either enhance the rate from 1 anna
to 4 annas for every 80 square yards
of the vacant house sites within
the limits of this Municipality
or to exempt them altogether from
taxation. In the first place there
are frequent complaints from the
Bill Collectors in ascertaining the
real owners of these lands. The rate
at which they are at present assessed
is so meagre that it is not worth?

the trouble of issuing notices of
demand, bills and then warrants.

The total no. of assessments under
this head is 849 covering a sum of
Rs 214-7- of which, 741 are for

annas and under amounting
to

7
to Rs 114-11-0, 71 for 8 annas and under
amounting to Rs 26-13-0, 21 for one Rupee
and under amounting to Rs 14-8-0,
and 16 assessments are for above
one Rupee amounting to Rs 58-8-0
aggregating Rs 214-7-0. It will be
observed that the demand under
4 annas is so great that for 741 cases
double the amount of bills, &c have
to be issued even for the paltry sums
of half an anna and one anna as
the tax is collected half yearly.

Again when warrants are issued
for the recovery of these items a
fee of 2 annas (besides a fee of 4
annas in cases of default) has
to be levied for the recovery of
half

or to this may perhaps be overcome
by enforcing the provisions of
Sub. Section (5) of Section 63 of the
amended Municipal Act, but the
majority of the owners are supposed
to possess some other property liable
at the tax. The vacant house sites
were for the first time assessed
in the 2nd half of 1894-95 and
from that time since, no appreciable
income has been realized from
this source.

Under these circumstances, I
have the honour to request that

the proposal of the Council
