Municipal Budget.

Reviewing the Tiruvannámalai — for 1898-99.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers:—

From V. VENUGOPAUL CHETTY, Esq., I.C.S., Sub-Collector and Ex-officio Chairman, Municipal Council, Tiruvannámalai, to the Secretary to Government, Local and Municipal Department (through the Collector of South Arcot), dated 22nd December 1897, Cur. No. 723-Eng.

I have the honour to submit herewith the budget estimate of this municipality for the year 1898–99 and the revised estimate for the current year, together with the other prescribed statements and a proposition statement for revision of establishments. A copy of the proceedings of the council passing the budget is also enclosed. The amendments made by the council in passing the budget are now incorporated in it.

BUDGET FOR 1898–99.

2. The total estimated receipts of the year aggregate to Rs. 21,840 as against Rs. 22,320 expected in the current year, and Rs. 16,480, the actuals of last year. The decrease below the receipts of this year has been occasioned chiefly by the reduction by the taluk board, from lack of funds, of its promised contribution towards the maintenance of the local hospital from about Rs. 2,200 to Rs. 1,000 per annum. The decrease is also partly attributable to the circumstance that credit has been taken in the current year for large arrears of last year.

3. The total charges amount to Rs. 21,580 as against Rs. 21,750 of the current year and Rs. 14,930 of the previous year. The budget closes with a balance of Rs. 2,380 equivalent to 10 per cent. of the receipts.

4. The principal variations between the budget and the revised estimate for 1897–98 under the several heads of receipts and charges are explained below.

Receipts.

5. *Rates and Taxes.*—The variations here are slight and call for no remarks. It is proposed to revise next year the tax on buildings as pointed out by Government in the Government order reviewing the administration report of last year and bring the revised rates into operation in 1899–1900, as the council considers it rather too early to do so now, having regard to the fact that the tax was imposed only last year and that the people have not yet become quite accustomed to the taxes already imposed.

6. *Income from Markets, &c., Rs.* 4,060.—The council has resolved to enhance the market fees from 4 to 5 annas per head of cattle next year.

7. *Cart-stand Fees, Rs.* 600.—This amount represents the normal income from this source.

8. *Contributions by Local Boards—Medical, Rs.* 2,110.—This item comprises arrears of contribution of the taluk board relating to 1897–98, viz., Rs. 1,110, and the reduced contribution of Rs. 1,000 per annum promised by it towards the hospital charges.

9. *Other purposes.*—This is the contribution usually paid by the district board on account of the Karthigai festival sanitary arrangements.

10. *Other Grants and Contributions—Other purposes, Rs.* 360.—This represents the contribution promised by the trustee of the local temple and the manager of the Oyamadam towards the Karthigai festival charges.

11. *Private Scavenging.*—The service could not be extended as most of the existing houses have no separate way for the entrance of Pariah toties. Two Odda scavengers have just been appointed for the work to remedy the evil; hence increase is anticipated.

Charges.

12. *Grant 1, New Works.*—The works entered under *Communications* are all tunnels which are much needed. Under the head of *Buildings* are included some corrugated iron dust-bins as usual, two latrines on the standard design with thatched roofs and masonry walls, and extension to the late police hospital by providing it with an enclosed verandah to accommodate the municipal office. Without the verandah the building would be too small for the office. Iron latrines have not been provided for in the estimate this year, as they are too costly and as the municipality can ill-afford to spend a large sum just now for the purpose. The provision under *Water-supply* is made for improving the supply channel of the important sacred bathing tank known as Indratheertham and for supplying drinking-water in two populous quarters of the town which will make the people there desist from using the water of two bathing tanks in the vicinity for drinking.

13. *Repairs.*—The amount entered under *Communications* is nearly as large as that of last year. That shown against *Buildings* is intended for repairing portions of the roof of the travellers' bungalow and of the municipal hospital. The provision under *Water-supply* is needed for repairing some public wells.

14. *Establishment, Rs.* 410.—In addition to the two maistries now entertained provision has been newly made for a sub-overseer on Rs. 20 per mensem. At present the sanitary inspector is in charge of *Public Works* also. The experience of these two years has convinced the council of the necessity for the entertainment of a separate officer for *Public Works*. The total expenditure on *Establishment* comes to only about 8 per cent. of the expenditure on *Public Works*. A re-distribution of the pay of the two maistries by dividing the amount sanctioned equally between them has been proposed now with the concurrence of all the councillors present at the meeting, having regard to the merits of the persons now on duty and the quantity of work turned out by them.

