5. The Committee lay great stress on the importance of cordial co-operation between the different provinces. The Government of India agree that such co-operation is essential to make the working of the protective arrangements successful, and I am to suggest that you should enter into communication with the other Local Governments and Administrations concerned as to the manner in which the police should co-operate when a case of re-booking is detected. A similar suggestion has been made to other Local Governments and Administrations.
