

PROCEEDINGS OF THE PLAGUE COMMISSIONER.

(1898)

MISCELLANEOUS.

No. 998

Dated 27-12-98

Despatched 2-1-99.

[Despatch Abstract.]

Arrivals from the Mysore State

Recording letter of the Col. of the Mysore State
pur directing the Senior Asst. Surgeon at Haidar-
pur to exercise greater strictness in examining
——; and stating that it would be well
to put Dr. Hunter in charge of the inspection
of trains from Bangalore.

COLLECTOR OF

To

THE

Reference Government Order No. 855 Dated 19th August 1898

2nd.

The attention of the Medical Officer in charge of the Railway Plague inspection station at Madras is drawn to the necessity of greater strictness than has hitherto been observed in the exercise of his power to detain Railway passengers coming from any one town under Provisal Regulation XIV (P. 13) of the Madras Plague Regulations and Rules. The Inspecting Medical Officer can detain all such passengers as are unable to satisfy him that they are proceeding to any fixed place of residence. Vide also additional Regulation V (Page 31).

This increased strictness is especially aimed at protecting Bellary town and a change must be made at once. Most of

The

the Native passengers should be detained, an exception being made in the case of servants whose masters are allowed to pass. Hitherto detention has been the exception, in future freedom from detention should be the exception.

In the case of trains entering the Mysore territory from Hindupur the passengers going through need not be examined. Only those alighting at Hindupur should be dealt with.

Of those detained many can be allowed to proceed after being detained for a day to disinfect them and their luggage but all with uncertain addresses or of dirty or suspicious appearance should be detained for 10 days:
