No. 528.

A paper from a Native trader merely
means that the Native trader
word is taken in addition to
the Police Impelment or Constable.
This is not being done but Plague
is not bad in Bangalore, but
travelling this is not but place
more than is necessary & this is
& Constable's words may be taken
on to make in future &
The Plague Commission does not think it
necessary to take objection to the
use of the word "unreasonable"

No 528. Plague camp Arkonam
dated 1.10 October 1898.

From.

Dr C. Seymour Langley/
Medical officer in Plague Duty

To

The Plague Commissioner
Madras.

Sir,

With reference to your
memo No 2/Tom dated 29. ultims, I
have the honor to inform you that
seeing that many Railway employees
are travelling with passes allowing
them to travel from any station to
any station, the probability of at least
some of them, to avoid the trouble of
presenting themselves for 10 days for
observation in case they admit of
having come from infected area, concealing
their places of starting, and the
frequency with which they are liable

Yours

to import plague as is well observed
in case of Guntakal etc. I adopted the
plan of issuing passports to all such
persons travelling by 3rd class who
alight here.

2 I extended the same procedure
to Police officials travelling under similar
circumstances and to persons travelling
with neither tickets nor passes, so as
to have a uniformity of action, with
the belief that they can with least
trouble get certificates of departure
from Station masters of their starting
places.

3 For the last few days I have
been adopting the plan I find that
the number of persons so travelling has
diminished and that some of them are
bringing certificates from station masters.
Even the special plague head constable
referred to in your letter brought

yesterday

yesterday a certificate from the
station master.

4 In adopting this plan I am
at a loss to know in what way I am
"unreasonable" as imputed by the Deputy
Inspector General of Police. in his letter
no $\frac{600}{RP}$ 321. 9. 98. enclosed herein. I
object to the use of that word. if you
concur with me in thinking so, I request
you would be kind enough to cause the
word to be withdrawn as it is neither
creditable to the officer who used it
nor is it becoming to the officer to
whom it is applied.

5 I shall infuture, exempt
the travelling police Inspector and constables
from taking passports as desired by you.

I have the honor to be
Sir

Your most obedient servant
