. 1,500) will be accepted.

Local.—In the detailed account the number and pay of the ward attendants and servants should have been furnished.

Municipal.—According to the lists submitted by the Collector, the establishment under "Servants" costs Rs. 21 *per mensem*, but in the estimates Rs. 26 are entered on this account. A plague allowance of Rs. 10 is shown in the establishment list, while the estimate provides for Rs. 5 only.

KURNOOL.

13. Provincial.—A sum of Rs. 5,300 will be allotted under 24-D. Grants for Medical Purposes to meet the cost of the additional Medical officer. Under 3. Land Revenue, provision is made for two clerks only, while the establishment list submitted by the Collector shows four clerks. A provision of Rs. 280 will be made under 15. Post Office to meet the cost of the four peons entertained. With reference to the Plague Commissioner's remarks, the Collector is requested to report what provision is necessary under 20. Police.

Local.—A compounder employed for the ambulance staff has not been reported by the Collector; and only 17 instead of 26 ward attendants and servants have been shown in the estimate.

Municipal.—The figures against "Plague Inspectors" and "Plague Circle Inspectors" should have been shown separately.

MADURA.

14. Provincial.—In view of the fact that no special plague measures are proposed to be carried out in the near future, the Collector's estimates of Rs. 4,700 and 3,600 under 3. Land Revenue and 20. Police will be reduced to Rs. 2,700 and 2,000, respectively.

Local.—The provision made under this head for the current month will be struck out and the Collector's estimate will be reduced to Rs. 15,110.

Municipal.—In comparison with the actuals and the estimates for the current and succeeding months, the estimates for the remainder of the official year are high. The total estimate under this head will be reduced to Rs. 9,000.

MALABAR.

15. Provincial.—As pointed out by the Plague Commissioner, the sum of Rs. 80 shown as the pay of a temporary clerk for the District Medical and Sanitary Officer should be entered under 24-A. Medical Establishment.

Local.—The total expenditure under this head is shown as Rs. 50, while the actuals up to 31st October 1898 as reported by the Accountant-General amounted to Rs. 623. It should be explained why no provision has been made against "Apothecaries" for the current and succeeding months. The provision of Rs. 10 against "Servants" is not understood. The pay of the Sanitary Inspector for the ambulance staff should have been stated.

Municipal.—The establishments included in the estimate differ considerably from those reported in the Collector's list. The estimate of Rs. 16 under house-rent allowance should be explained. No details have been furnished in columns 4 to 7.

NELLORE.

16. Provincial.—The sum of Rs. 200 provided under 3. Land Revenue will be retained and the Collector will be requested to furnish details for the amount.

Local.—For the reasons given by the Plague Commissioner, the Collector's estimate will be reduced by Rs. 1,000.

Municipal.—The plague allowance of Rs. 10 granted to a hospital assistant which is not shown in the Collector's estimate will be entered. The entertainment of hospital assistants, matrons, and nurses, and ward attendants and servants has not been reported separately by the Collector and the provisions on their account apparently relate to probable future expenditure. They will accordingly be excluded from the estimate for the current month.

THE NILGIRIS.

17. Provincial.—The original allotment of Rs. 2,500 provided under 24-D. Grants for Medical Purposes will be reduced to Rs. 1,950 by the omission of the provisions amounting to Rs. 550 for "cost of serum for inoculation," "Medical instruments" and "Disinfecting apparatus" which will be met from Local. The Collector will be requested to furnish details for the amount (Rs. 135) shown under 3. Land Revenue. The entertainment of the clerk on Rs. 45 shown under 24-A. Medical establishment has not been reported separately.

Local.—The Collector's estimate which alters the original grant under several sub-heads without affecting the total grant will be accepted. The necessity for the provision for house-rent should be explained.

Municipal.—The figures for the Coonoor and Ootacamund Municipalities need not be shown separately. Pony and warm clothing allowances should have been included in the pay of the subordinates concerned. The provisions of Rs. 9 and Rs. 11 in column 3 against "Plague Inspector" and "Assistant Plague Inspectors" are not understood.

SALEM.

18. Provincial.—The allotment proposed for disinfecting apparatus will be transferred to Local and the "cost of serum for inoculation" will be omitted as suggested by the Plague Commissioner. The estimate under 24-D. Medical Grants for Medical Purposes will then stand at Rs. 16,070. The provision proposed by the Collector under other heads will be accepted.

Local.—The estimate provides for four hospital assistants at the Jalarpet inspection, but in his printed list of establishment the Collector shows three only of these subordinates. The estimate will stand at Rs. 48,595 after the addition for disinfecting apparatus.

Municipal.—The establishment list recently submitted by the Collector shows considerable variations when compared with the scale entered in the estimate. The Plague Commissioner considers that in view of possible future expenditure the estimate as now submitted, though apparently high, may be allowed to stand.

