Sir,

I have the honor to state

Officer the appointment of a
Eurasian nurse on a salary of
Rs 25 plus an allowance of
Rs 15 per mensem to examine
at the Railway Station the
female passengers arriving from
Plague infected areas. She is to be
provided

provided with free quarters near
the Railway Station.

I request therefore that you
will be good enough to obtain
sanction of the Government
for the same.

Forwarded to the Plague
Commissioner for orders, through
the Surgeon-General.

Personally, I do not consider
the appointment of a nurse
to examine arrivals at the
Railway Station necessary.
I take it that what has to

be done at the Railway Station
is not to conduct a medical
examination, but to discover
arrivals from infected parts
and issue passports with a view
to subsequent observation. I
do not consider that Passport
officers even when they happen
to be Hospital Assistants should
interfere with female passengers
by feeling pulse etc.
