PROCEEDINGS OF THE PLAGUE COMMISSIONER.

READ—the following papers:—

From the Hon'ble Mr. A. WINGATE, C.I.E., I.C.S., Acting Chief Secretary to the Government of Bombay, General Department (Plague), to the Secretary to the Government of Madras, Local and Municipal Department, dated Bombay Castle, 30th November 1898, No. 6634—P.

I am directed to forward the accompanying copy of a letter from the Supervising Medical Officer, Railway Medical Inspection, Bombay Presidency, No. 220-R., dated 28th instant, requesting that he may be allowed to visit places beyond the frontier within easy reach to acquaint himself with the regulations in force and be exempted from all restrictions against booking or travelling that may be in existence on the railway line running through the area under the control of the Government of Madras, and to state that His Excellency the Governor in Council would deem it a favour if Captain Jennings' request can be complied with.

ENCLOSURE.

From Captain W. E. JENNINGS, M.B., C.M., I.M.S., Supervising Medical Officer, Railway Medical Inspection, No. 220-R., dated the 28th November 1898.

I have the honour to state that I have been given to understand that very strict regulations for the medical examination of railway passengers exist at places beyond the frontiers of this Presidency on the systems of the Railways of this Presidency especially on the Southern Mahāratta Line and on the north-eastern and south-western branches of the Great Indian Peninsular Railway Line.

2. As a knowledge of the actual regulations in force at these places might afford very material assistance in regulating the inspections within this Presidency, it would be desirable for me to pay periodical visits while on tour to places within easy reach of my own circuit to ascertain from time to time what rules may be in force at those places.

3. I would therefore request that the Chief Commissioner of the Central Provinces, the Resident at Hyderabad, the Plague Commissioner of Madras and the Resident in Mysore be requested to permit me to visit inspection stations under their control with the object of acquainting myself with the rules in force from time to time and to exempt me while on such flying visits from any of the restrictions against booking or travelling which may exist, so that I may not be occasioned any delay at any place while travelling, whereby my fixed programmes may be upset.

No. 281 P.

Transferred to the Plague Commissioner for necessary action.

H. TREMENHEERE,
13th December 1898. Secretary to Government.

From the Plague Commissioner to the Government of Madras, to the Chief Secretary to the Government of Bombay, General Department (Plague), No. 932, dated 17th December 1898.

In reply to your letter No. 6634 P., dated 30th November 1898, to the Secretary to the Government of Madras, I have the honour to state that instructions are being issued to enable Captain Jennings and his servants to pass through this Presidency without restriction on production of this letter. It is suggested that he should bring with him no servants who have not been inoculated. Passengers from infected areas who have not been inoculated are required to take out passports under Regulation 5 (b), page 31 of the Madras Plague Regulations and Rules, and Regulation 17, pages 14—17, but I am prepared to exempt any uninoculated servants Captain Jennings may bring with him from this obligation on the understanding that he will kindly undertake to examine them himself every day and report at once to the local authorities if they are sick.

NOTE FOR THE

Plague Com^{rs}

The request may be
Complied with, subject to the
Conditions mentioned in para
1 of S. C. S. Order No. 91

From Mr. Hamrick's letter

I am inclined to think
that he contemplated dis-
infection of all coming
from infected area, &
that he will have disinfectants
even inoculated persons.
I think he should be careful.

Capt Jennings himself
may pass without risk,
but it would be desirable
that he should bring some
but a inoculated
servants. If he does
this, he will have no
trouble in this Presidency.
(provided the rule re
infectious is relaxed
as suggested). P.T.O.