TANJORE.

19. Provincial.—As recommended by the Plague Commissioner, the allotment of Rs. 5,000 will be excluded from the estimates.

The provision of Rs. 500 for "Medical Instruments" and "Disinfecting Apparatus" will be transferred to Local.

Local.—The Collector's present estimate, which alters the original grant under some sub-heads without affecting the total grant, will, with the foregoing addition, be accepted.

Municipal.—According to the establishment list furnished by the Collector the pay of the three hospital assistants is Rs. 75 *per mensem*. The provision of Rs. 85 entered in the estimate is not understood. The sanctioned estimate of Rs. 650 for "Other subordinate officers at plague camps and inspection stations" should be distributed among the several sub-heads. An allowance of Rs. 15 to a matron is shown in the establishment list, while the estimate provides a sum of Rs. 65 for this item. Similarly the pay of the ward attendants and servants amounts to Rs 38, while Rs. 20 only is entered in the estimate.

TINNEVELLY.

20. Provincial.—As recommended by the Plague Commissioner, the provision for postage will be reduced from Rs. 100 to Rs. 25.

Local.—The Collector's apportionment of the moiety of the establishment charges at the port of Tuticorin equally between Local and Municipal funds is correct.

Municipal.—Details have not been furnished in each column against "Other subordinate officers at plague camps and inspection stations." A matron on Rs. 50 is entered in the establishment list submitted by the Collector, but no provision has been made in the estimate on this account.

A sum of Rs. 1,050 has now been included in the estimates for November under each of the heads Local and Municipal for contributions towards the plague expenditure incurred at the port of Tuticorin. With reference to the Collector's letter, Ref. on C. No. 1633, dated 8th November 1898, lines 4 to 6 of paragraph 4 of G.O., No. 576, Financial, dated 4th July 1898, will be modified as follows:—

For—

"(as regards expenditure from and after 1st April 1898) re-distributed among the several districts of the Presidency in the proportions indicated in G.O., No. 547, dated 18th June 1898."

Read—

"The portion of the Local expenditure from and after 1st April 1898 will be distributed, if necessary, among the several districts of the Presidency in the proportions indicated in G.O., No. 547, dated 18th June 1898.

TRICHINOPOLY.

21. Provincial.—In view of the remarks of the Plague Commissioner, the provision of Rs. 8,000 originally made under 21-D. Grants for Medical Purposes will be reduced to Rs. 1,000. An allotment of Rs. 1,000 will be provided as contribution to private hospitals with reference to G.O., No. 1245-P., dated 5th October 1898. The total estimate will then stand at Rs. 2,000.

Local.—As pointed out by the Plague Commissioner, full explanations for the necessity for the allotments should have been given. The Collector's estimate will be adopted pending receipt of an explanation as to its necessity.

Municipal.—Details of the lump sums shown against "Other subordinate officers at plague camps and inspection stations should be given. The pay of the officers and servants comprised under this head amounts to Rs. 97 *per mensem* according to the establishment list submitted by the Collector, against provisions of Rs. 323 and 271 respectively in the estimate for the current and succeeding months.

VIZAGAPATAM.

22. A copy of the estimate was received direct from the Collector, while duplicate was received through the Plague Commissioner. It will suffice in future if the estimate is submitted through the Plague Commissioner.

Provincial.—The sum of Rs. 2,000 provided under 21-*D*. Grants for Medical Purposes in G.O., No. 883, Financial, dated 13th October 1898, has not been entered in the estimate. The allotment will stand and the details will be entered in the estimate. As the actual expenditure up to 31st August 1898 under 20-*A*. Police amounted to Rs. 240, an allotment of Rs. 600 will be made.

Local.—A lump sum of Rs. 5,000 is entered. Details should be furnished. No estimate has been framed under this head for the current or the succeeding month.

Municipal.—The Collector's estimate will be accepted. The sum of Rs. 1,000 shown as "Reserve" has been distributed among other items.

General.

23. The estimates revised with reference to the foregoing remarks are printed in the appendices to these proceedings. They compare as shown below with the estimates dealt with in G.O., No. 883, Financial, dated 13th October 1898:—

—		G.O., No. 883, Financial, dated 13th October 1898.	Present estimate.
PROVINCIAL.		Rs.	Rs.
Direct ..	Presidency Town	92,300	*
	Mufassal	97,110	1,44,644
	Total ..	1,89,410	1,44,644
Indirect ..	Presidency Town	7,700	*
	Mufassal	88,314	52,684
	Total ..	96,014	52,684
Local		3,90,380	4,59,157
Municipal ..	Presidency Town	61,818	*
	Mufassal	1,27,518	1,30,022
	Total ..	1,89,336	1,30,022
Grand Total ..	Presidency Town	1,61,818	*
	Mufassal	7,03,322	7,86,507

* Not received.

