The Resident at Hyderabad.

Sir,

In acknowledging the receipt of your telegram of the 20th Instant confirming the report of the outbreak of plague in the Naldurg district, I am directed to invite your attention to para. 1 of your letter N^o. 7218, dated 24th December 1897, in which you stated that H. H. the Nizam's Government had arranged with the Director of its Medical Department to furnish certain officers of this Government with reports of plague and to ^{bring out} ~~express~~ His Excellency in Council's regret at finding that effect has not been given to this arrangement in the case of the outbreak in question. Notice of its occurrence appeared in the Madras Mail which had copied it from the Pioneer, so that the information, unauthentic as it was, reached this Government after great delay and it was thereafter that enquiry was made of you. I am therefore to request that you will be so good as to draw the

H. M.

attention of H.H.'s Government to
this subject so as to ensure that the
promised reports are hereafter re-
gularly furnished to the officers of
this Government.

I have to,
