LOCAL & MUNICIPAL DEPARTMENT
B.S. No. 952.
Post

The closure of the eight burial
and burning grounds referred to is
sanctioned.

Dated 26th December 1897.

2. Early steps should be taken to
close the Muhammadan burial
ground near the east stand, which
is also considered by the District
Medical and Sanitary Officer to be
objectionable, after providing another
site for it.

Narsipatnam
Rayachoti

Sir, Referring to G. O. No. 1884 M.

mis. dated 28th August 1897, Local
and Municipal Department, directing me
to report whether the four burial and
burning grounds, which are to be used
have been approved by the District
Medical and Sanitary Officer, I
have the honor to report that the
sites of the four burial and burning
grounds have been approved by the

District Medical and Sanitary Officer,
Vizagapatam, with the exception of the
fourth, the Mahomedan burial ground.
As this is only separated by the public
road from the Cart stand, the District
Medical and Sanitary Officer considers
that it would be better to select some
other site, if possible. There shall be
no difficulty in doing this, as there are
three or four other sites available. I
have asked the District Medical and
Sanitary Officer to let me know when
next he will be able to come to Anakapalle
where I will choose another site with
his cooperation. As the Mahomedan
Community is extremely small there is
no great urgency in the matter. The
new site will be communicated to Govern-
ment as soon as it is chosen, for approval.

I have the honor to be

Sir

Your most Obedt. Servt.

M. M.

W. D.

Co-Officer Chairman

Forwarded.

2. The proposed changes in the burning and burial grounds in the Anakapalle Municipality are necessary in the interests of public health. The present Hindu burning grounds are situated either in the midst of dwelling houses or on the banks of the river. Parts of half burned bodies have been found in the river bed not infrequently and this cannot improve the quality of the water which is largely used for drinking purposes. Of the two Mahomedan burial grounds one is in the most crowded part of the town and should be closed at once; and the other is by the side of the public road and only separated by the road from the cart stand. The District Medical and Sanitary Officer considers this one also objectionable and therefore a new site will have to be selected in its place. The three new sites which it is proposed to substitute for the old Hindu burning grounds are in wide open spaces. The only objection raised by the inhabitants to the proposed changes is that the abandonment of the burning grounds of this fourth is likely to result in greatly increased mortality. It may be trusted that this will not be found to be the case.