In the absence of the estimates for the Presidency Town it is not practicable to decide whether any re-appropriations beyond those specified in paragraphs 29 and 30 of G.O., No. 883, Financial, dated 13th October 1898, are required to cover the direct provincial expenditure. The attention of the Surgeon-General is drawn to paragraph 31 of the same proceedings in regard to the provision under 24-*A*. Medical Establishments.

24. The attention of all officers concerned will be specially drawn to the following points with reference to the form of the estimates, many of which have, as indicated above, reached Government in an incomplete state:—

(*a*) *Column* 1.—The grants sanctioned by Government in its latest proceedings should be entered.

(*b*) *Column* 2.—The figures should correspond with those reported by Collectors and Presidents of district boards to the Accountant-General.

(*c*) As in the Civil Budget Estimates, the number and pay of officers and establishment should be clearly shown.

(*d*) In calculating the estimates for the current and succeeding months, details together with complete explanations of *Salaries* and *Establishments* should be given in the explanatory remarks on the facing page wherever there are differences between the establishments already reported and those for which the estimate provides.

(*e*) *Direct* and *Indirect* charges should invariably be shown separately.

25. In the case of some districts, the portion of the expenditure to be borne on account of other districts rateably to their receipts as worked out in Appendix B to G.O., No. 883, Financial, dated 13th October 1898, has been included in the expenditure under Local. The attention of Collectors is drawn to paragraph 10 of that order where it has been laid down that estimates should provide for gross expenditure. Credit for the contributions can be taken as subsequently advised by the Accountant-General.

26. A provision of Rs. 1,000 has been allotted for the Trichinopoly district as a contribution for the construction of private hospitals. In order to meet probable demands in other districts, a lump allotment of Rs. 50,000 will be entered.

Plague Commissioner's Office,

Dated 189

Memorandum.

The attention of all Collrs is invited to para 3 of G.O. No 868 Fin. dy 11-10-98, and they are requested to submit, on the revised form prescribed therein, the plague estimates so as to reach the Plague Comrs office on or before the 5th November next. The estimates should cover all charges, both direct and indirect (G.O. No 899 Fin dy 19-10-98).

To all Collectors

Note Only 7 Collectors have submitted the monthly estimates for Oct. Perhaps the other Collrs have submitted them to the Actg. or Bd of Govt. The estimates already received are in the old form & may be recorded

Actg
27/10/98

Clos. 1147

Amounts per Plague Estimate

[redacted]

Forwarded to the Financial Dept
with the following remarks:-
24 D. Local. Details of the
establishments should have been
given to enable the Estimates under
the several items being checked.
The figures entered in Col 6 opposite
the following items seem too low
when compared with those entered
in Cols 3 & 4

Apothecaries
Plague Inspectors &c
The estimates in the several columns
on account of 'Plague allowance'
'Nurses'
'Compounders'
'[redacted] allowance'
'Medicines'
'Furniture'
[redacted] and
I think it is not clear why there should
be expenditure under 'Compounders', 'General expenses',
Shorty and Barber's Charges, only in
the months of November & December
but not in the other months of the
year. The Collr is requested to
explain why. There has been
Plague

Collector's letter No: 587 Dy 17-11-98
reporting on the Several points noticed
rec'd on 20-11-98 & forwarded to
the Financial Dept on 21-11-98 with the
following note: =

=

plague in the Anantapur Dt
since the middle of August last
but the ~~actuals~~ estimate
shows no actuals expenditure up
to date under the headings
"Diet of patients" and "Bedding
and clothing". ~~The Collr's~~
~~requisition~~ The estimate requires
further scrutiny and revision. The
necessity for the proposed expenditure
of Rs 3,000 in the current month &
Rs 10,000 in Dec & Rs 13,000 in the
remaining months of the year requires
full explanation.

Similar remarks apply to
the estimate under Municipal.
19 A(1). The Collr's proposal is
to appoint ~~1 Asst~~ 2 Deputy Tahsildars
for plague work. His pay should
be on the scale of Rs 25-2-35
24 A. The estimate under this head
does not seem correct. It shows
no expenditure up to date & none
is proposed after December.

To A. D. with estimate
in original
To M Collr of Anantapur
for early reply to the
points noted.

Dy. 10/11/98

The Collr. is requested to look
himself into this estimate and
explain & revise it when necessary.

C. Pub. 1024/15

Forwarded to the Financial Dept
with the following remarks

24- P. Provincial

No provision seems necessary
under this head for the present.
The Asst. Salary and allowances
apparently come under 24-A.
He was Offg a S. Off a Asst on Plague duty

25- Local.

