DISTRICT COLLECTOR'S OFFICE,
Camps Maddihera, 24.8.1898.

FROM Indra Prasa Khan Esq.,

COLLECTOR OF THE
Turnool District,

To

THE SECRETARY TO GOVERNMENT,
Local and Municipal DEPARTMENT,

Madras.
ootacamund

SIR,

The proposal of declaring the
Marnapoor and Turnool Road
stations in this District as
Railway Inspection Stations,
which was made by me in
para 3 of my letter d. no. 593
2.3.98
was negatived by Government
in para 4 of G.O. No. 173P. The
9.3.98
circumstances have since
changed. Guntakal is not
at present an inspection station,
and there have actually been
three cases of plague there.
Turnool Road which is

about 43 miles from Guntakal
on the line of Railway, is a
place of very considerable
importance not far
from the Anantapur District.
A careful and thorough
examination, at this place, of
passengers arriving from
infected areas from Adoni
and Hospet directions via Guntakal will,
to a great extent, prevent
the possibility of the plague
being introduced into my
District. The disease seems
to have subsided in the
Hyderabad territories; but
even if it continues there,
the chances of the infection
being conveyed to Burnool
have diminished as the
Yungabudra is in high
floods. The danger, on the

Fuller

2

other hand, of the disease spreading
through the medium of the
Railway, appears to be increasing
and I therefore beg to suggest
the advisability of declaring
the Burnool Road Station an
Inspection Station.

2. The following establishment
may be employed—
one apothecary
one sanitary inspector
one focuastah
Two Lotias
Two Sweepers
Six Police constables.

3. The following accommodation
may be provided—
Two plague Hospital sheds, each
30 x 21, each being intended for
three patients and costing Rs. 1200
Two observation sheds for suspected
or doubtful cases, each 40 x 16,
each for 12 persons and costing
Rs. 600

one shed for apothecary and
stores, 30' x 20' costing 350 Rs.
Four kitchens for the alous, 20' x 10',
costing 100 Rs. each = 400.
Six latrines costing 30 Rs. each = 180
Servant's quarters - 450 Rs. Total 3180 Rs.

4. The stores for prescribed for
a Road Frontier Inspection
station may be maintained
at Kurnool Road to start with
and any more articles that may be
required by the apothecary
in charge may also be supplied
including the following articles
which the District Medical and
Sanitary officer considers
necessary for Road Frontier
Inspection Stations and which
will be supplied to these stations, if
Government approve of the
suggestion -

Hollow garden pump, brass, 8½ Rs.
Giren ————— 80, 80 5½ Rs.

G.M.

3

5. Recently three Christian
Pariah servant women with
four children (one boy aged
11 years and 3 girls aged 4, 6 and 7
years) arrived at Kurnool
from Hulili, and the boy
was said to have had an
attack of plague there. His
temperature was rather
high soon after his arrival
at Kurnool; but Dr. Nightingale
who immediately inspected and
examined him was satisfied
that it was not a case of plague
but one of ordinary fever. He
and I have again gone to his house
and inspected him; he was all right
and was found playing about the
streets. All the arrivals
are very vigilantly being
observed.

I have the honor to be
Sir

Your most obedient servant
M. Praga Shau
