FURTHER PAPERS.

G.O.	No.	Department.	Date.

I understand that these three wells are
a part of the extension scheme which was to
cost over 2 lakhs Rs. paras 1 & 2 of
the draft may issue - but I don't under-
stand para 3. The G.O. of Feb/89 referred
to applies to loans proposed to be granted
by Govt. - but in this case the proposal
is to the P.W. Department for
counterinitials with reference
to para. 2.

W.R
25-8-98

is to raise the loan in the open market

W.R
11/8/98

Will H. Mr. kindly look at Resⁿ
16 printed on p. 10. of the G.O. 1210
That Resⁿ is confined to loans
in the open market &
prescribes what is in one place
Recd an application, in another
a statement. Para 3 seems correct

CURRENT No. 2454

TO,

The Chief Secretary to Government,
Local and Municipal Department,
FORT ST. GEORGE.

Through the Dy. Collector of Trichinopoly.

SIR,

I have the honor to submit
a copy of the Resolution of the Municipal
Council passed at its meeting held on
the 11th Instant and letter No 1114 dated 24th
June from J. A. Jones Esqr. from which
it will be seen that the construction of
three additional infiltration wells is
considered absolutely necessary, and that
it is desirable that the work should be
undertaken as soon as possible.

I have the honor to be
Sir

Your most obedient servant

W. Osborn

Chairman.

W.R
11/8/98

Proceedings of the Municipal Council
Trichinopoly held on the 11th July 1898.

Present.

1. Surgeon Lt Col W. O'Hara Chairman
2. Mdky. Mr. Sthenirasa Rowgaru B.A. B.L. Rev. office
3. J. H. Le Mesurier Esq. Councilors

GOVERNMENT OF MADRAS.
OFFICE OF SANITARY ENGINEER,
Fort St. George, 24th June 1898.

J. A. JONES, Esq., MEM. INST. C.E., F.R.S.E.,
SANITARY ENGINEER TO GOVERNMENT,

To
The Secretary, Municipal Council,
Trichinopoly.

Sir,

In reply to your No. 1428 of 22nd June 1898,
I have the honor to state that whether the river is in flood
or not an excess of over 5 ft. between the level of the water
inside & outside the filtration wells will draw in sand. By
how much the water can now, in flood time, be lowered in the
pumpwell without infringing that condition I do not know, but
Mr. DeMello can be instructed that he may lower the level in
the pumpwell to 6, 7, or 8 ft. so long as the difference of
level outside & inside the filtration wells is not more than
5 ft. and so long as sand does not come in.

2. But I must again point out that the only
way for Trichinopoly to secure a proper full supply is to
have more wells, and I request you will be good enough to
arrange with the Chairman to have this brought prominently to
notice of the Council-and this is the time to do so in order
that the work may be sanctioned now and that materials may be
on the spot to begin work when the river again gets low. Any
delay now will mean another hot weather lost and the same
inconvenience of which you complain.

Sanitary Engineer to Government.

Local & Munl. (189⁸) Department.

~~CURRENT~~ No. 128

urgent

Bring up the papers - into Councils
recommendation for 3 more infiltrations
wells. We can then refer to Govt for
immediate sanction sending with our
application a copy of this letter from
the Govt.

Office of Sanitary Engineer to Govt.,

21 J 1898 Fort St George, 19 7 1898

F.A. for note
M7

My dear Lieutenants 21 7 98

When at Luckh the
other day the Chairman informed
me that the Council had agreed
to my proposals for an increase of
three mills to the half^{W.} rate &
has asked for sanction to raise a
loan at 5% - I fancy this is

low to get it at fair & the
matter may be delayed by a reference

But I write to express the
hope that whatever question there
may be about the terms of the loan
the work may be sanctioned

It is imperative, of the work
is to be done next dry season Nov to
April, that the materials be ordered
at once - the work is much wanted
as we cannot at present give a
full supply to Town or Ry & I
therefore write to request your good
offices in pushing on the matter
as soon as it comes before you

I have had no suffi-
ciently ho 857 of 26.4.58 but I
trust to have some ^{hope} that the
extension of help will be placed
in my hands & not in those of
P.D.D.; it would be an anomaly for
that Dept to construct an extension
of a work of which I am practically
in charge - ^{x was} Sent to C.E. for
remarks 11/7
Yours sincerely
J. H. Jones

Note for the S. A

Mr. Shipley is still
in Ooty, and it is
not known whether
the file will be required
or not. I suppose

~~Yes~~ I may send it down
if it is wanted.