The Collr will be
requested to necessity for the
provision for

1 Hospital Asst on Rs 35
1 Plague Dresser on Rs 15
1 Sweeper Rs 5
9 Servants
2 Nurses on Rs 165 each
1 Compounder on Rs 10

Similar provision also exists
under Municipal. If the Collr
considers that a complete
ambulance staff should be
provided for, provision seems necessary
also for a Hospital Assistant
and one Sanitary Insp: and
for sheds for segregation and
hospital purposes = 1

The actual cost of
Establishment up to date is
only

The Colls of Customs for early reply to the points noted.

Despd 7/11/98

Calcutta 1923

Building Rangoon Lunatic

Forwarded the Financial Depts with the following remarks:-

24-A- Provincial

The provision of Rs 5,000 on account of Add'l Medical Officers seems properly debitable to 24 A.

Do Local. The Colls should have furnished details of the provision of Rs 39,200 under Petty Construction and Repairs as directed in para 7 of G.O. No 883 Fin dt 13-10-98. He is now reported to do so and also to forward a distribution Statement of Showing how 90 pens, 27 Dispensers & menials 6 servants, 9 Ward attendants and 14 Storekeepers have been distributed. The necessity for the provision of Rs 4100 under the heading "disinfecting apparatus for the last 3 months of the year should be explained, as the estimated expenditure for that Dec is only 400

Do. Municipal

It should be stated why the

the provision made under this head in the previous estimate has been omitted.

24 P. Medical. The Ch. Clk is requested to explain under what the three clerks entered under this head are working. If they are all under the D. M. O. the necessity for this establishment continuance should be explained especially as the passport work has now been transferred to the Civil Surgeon

		Office expenses	
		Miscellaneous	
		Total Provincial	

(a) The difference between column 1 and the sum of columns 2 and 3.

(b) The sum of columns 2, 3 and 5.

EXPLANATORY REMARKS.

(a) Telegraph charges amounting to Rs 63 + charges for carriage of plague passport forms amounting to annas two were incurred during October in this office and in the office of the Tahsildar of Coondapur. As there is a doubt if these charges should be included in the statement as indirect charges, they have not been shown in it. If they should be shown they may be shown under 3 Land Revenue Telegraph charges + 30 (c) Stationery + printing respectively.

(b) It is proposed to establish stations on the frontiers for carrying out Original Muffassal Reg. 29. But it is not possible to estimate the charges on that account till the estimates called for are received.

(c) These amounts are those sanctioned in G.O. No. 883, Financial, dated 13th Oct. 1898. The Dt Board promises to make provision for the sanctioned amount at the earliest opportunity, while the Municipality has already provided Rs 3000 i.e, Rs 100 more than the sanctioned amount.

(a) The difference between column 1 and the sum of columns 2 and 3.

(b) The sum of columns 2, 3 and 5.

Explanatory Remarks.

(d) Recovery of Rs 36 is reported to have been taken in abatement of charges.

(e) The reduced provision for November is due to the fact of Mr. Gascoyne, Apothecary on plague duty at the port of Mangalore having been relieved from 18th October owing to certain irregularities committed by him. His place is now taken temporarily by an Hospital Assistant on Rs 35.

(f) The reduced estimate under this head is said to be based on the monthly actuals.

Before no. 1062 of 1909-11-28

Read Estimate of Plague Charges for Nov 08 from the Collector of Chingleput

Chingleput

Chingleput plague Estimate forwarded 27th Sept with the following remarks

3. Land Rev

The figure The sum of Rs 150. sanctioned in G.O. No 883 Fi dy 13-10-08 should not have been omitted from Col 4 until its exclusion had been approved by Govt. As it is a provision for additional charges on account of postage and telegrams, it would seem that it should stand, being an indirect charge under Land Rev.

24-D. Local & Municipal.

The Collr will be requested to give details for the items of Rs 120 & 11 entered under "Plague allowance".

As plague may appear in the dist at any moment, the Collr will consider whether provision should not be made in the next monthly estimate for a complete ambulance staff and for at least one Medical Officer, and whether necessary help for Medical Officer, and whether this can be done by utilising existing establishments.

Sir

Reports the Current & send to G.C. today in an urgent pad.

7/11

D/ today

W 2/ 7/11

Replied in C.No. 1149

I do not see any use in Estimates for an ambulance staff unless it is intended to start one. We need not have an extra Medical Officer. If plague appears at Conjeeveram we should have New Hospitals & staff and if necessary help for Medical Officer, and whether this can be done by utilising existing establishments.

4-11-09

larger amount will not be required for hospital and segregation sheds, both private & public.

