Memorandum.

In the resolution passed at a meeting held on the 16th April 1898, the Council resolved that the Hospital Assistant on Plague duty, should be paid the salary due to his rank and allowances according to rules. Subsequently, I found that he was entitled to an allowance of Rs 10 per mensem while doing the inspection duty, but the Surgeon General recommends that he might be paid salary and house rent. As the Council has to pay the allowance under the G.O. No 1756 M 9-8-97, I have been allowing only this without any house rent. The matter is now placed before the Council for its orders as the final arrangements will have to be submitted to the Government for sanction.

													Resolution of the Council at a meeting held on 16/4/98

No 546

Municipal Office, Quinter

Dated 12th August 1898

From

Mr. P. Venkatakrisnaiah naidu gam B.A.

Chairman, Municipal Council,

Quinter

To

The Secretary to Government

Local and Municipal Department,

Madras.

Through the Divisional Officer and Collector, Kistur

I have the honor to submit herewith copies of three resolutions passed by the Municipal Council at meetings held on the 16th April, 30th July, and 6th August 98 in connection with the entertainment of a Hospital Assistant and a person for inspecting the passengers arriving here from plague-affected localities; and in doing so, I beg to state that for sometime one of the Hospital Assistants attached to the Civil Hospital was deputed to maintain the inspection for plague passengers at the Railway station, but the Civil Surgeon in his letter No 77 dated 14th February 1898 represented that his Hospital was being worked with an undermanned staff in consequence of some of its members having been deputed

deputed to render assistance during ill health of the town or to resist the ingress of an epidemic from other places, and that he could not any longer permit the continuance of this strain on his staff without impairing the efficiency of his institutions. He therefore requested me to apply to the Surgeon-General for the services of a hospital assistant to be solely and wholly employed for the purpose of guarding against the plague. The Surgeon-General was accordingly addressed with the result that he consented to comply with my request. There, however, arising some doubt as to who should pay the salary and the perquisites connected with this office, further correspondence ensued, and the Civil Surgeon in his letter No 227 dated 9th April 98 intimated to me that the Surgeon-General had expressed his opinion that the pay and other incidental charges of the hospital assistant should be met from the municipal funds as per G.O. No 900 M. dated 13th April 1897. This letter was placed before the Council at a meeting held on the 16th April 98 when it resolved to sanction the appointment of a hospital assistant and a person for employment as plague observation staff at the Railway Station in deference to the orders of the Government conveyed in G.O. No 152-I dated 7th March 1898; but the matter of the salary (including allowance) was kept in abeyance for settlement later on.

2 Before I could again bring the matter to the

Consideration of the Council, I received G.O. No 136-I. M. S. dated 6th May 1898 directing the abolition of a separate establishment for watching the roads near Guntur, and I thought that in view of the heavy expenditure incurred for the up-keep of a separate establishment at the Railway Station where after all very few passengers were arriving and about whom information was daily and regularly given to me by the medical officers on Plague duty at Nandapalle on one side and Hoofet on the other side. I might consult the Sanitary Commissioner to elicit his opinion as to the need of a separate establishment at this station before I should lay the matter over more before the Council. With this view, I sought the advice of the Sanitary Commissioner, but I have had no reply from him even after reminders. Having waited long enough for his reply, I again placed the subject before the Council at a meeting held on the 30th July with a memorandum of which a copy is herewith submitted, and it resolved to pay the hospital assistant the salary due to his rank and an allowance of Rs. 10 per mensem.

3. As I was about to submit the resolutions of the Council on the subject for the sanction of the Government, I was in receipt of a letter from the Collector (Dis. No 139 Town 928) proposing the abolition of the separate plague establishment at the station. This letter was brought to the

the Councils consideration at a meeting held on the 6th Instant, when it approved of the Collector's suggestion. The separate establishment was thus done away with from the first of this month.

4. The delay being in the circumstances detailed above due to causes accountable, I now request that you will be pleased to obtain the sanction of the Government for the expenditure incurred in this connection as per statement herewith submitted.

5 The necessary proposition statement is herewith submitted.

6. I beg to add here that the inspection of passengers at the Railway stations is maintained with the staff now in municipal service.

I have the honor to be,
Sir,

Your most obedient servant

Dis No 169

M. Chakrabarti
Chairman, M.C.

Forwarded

Undersigned did not die, but suggested the discontinuance of the Special Hospital. His intention seems unnecessary as his duties are not to examine all passengers - that is done at Kunderpalle, Ungabhadra and Aspet - but to take the addresses of passengers whose tickets show them to have come from plague infected parts, and to issue passports. This can be done by a member of the ordinary municipal staff.
