Ni  
 17/11/11

The following additional memoranda  
 in continuation of the one I gave  
 you yesterday is sent for  
 perusal of your perusal.

(A). Road Inspection stations  
on the Hyderabad frontier

of the 8 stations which were  
 originally established -  
Mudumala and Gopalsingapur

have been temporarily closed  
 as ordered in G.O. 1037 P.  
8.7.98

other stations, namely, Lingala,  
Koutalapad, Pudur and

allur are also unimportant  
 and they may be closed

after the cold season is over,  
 that is after the 15<sup>th</sup> February

1899. Tandrapad is on the  
 trunk road to Hyderabad.

and Morwahoudah is also  
on another main line of  
travel from the Hyderabad  
territory. The question of  
closing these two may therefore  
be postponed till the April  
1899.

(B) - Extra clerks entertained in  
my office.

only one clerk was entertained  
in April last (on Rs 45) on  
account of plague work. As the  
plague correspondence increased  
heavily, and as the single clerk  
was unable to cope with the  
work, two additional clerks  
(Rs 25 and Rs 15) were asked for.

and sanctioned last month under  
Plague Commissioner's Proceedings  
no. 611  
8.11.98. A considerable portion  
of the tapal, often about one half,  
consists of papers relating to plague,

24

and it is found necessary to  
have them separately registered  
and disposed of.

The distribution of work among  
these three temporary plague  
clerks is as follows -

(1) clerk on Rs 45 - attending to general  
correspondence.

(2) clerk on Rs 250 - Assisting me  
in the way of reference ~~and~~ and  
attending to budget and other returns.

(3) Registering, despatching, fair  
copying urgent papers, putting up  
disposal abstracts.

All these clerks have tight  
work under me even on holidays.

### (C) Passport Rules

(1) When a person arrives from  
an infected area, passports are  
issued by the officers concerned  
under Regulation 17(ii)

2) Intimations are also sent to the D.M.G.O. by the officers in charge of Railway Inspection Stations, or by the passport issuing officers under Regulation 17 (viii) or ix as the case may be.

(3) These intimations are transmitted by the D.M.G.O. to the Amildars, Tahsildars under Regulation 17-ix.

(4) The Tahsildar returns to the D.M.G.O. each intimation with the corresponding passport recovered by him under Regulation 17(vi).  
Kindly vide para 2 of G.O. no. 997 P. 3.9.98.

(5) The D.M.G.O. sends to me at the end of each month an extract from the Register which he is required to maintain under para 1 of the above cited G.O.

The Register is kept in the following form -

|       |         |                                       |                   |                               |                                       |                                   |        |   |
|-------|---------|---------------------------------------|-------------------|-------------------------------|---------------------------------------|-----------------------------------|--------|---|
| 1     | 2       | 3                                     | 4                 | 5                             | 6                                     | 7                                 | 8      | 9 |
| Taluk | village | Station & date of issue of intimation | name of passenger | date of receipt of intimation | date of despatch of intimation to him | back from Tahsildar with passport | Remark |   |

3

(6) Persons who are not properly secured for in the above Register are shown as pending and are brought forward in the return for the succeeding month or months until they are disposed of in one of the following ways -

(a) on receipt of intimation and report from the Tahsildar.

(b) on report that the person has gone out of this District and that intimation has been sent to the local authority concerned.

(c) on the disposal of a case in which prosecutions have been instituted.

(d) on receipt of instructions from me to strike off the names of any traveller from the return when he could not be found in spite of all efforts to detect him.

(7) A fortnightly return is received in my office in the

following form <sup>from</sup> the Tahsildars  
through Divisional officers—

Name of passengers — whence coming — Date of receipt of  
intimation by Tahsildar

Date when passports & intimation were sent to D.M.G.O. } Remarks of Tahsildar } Remarks of D.O.

This return enables D.O. to be kept informed of the arrivals in their respective divisions and the way in which the passport rules are worked by the subordinates entrusted with the duty.

(8) It has been brought to notice by the Naudyal Tahsildar that in some cases passports have been received from the local authorities but no corresponding intimations from the D.M.G.O. These cases relate almost all to persons that have arrived from Guntakal. The D.M.G.O. had issued a circular that only

*M. M.*

H

passports which corresponded to intimations sent by him should be forwarded by the Tahsildars to him and the Naudyal Tahsildar accordingly requested instructions as to what should be done in the case of passports of persons from Guntakal of whose arrival the D.M.G.O. had not received intimations. I have instructed that all passports should be sent to the D.M.G.O. so that he may draw the attention of the officers in charge of the Railway Inspection station, Guntakal, to the omission in cases wherein the D.M.G.O. had not received intimations corresponding to the passports.

In G.O. no. 1185/P 27.9.98, it was ordered that Regulation 17(i) did not apply to persons from a non-infected

area who pass through Guntakal  
 through <sup>from</sup> Guntakal without breaking  
 journey there; but this exemption  
 does not, I think, apply to persons  
 who start from Guntakal  
 itself and such persons should also,  
 in my opinion, be treated as those  
 passing through a Railway Inspection  
 station. If my view is correct,  
 the officer in charge of the Railway  
 Inspection station at Guntakal may  
 be asked to send intimations  
 under Regulation 17 (viii) in the  
 case of persons who start from  
 Guntakal, so that the intimations  
 may be checked with the passports  
 and the arrivals from the  
 infected area properly accounted  
 for.