Combating Plague Estimate

Forwarded to the Financial Dept with the following remarks

24 D. Provincial

The authority for granting plague allowance to the Asst Surgeon at the rate of Rs 100 a month should be reported by the Coll:

24 D. Local

The grant sanctioned in G.O. No 843 Fin dt 13-10-98 is Rs 5420 and not Rs 7791 as entered by the Coll: in Col 1 of the Estimate

The Coll: has, in a separate Communication suggested that the Dt be placed under observation & has submitted an observation scheme for approval, but has not made any provision for the addl charges on account of the observation and ambulance staffs, the hospital and segregation accommodation, equipment &c which this scheme would entail. The omission may be supplied in the next monthly estimate, which should also contain provision for the salary

~~and allowance of the Inspr~~
~~Medical Officer~~.

No additional medical officer is to be paid or for a year

24 D. Medical Establishment.

The grant issued under this head vide G.O. No 893 dt 4/13 to Oct is only Rs 900 and not Rs 2044 as shown by the Collr. The outlay of Rs 1144 under House rent for the current month requires explanation, as the actuals up to the end of last month amounted to only Rs 8. The ~~Collr~~ details should have been furnished for an regard to the matter and the rate of salary of the new servants.

20 Police. The details of the entire police already employed and those likely to be required in connection with the working of the obsn scheme should be furnished

3/viii/98

Subject.

Plague — Forwarding estimate of charges for November 1898 for the District of Coimbatore.

Copy of the Proceedings of the Madras Government, Public Department, No. 467, dated the 28th April 1897.

Read the following papers:-

From the Government of India, Home Department (Medical) dated 21st April 1897, No. 33.

I am directed to state that with a view to lessen the strain that is imposed on the Medical Services in India, owing to the numbers of Medical officers required in connection with the famine and plague, the Government of India sanction the appointment of retired Military Assistant Surgeons for plague and famine duty, on the condition that they are able to present a medical certificate of physical fitness. The appointments should in the first place be made for periods not exceeding six months.

2. The officers appointed may receive the pay of their grade at the time of retirement with an allowance of Rs 100 a month provided that their salary, inclusive of pension, shall not, as a rule, exceed a

Coimbatore Collector's office
22nd November 1898.

Plague

Dis No 3684/Rev of 98.

From

J. A. Cumming Esq.
Acting Collector of
Coimbatore,

To

The Plague Commissioner,
Government Office
Fort Saint George.

Sir,

With reference to your Proceedings
Reference C. No 1025 of 1898, dated the
7th Current, I have the honour to reply
as follows:—

24 D. Provincial

The authority for the grant
to the Assistant Surgeon of the Plague
allowance of Rs 100 per mensem
is G. O. No 467 Public, dated
28th April 1897,

on maximum of Rs 350 a month. Local
Governments and Administrations are,
however, authorized to raise this limit
to Rs 500 a month in especial cases.

Proceedings communicated to the
Surgeon-General for information and
guidance.

(True Copy)

W. H. Elliot
Surgeon-Captain,
Secretary, Surgeon General
to the Government of Madras.

(True Copy)

Jn Collector

C.V.
16/11/98

28th April 1897, a copy of which is sent herewith

24 D. Local

The sum of Rs 5,420 is the grant sanctioned vi G. O. No 883, Financial, dated 13th October 1898. It is the gross amount (i.e. four times what was entered) vi the estimate submitted from this office for August last and adopted by Government, with the observation that under 'Provincial' a sum of Rs 2,700 would be provided, being the pay and allowances of the retired Military Assistant Surgeon on plague duty at Podanur wrongly debited to 'Local' by me.

Increased outlay in Connection

Connection with plague having been anticipated vi the preceding months of September, October and November, additional allotments to meet the same were, at my instance, sanctioned by the District Board vi September and October, and these allotments were included by me vi the estimate for November, as vi doing so I believed that I was complying with the instructions vi para 33 of the above quoted G. O. Hence the difference.

24 D. Municipal

As in the case of Local, the sum of Rs 2,044 includes allotments sanctioned by the Municipal Council of Coimbatore and

and March subsequent to the submission of my estimate for August, in addition to the Rs 90 entered therein and adopted by Government.

A Sum of Rs 90 was sanctioned by the Coimbatore Municipal Council for payment of house rent on behalf of the Hospital Assistant employed for inspection at the Railway station of passengers arriving from infected parts, issue of passports and subsequent daily examination of the passengers for 10 days. The Hospital assistant not having succeeded in getting a house on rent and having represented the difficulty and inconvenience he was put to in the discharge of his work for want of accommodation near the scene of it, the Municipal Council is building a thatched residence for him in my office Compound close to the Railway station. The Sum of Rs 8 in October is the amount advanced for the thatched residence out of the above mentioned 90 Rs and the 82 Rs entered in the estimate for November represents the remaining balance likely to be paid for it on its completion. If the classification of the charge by the Municipal Council is not appropriate it may together with the allotment, Rs 90, be transferred

transferred and shewn in Columns 2 and 3 opposite 'Petty Construction and Repairs'.

