Reports from the Collectors of Anantapur & Coimbatore state that there is no accommodation at Guntakal or Podanur.

At Hospet the Travellers' Bungalow is the only one available. Half of it is already occupied by Civil Apothecary Everard now on plague duty. These quarters are however neither comfortable nor commodious and it is objectionable, the collector thinks, that even part of a Travellers' Bungalow shd be turned into quasi-permanent quarters. The bungalow is $\frac{3}{4}$ths of a mile from the

The bungalow there referred to, is in the compound of the camp and would, he thinks, be suitable. It has been occupied by the medical officer in charge & the Asst Surgeon. There is also an old bungalow "not far from the Camp at the other side of the forest tope", but this would require repairs before it could be used.

In the event of tents not being available Collectors must be asked to put up pandals. But in the Deccan districts I understand that it is sometimes difficult to procure materials. As the police, abkari, and other Depts. supply their officers with tents, they may be asked, in the event of the I. G. of ordnance failing.

SIR,

Replying to G.O. 1625 dated 10th December 1897, I have the honor to report that the temporary quarters which are being put up near the Plague Camp for the present (Eurasian) Medical Officer would do for the accommodation of any European Commissioned officer that may be posted for duty, provided he had no family with him. But the servants' accommodation would have to be greatly increased.

2. There is a bungalow on the top of the Kondapalle hill under the control of the Forest Department. But neither this nor the Travellers Bungalow which is about a mile from the Railway Station and a little farther off from the Plague camp could well be used, the former from administrative inconvenience and the very trying climb the medical officer would have up the hill, and the latter on account of the cost and inconvenience to travellers.
