The Secretary to Government,
Local and Municipal Department,

Sir,

With reference to G.O. No. 807 dated

16.7.98, I have the honour to explain as follows.
In para 1 it is observed that there were 12 Con-
servancy Scavengers, and 21 Private Scavengers
against 14 of the former, and 27 of the latter as
in the Scale Sanctioned in G.O. no. 425 in dated
8 March 1897. During 97-98, 3 latrines were either
demolished or removed, and placed in store, as
they were on objectionable sites, Vide Col. 7 of
Statement XI. Hence is the reduction in the
number of Conservancy Scavengers by 2. Although
the entertainment of 27 private Scavengers was
Sanctioned, the Sanction was not utilised to
the fullest extent, as the private scavenging system
did not advance in the town during the year as
far as was anticipated. Every effort is being
made to increase the working of the system

P. M. R. and

and with it, the number of Scavengers will also increase.

As to para 3, I have the honour to observe that the average attendance of the Panchama School, during 1897-98, is 48, as mentioned in para 32 of my report, and that 65 put down against Col. 8 of Statement I is the average no. on the rolls as required by the heading and not the average attendance.

The Secretary to Government
Local

I have the honour to be
Your most obedient servant

16.7.98. I have the honour to acknowledge the receipt of your letter of 10.7.98. In para 1 it is observed that there were 14 Conservancy Scavengers and 27 Private Scavengers against 14 of the former and 27 of the latter in the scale sanctioned in G.O. no 425 in dated 8th March 1897. During 97-98, 3 latrines were demolished or removed and placed in place as they were on objectionable sites. Vide Col 7 of Statement II. Hence is the reduction in the number of Conservancy Scavengers by 3. Although the entertainment of 27 private scavengers was sanctioned, the sanction was not applied to the fullest extent, as the private scavenging system did not advance in the town during the year as far as was anticipated. Every effort is being made to increase the working of the system.