Details as regards the number and the rate of salary of the Wards' servants were not given as it has not yet been found necessary to employ such servants in either Erode or Karur Municipal Town though the estimates received from the Chairmen of both the Towns provided in the former case Rs 100 and in the latter Rs 50 for the whole year on account of servants, and though the Erode Municipal Chairman only has been wisely revising Columns 3, 4, 6 and 7 of his monthly estimates. The particulars are however as under:-

Coimbatore Municipality

	Rs
2 peons at 6 Rs each —	12
1 Cook —	7
1 Male ward Attendant —	6
1 Female Do —	4
	29

Erode Municipality.

	Rs
2 ward servants at Rs 4 each -	8
	Rs 37

Karur Municipality

	Rs
1 ward attendant —	4

which is entered neither in the Column "Estimate for the Current month" nor in that headed "Estimate for the Succeeding Month" but only in Columns 6 and 7.

The details of the extra Police already

already employed are subjoined.
Those likely to be required in connection with the working of the observation scheme will be furnished later on.

Podanur Railway Inspection Station.

	Rs
1 Constable at 8 Rs —	8
3 Constables at 7 Rs each	21
	29.

Swasaumdram Inspection Station

2 Constables at 8 Rs + allowance Re 1 each —	18

Kollegal Inspection Station.

1 Constable pay Rs 8 + allowance Re 1 —	9
1 do at Rs 7 + 1 —	8
	17

Haraipalaiyam Inspection Station

	Rs
2 Constables at Rs 7 + 3 each	20.
2 do at Rs 8 each —	16
	36
Carried over	100

Brought forward Rs 100

Talavadi Inspection Station.

2 Constables at Rs 7 + Rs 2 each —	18
	Rs 118

It appears that at the Constables at some of the Stations are changed once a week or so; but I have requested the Superintendent of Police that whenever the men employed on plague duty are withdrawn or transferred, men of the same grade and rate of pay may be substituted so that the figures of my estimate may not be vitiated.

I have the honour to be,
Sir,
Your most obedient servant

Fir[illegible] Collector.

Ganjam Collector's office

Dated Camp Ghadapudi 9th November 98.

From

H. D. Taylor, Esquire, I. C. S.,

Acting Collector of Ganjam

To

The Plague Commissioner

Madras.

Sir,

With reference to your telegram of the 7th instant, I have the honour to state that the figures in Column 7 of the monthly estimate for November have been adopted from those approved by Government in Government Order, No. 883, Financial, dated 13th October 1898 and that those shewn in Column 6 represent the differences between those shewn in Column 7 and the sums of those shewn in Columns 2, 3 and 4. I forward herewith a copy of my annual estimate which furnishes the necessary details. You will observe that the main expenditure budgetted for in this District is on account of the Inspection Station at Khallikote Road, and the preventive staff in connection with observation circles along the Northern Frontier, in order to prevent ingress of plague into this District from Calcutta.

As Calcutta has now been declared free of plague, I request that you will inform me whether

whether provision for from these charges may be omitted from future estimates. As the items were included under the orders of Government, I do not feel justified in Striking them out (however problematical the expenditure may be) without the permission of Government.

2. Necessary alterations will be made in the future monthly estimates with reference to paragraph 33 of the Government Order above referred to.

I have the honor to be

Plague Estimate

—

~~Summary~~.

Forwarded to the Financial Dept with the following remarks.

Summary. The grants sanctioned by Government should be entered in Col 1 of the Estimate.

24. D. Provincial

The pay and allowances of the Asst medical officers seem debitable to 24-A. The Coll: is requested to report whether the services of these officers are absolutely necessary & whether they can not be dispensed with when emergency arises for duty in the Dists.

24-D. Local Of the pay of the apothecary is Rs 150, it is not understood why provision is made for the current and subsequent months at the rate of Rs 100 a month.

The boarding allowance sanctioned vide G.O. No 455 P. dd 9-5-08 applies only to nurses actually employed on plague duty

employed in actual plague duty viz duty attendance on plague patients, etc accompanying search parties &c.

The purposes for which Rs 622 is required for the last 3 months of the year under "Petty Construction and repairs" should be stated. It is not likely that this amount is likely to be spent.

20. Police. Provision for the Police employed on plague duty in Khanool seems necessary as the D.I. of Police has applied to Govt for sanction to increase the force by the number of men sent for plague work.

Nellore.

To The Plague Commissioner,
Madras

Dated 6th November 1898

No. 1731
Emg

P. C.
7 - NOV. 1898

Subject.

