 The Collector of Chumleput District

Sir,

3. I would also recommend that
 one civil apsthe Cany on Rs 75 p.m. be kept
 in reserve at Saubha which is a Central
 spot for the District. He should be available
 to go and relieve each local medical sub-
 ordinate concerned in any place where
 people have been segregated and watched
 for ten days after the occurrence of sus-
 pected or actual Cases of plague
 as in the several instances that
 have already occurred in this District.

2.

I approve of the proposal, but would suggest the proposed salary being increased to Rs.100 as the duty involves constant moving about and will therefore be expensive.

3.

I would also recommend that one civil officer be kept in reserve at Madras with the Govt: of Madras for the District. He should be available to go and relieve each local medical officer concerned in any place where people have been segregated and watched for ten days after the occurrence of suspected or actual Cases of plague as in the several instances that have already occurred in the District.

Yours faithfully,
