Inspection Stations Authorizing the
Collector of Anantapur to open
road — in Hindupur and
Madakasira taluk.

148 5/9/98

Requesting the Collector of Kurnool to telegraph if he can spare men for the — and authorizing the Collector of Anantapur to open road inspection stations in Hindupur and Madakasira taluks.

GOVERNMENT OF MADRAS.
LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

From B. MACLEOD, Esq., M.A., Barrister-at-Law, Collector of Anantapur, to the Secretary to Government, Local and Municipal Department, dated Camp, Guntakal, 29th August 1898, Cur. No. 49 P.

I have the honour to state that, as this district has been kept under observation and as Guntakal on one side and as the Bangalore district on the other were declared infected areas, it is feared that plague may break out at any time in the interior of this district by the rush of people from infected areas through scare, and I am therefore making arrangements for ambulance and cordon staffs on a small scale.

2. I have formed six observation circles round Guntakal junction (this is the place now infected and not the village of Guntakal which is two miles off) twenty miles deep as required in the last paragraph of Regulation 22. The circle close to Guntakal has been placed in charge of a Plague Inspector; for the five other circles five more sanitary inspectors are required, and two plague supervisors at the rate of three circles for a supervisor. For those hands I wired to the Collectors of Kurnool and Bellary, who have replied this day that they cannot spare any more inspectors or supervisors. In these circumstances, I beg to request that orders may be passed for the early sending of the required staff for the observation circles.

3. I beg also to request instructions if some road frontier inspection stations are also to be established in Hindupur and Madakasira taluks bordering on the Bangalore district; if so, many more hands will be required. I think that matters may be watched for some time and then necessary arrangements may be made.

SUBJECT.

Observation Staff, Guntakal

FOR ORDERS.

The Collector of Anantapur reports that he has formed Six Observation Circles round Guntakal Junction, the infected area, with reference to the last para of Reg 22 (page 36 of pamphlet). He has grouped them into two Supervisor's ranges. He has placed the Guntakal Circle in the charge of an Inspector, but he has no men for the other five circles or for the two ranges. Apparently the Collectors of Bellary & Kurnool who were asked to lend him men have not been able to do so. The Collr. of Anantapur therefore applies to Govt for hands. He may be told to get Plague Inspectors from the Sanitary Comm. & Supervisors from the S. & A. or Police Dept.

No. to Mr. Kurnool
voluntarily, asking whether they
cannot be shared
thence H

Sept.

2. Orders are requested on page 3 of the Collr's letter in which he inquires whether road inspection stations should be opened in Hindupur and Madakurri talukas and suggests that the matter may lie over for some time. The last two seizures took place in Bangalore on the 27th instant and the Collr's suggestion may perhaps be accepted. As Be Guntakal itself, the last attack also occurred on the 27th, and unless any fresh case occurs, it may not be necessary to have observation circles for 20 miles round Guntakal. It is, however, for the Collr to watch his district, to observe the movements of the people, and to decide when & to what extent he should ~~exercise~~ exercise the powers which the Regulations give him.

San. Takat

FROM

Wannatyne Macleod

Esq.,

M. A. Barrolied. Law,

COLLECTOR OF

Anantapur.

TO

THE SECRETARY TO GOVERNMENT,

Local & Municipal DEPARTMENT,

Cottaramund Madras.

SIR,

I have the honour to state that as this District has been kept under observation and as San. Takat on one side and as the Bangalore District on the other were declared infected areas it is feared that plague may break out at any time in the interior of this district by the rush of people from infected areas through scare, and I am therefore making arrangements for Ambulances and Gordon Stuffs on a small scale.

(2) I have formed six observation circles round San. Takat Junction (this is the place now infected and not the village of San. Takat which is 2 miles off) twenty miles deep as required in the last part of Regulation 22. The circle close to San. Takat has been placed

placed in charge of a Plague Inspector;
for the five other circles 5 more Sanitary
Inspectors are required, and two Plague Super-
visors at the rate of 3 circles for a Supervisor.
For those hands I wired to the Collectors of
Kurnool & Bellary who have replied this day
that they cannot spare any more Inspectors
or Supervisors. In these circumstances,
I beg to request that orders may be
passed for the early sending of the required
staff for the observation circles.

(3) I beg also to request instructions if some
Road Frontier Inspection stations are also
to be established in Hindupur and Chavakere
Taluk bordering on the Bangalore District;
if so, many more hands will be required.

I think that matters may be watched
for some time and then necessary arrange-
ments may be made.

I have the honor to be,
Sir,

Your most obedient servant,

Mannatpuri Madhok
Collector
