FURTHER PAPERS.

G.O.	No.	Department.	Date.

Enclosure No. 1 to Letter No. 310 d 4/8/98.

Copy of minute III from the Senior Medical Officer, General Hospital, Madras, to the Secretary to the Surgeon-General with the Government of Madras, No. 2784 dated 24th July 1898.

The G.O. under reference has been detached for information but will be returned, if no spare copy is available, after it has been copied.

2. In accordance with the orders of Government, European patients will be admitted "whenever accommodation is available". Unless a marked outbreak among Europeans should occur in the period that will elapse before the hospital for contagious diseases is ready, I do not think that any special measures are required here. Full use will be made of the very limited amount of accommodation that exists for Europeans, but the question at once arises what is to be done when that accommodation has all been utilized? Are European cases, for instance, of small-pox or measles that may come to Hospital after the European ward is full to be again "turned into the street" for want of room? It will apparently be useless to send them to Royapuram, for the "suitable accommodation" made by the Municipality, (vide letter from the Health Officer of 2nd April 1898), I am told, no longer exists, the nurse or nurses having been recently got rid of.

3. It will be necessary, I think, to point out to the Municipal authorities that Government has not by this G.O. relieved them from all necessity of providing accommodation for European patients and that the Municipality must be prepared in case of overflow from the General Hospital to take charge of such patients.

(True copy)