Submitting monthly statement showing grants already sanctioned and those now required for Plague charges in the District of Nellore for the year 1898-99.

Chs. 1020

Bilgrim Plague Estimate

Summary. Col 1 should give the grants as sanctioned by Govt and not as proposed & the Revised by the Colls. For the latter, col 7 is the proper place.

24 D. Provincial

A provision of Rs 1750 has been entered on account of "Superior officers with preventive Establishments". The necessity for these officers and their duties should be explained. The provision for serum may be omitted, and that on account of medical instruments and disinfecting apparatus transferred to Local.

24 D Local

The Colls will be requested to specify the duties for which a nurse on Rs 20 is said to have been employed. European or Eurasian nurses are not likely to be obtained for plague duty for less than Rs 100 a month.

Presumably it is allowance to any nurse already paid from other sources.

24 A. ~~The necessity for the~~ provision

It should be reported whether the amount provided under this head is likely to be spent.

Ref No 652/P.C

Salem Collector's office
12th November 1898

From R.B. Clegg Esq
Acting Collector of
Salem.

To
The Magnr Commissioner
Fort Saint George
Madras.

Sir,

With reference to your Proceedings Report No C. 1056. P. dated 8th instant, I have the honour to report that in my letter No 413 dated 17th October last, I stated inter-alia, that the work of supervising the arrangements in the Jolarpet camp could not be efficiently performed by the Medical officer or Assistant Surgeon who had enough work on the platform, that in anticipation I was deputing an officer of the deputy Tahsildar's grade

as

as camp Superintendent and requested formal sanction (vide para 7) and my proposals were sanctioned in para 2 of your Proceedings No 221 dated 18 Octo-ber 1898. The appointment since of ~~Senior~~ Second Medical officer instead of the assistant Sur-geon, has not altered the po-sition. I deputed the then acting deputy Tahsildar of Karur for the work. Within a few days of his joining he fell ill and I have now sent another officer. The pay of the Superin-tendent is fixed at Rs 80. I request that the appoint-ment may be sanctioned. I may add here that under additional Mufassal Regulation 27, it seems, the Collector can appoint camp Superintendents. 24. A. Medical Though the Dt Medical and Sanitary

officer has no objection to super-vise the working of the pass-port system, I think it desira-able to transfer the work to my own office. It will save correspondence between myself and the Dt Medical and Sanitary officer, and perhaps ensure better supervision on the part of Tahsildars and sub-ordinates. An extra clerk on Rs 20, will have to be appointed in my office instead of the Dt Medical and Sanitary officer's office as the additional work cannot be efficiently performed by the General Establishment without aid. I request therefore that you will be good enough to sanc-tion the appointment of a clerk on Rs 20 in my office.

2. Police: The sum of Rs 2350 originally proposed in the Plague Budget for September and adopted in Government Order No 883 Financial dated 13.10.98, was calculated with reference to the establishment then employed on plague duty as follows:—

At Jalarpet for platform duty.

One Inspector on Rs 100.	
One Head Constable " 20	
Two Constables on Rs 8 each	16
10 Constables on Rs 7 each	70

—do— for guarding Camps

2 Constables on Rs 8 each	16
10 Constables on Rs 7 each	70

At Hosur.

4 Constables on Rs 8 each	32
8 —do— on Rs 7 -	56

(Seven for road frontier stations and 5 for cordon & guard purposes)

Total cost per mensem	380
—do— for 6 months: 380 × 6:	2,280
Add estimated cost in September being the pay of the Police Establishment at Jalarpet for the last week in August 98	70

Total cost for the year as made up Rs. 2350

With reference to the subsequent order of Government that expenditure on account of existing establishments merely transferred to Plague duty should not be treated as indirect charges, the cost of the establishment detailed for Jalarpet and the frontier stations was not included in the statement of actuals furnished by my Treasury Deputy Collector as it was not billed for separately and it was not shown in column 2 under actuals in the Plague Budget for November 1898.

A sum of Rs 170- was however provided in Columns 3 and 4 in the Budget for November 98, towards 24- ~~Increase~~ additional constables,

the

the balance of the grant being retained for the rest of the year.

The Superintendent of Police has since reported that there are no Police paid for under the Plague Regulations and that the Inspector General has pending the launching of Government transferred one Head-Constable, & 24 constables for plague duty from the Bellary District. In the next Budget the provision will, if necessary, be revised in communication with the Superintendent of Police.

I have the honour to be,
Sir,
Your most obedient servant

Rowe Salem
for a/Collector.

Salem Plague Estimate

—

Forwarded to the Financial Dept with the following remarks.

24 D. ~~Medical~~ Provincial

The salary and allowances of the Addl medical officer & his establt seem debitable to 24 D. and not to this head.

No provision is necessary at present for the purchase of the plague serum, as the it is supplied free.

The Charges on account of disinfection and disinfecting apparatus are debitable to Local.

24 D. Local. The Collr will be requested to quote the sanction under which a hospt on Rs80 has been appointed for the Jalarpet Camp, ~~and to report~~ whether his duties cannot be performed by one of the Hospital assistants attached to the Camp.

24. D. Municipal

The necessity for making a

If asst Plague Commr believes the appt was made under his personal orders to appointment shd be finally referred for sanction now and to necessity for it explained

a provision of Rs ~~4700~~ 6800 for the current and subsequent months of the year when the actual expenditure up to date is only Rs 750 ~~should have been explained~~ is not clear. However priority expenditure may increase and the amount may stand.

24 A As the passport work has been transferred to the Collr, the additional Clerk sanctd for the D.C's & S.O may perhaps be seems now unnecessary.

20 Police. The details of the provision under this head should have been furnished. ~~The Collr~~ According to Col 2 of the estimate no expenditure has yet been incurred. This requires explanation as there have been policies on plague duty at the Jalarpet inspection station and probably also at the road frontier stations.

Lang 7/11/98

To The Financial Dept with Estimate

To The Collr of Salem for early reply to the points noticed.

Desptd 8/11/98

Chas 11&12

Jangir Plague Estimate

Forwarded to the Financial Dept with the following remarks.

24 D - Inocul

It is not likely that the grant under this head will be required. The charges on account of inoculation, disinfection and medical instrument seem debitable to local and municipal funds. As regards serum, it is at present supplied free, but provision on account of inoculation syringes is necessary, and the Sanitary Const is requested to report what amount has been spent up to date & will be required hereafter on account of this charge.

Cost of marine Guards

The provision under this head seems hardly necessary.

General. The Collr's estimate relates to October probably the same holds good for November also.

Lang 8/11/98

Tuineally Plague Estimate

Rec'd card 1069

Plague Estimate for November 98 received from the Collector of Tuineally with his No ——.

Forwarded to the Fin Dept with the following remarks

Summary. Col 1 should give the grants as sanctioned by Government and not as proposed to be revised by the Collr

24 D. Municipal. The provision for Postage may be reduced to Rs 25.

24 D. Local. It seems doubtful whether the Government intended that half the cost of the Establt referred to in G.O. No 576 Fin dy 4-7-98 should be charged equally to the Local and Municipal Funds of the Dt

24 D. Municipal.

The proposed expenditure of Rs 2229 under "Petty Construction and Repairs", of Rs 630 under "Medicines and instruments" & of Rs 500 under "other Hospital necessaries" requires the Collr's explanation. ~~The Charges~~ ~~Cannot be made~~ ~~is not~~ ~~under what authority~~ ~~proposed~~ ~~is taking this expenditure~~. ~~The~~ ~~Collr~~ requests to refer under what authority the proposed expenditure is to be met.

Plague Estimate from Trichinopoly

—

Forwarded to the Sec Dept with the following remarks

24 D. Provincial. It is doubtful whether the provision under this head will actually be required.

24 D. Local. Full explanation should have been given stating the necessity for the allotments for the several items under this head. ~~The Chairman Co~~ No proposals involving any large expenditure have yet reached the Chairman's Cons. ~~and probably no separate portion of the provision of Rs 950 will remain unspent~~

24 D. Municipal

Here also the provision seems excessive & the Collr has not given details of establishment employed & proposed to be employed. In the next estimate the Collr is requested to provide for actual requirements.

As regards contributions to private hospitals, the Collr will be requested to open a new sub-head under

The provision for the succeeding months is almost certain not to be spent & it is not likely that such a large sum as Rs 950 will be required before the close of the year.

under 24-D. Medical. Principal.
The Contributions will be made whether
new sheds are constructed or whether
existing buildings are rented.

Vizagapatam Nagar Estimate

Forwarded to the Financial Dept with the following papers:—

24 D. Provincial.

The grant of Rs 2000 sanctd in T.P. No 883 Fin dy 13-10-98 should have been shown in Col 1 of the Estimate. If it was is not required, the reason should be stated.

24 D. Local.

The Collr will be requested to report when submitting the next estimate whether the provision of Rs 5,000 sanctd by Govt is likely to be utilised.

24 D. Municipal

Only the sanctioned grant of Rs 5,000 should have been shown ~~in this section~~ in Col 1 of the Estimate. If a sum of Rs 1,000 is considered necessary, it should be distributed among the proper items.

The Rs 10786 shown in the Estl of Rs 10786 should be added to contribution of Rs 16,060 mentioned in para 25 of G.O. No 883 Fin. dy 13-10-98
