LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From the President, Municipal Commission, Madras, G. No. 233, dated 22nd August 1898, forwarding copy of a letter from the Health Officer of the Municipality on the subject of plague inoculation for Madras.

From the Surgeon-General with the Government of Madras, No. 341, dated 29th August 1898, stating that he considers that Surgeon-Major Bannerman should take charge of inoculation work.

ORDER—No. 999 P., dated 3rd September 1898.

The Government approves of the proposal to start inoculation in Madras with the help of Surgeon-Major Bannerman who cannot, however, be deputed for this work alone, as he may be required for other duty elsewhere. The Surgeon-General is requested to make the necessary arrangements with the President, Municipal Commission. It should be notified that all persons who are willing to be operated upon will be inoculated and that no compulsion of whatever kind will be employed. The prophylactic should be obtained from Bombay as directed in G.O., No. 962 P., dated 30th August 1898.

2. Voluntary inoculation has made some progress at Guntakal, and may be started at Bellary and other places where there are Commissioned Medical Officers.

Shall Dr. Bannerman commence inoculation in Madras?

It seems a good thing to let us it before Plague comes - there is not so likely to be ~~such~~ a scare.

H.T.
31.8.98.

P.S. maybe further question of inoculation in Madras - that is, may start it as proposed - But of course he can't be tied to this line - He may commence anywhere - The Govt. may merely give notice that any one can be inoculated who likes & asks for it - Must be perfectly voluntary - Voluntary inoculation may also be started in any of the places where there are Govt. Establishments. The same Com ever as common for Hoffkine H.H. 1/9/98
