Copy of Letter No 529 ^{C. No. 2074} from the Medical Officer
30.11.98
in charge of the inspection Station Hospital
to the Collector of Bellary

With reference to your letter No 8831^d dated
24th November 98, I have the honor to state
that since the first two indents 40 articles
of furniture have been purchased for the
Camp without previous sanction of Government.
The articles of furniture now in question
amounting in value to Rs 68-0-0 only, for
which an indent in duplicate is herewith
submitted were obtained on a general indent
along with other articles and are now disallowed
for want of previous sanction by Government.
They have been made use of in the Camp
and cannot consequently be returned to
the supplier. The acting Sanitary Commissioner
Mr Thomson during his visit pointed out
the unsuitability of bamboo cots and
suggested that tape cots should be used
instead. I have an impression that this
recommendation was made in your presence
by the acting Sanitary Commissioner. In

regard to the prices of the articles I agree with you in thinking them rather high, but never having purchased most of them before, I am not in a position to state what may be considered a fair price for them.

Under these circumstances it remains for me only to ask you to be good enough to forward the indent to the Plague Commissioner for necessary sanction.

(with the indent) Forwarded to the Plague Commissioner for favour of orders. A statement showing how the 14 tables already sanctioned were distributed on 21st November 1898. is attached.
