its adoption will result in
a decrease of more than ten
per cent. in the receipts for
this service, which is already
worked at a considerable
loss to the Council. The fees
should be revised so as to

Sir,

With reference to G. O. No. 637 M. M. S. dated 23rd March 1898, I have the honour to enclose a copy of resolution of the Council dated 11th June 1898, on the Subject and a copy of the revised Scale of fees, referred to in the resolution.

Having regard to the importance of making the private Scavenging System self supporting as far as possible and to the repeated orders of Government on the Subject, I had taken the statistics of 100 houses now under the system and compared the actual income now derived with that derivable from the scale now proposed and I found that the adoption of the scale now proposed would, instead of increasing go to decrease

reported to G. derived by more

This fact was clearly pointed
out to the Council and it was suggested
to them to adopt the Scale that now obtains
in the Calicut Municipality (one anna per
head, minimum per house being 2as and
maximum Rs1). This, however, was not heeded
to, by the Councillors who carried the resolution.

I have the honour to be,
Sir,

Your most obedient Servant

Goijambro
Chairman