15. *Tools and Plant, Rs.* 60.—This amount is intended for the purchase of some road-making implements and a roller for tamping purposes as well as for repairs to tools.

16. *Grant 2, Education.*—The amounts recommended by the Educational Department, which vary but slightly from the figures for the current year, have been adopted.

17. *Grant 3, Hospitals and Dispensaries.*—The recommendations of the District Medical and Sanitary Officer have been followed.

18. *Vaccination Establishment, Rs.* 170.—A second-class vaccinator on Rs. 10 per mensem is now employed. In his remarks on the budget for 1896–97, the Sanitary Commissioner observes that "in view of the possible introduction of compulsory vaccination into the town at no distant date and of the attention which should be paid in preparing the returns prescribed and in working the compulsory clauses of the Act to any degree of satisfaction, he would recommend the entertainment of a first-class vaccinator on Rs. 15 per mensem." Now that vaccination has been made compulsory the increase recommended is provided. The District Medical and Sanitary Officer also supports the proposal.

19. *Conservancy, Road-cleaning, &c., Establishment, Rs.* 2,310.—Provision is here made for adding one peon and four night-soil scavengers to the sanitary staff in accordance with the suggestions of the Sanitary Commissioner on the budget for 1896–97. The maximum number of peons and scavengers necessary for this municipality has been fixed by that officer at 4 and 25, respectively. As now proposed, the strength of the sanitary staff next year will be 1 sanitary inspector, 3 peons, 16 scavengers and 13 sweepers.

20. *Private Scavenging Establishment*, *Rs.* 170.—The excess provision made is for the appointment of an additional toti, should there be a necessity for the same owing to the extension of the private scavenging system.

21. *Plague charges*, *Rs.* 400.—The allotment made for the current year has been continued with a slight variation.

22. *Contingencies*, *Rs.* 3,030.—Of this, Rs. 30 are provided for the removal of prickly-pear and the rest to meet the Karthigai festival sanitary charges.

23. *Grant 4, Lighting—Contingencies*, *Rs.* 1,050.—The slight excess over the allotment of this year is entered to cover the cost of lighting the additional lamps intended to be put up shortly.

24. *Printing*, *Rs.* 200.—This represents the ordinary charges under this head.

25. *Market Contingencies*, *Rs.* 100.—The annual cattle-market is held in an open ground outside the town. As high fees are now levied, it appears desirable to enclose it to prevent evasion of fees. A *kiluvai* fence is therefore intended to be run up and maintained with this sum.

REVISED ESTIMATE.

26. The total receipts for the current year as now revised do not differ much from those entered in the budget estimate already sanctioned by Government, the figures being Rs. 22,320 and Rs. 22,420, respectively.

27. The total charges also show but a slight deviation, the revised estimate of Rs. 21,750 falling short of the budget estimate by Rs. 380. Full explanations for all variations are given in statement VI.

28. The lease of the cattle-market fetched Rs. 3,505 as against Rs. 1,130 last year. The increase is due to the enhancement of the rate of fees from 1 to 4 annas per head of cattle.

29. The increase in the allotment for *Buildings* under *New Works* is due to the order of Government that the toll-sheds should be removed to the extreme municipal limits. The decrease under *Water-supply* is due to the postponement of the Kalyanakinar work pending investigation into the success of the scheme. Rs. 500 of the amount thus set free were utilized by the council in deepening and otherwise repairing several wells whose supply had run short on account of the deficient rainfall this year.

30. The increase of Rs. 200 under *Fairs and Festivals* is due to a large number of carts and men employed in the annual cattle-market and in the town for removal of rubbish and the dung of cattle and to additional accommodation provided for attendants at the cholera sheds.

31. *Printing*, *Rs.* 300.—Printing charges incurred last year had to be paid now owing to the failure of the printer to send bills in time.

32. *Contributions for Central Office and Audit Establishments*, *Rs.* 330.—This is the amount sanctioned in G.O., Mis. No. 868 M., dated 13th April 1897.

33. The other items call for no special notice here.

34. The taxes for the first half of the year have been fully collected. Most of the works budgeted for under Grant 1 have been completed. The actual admitted expenditure exclusive of the cost of works completed but not paid for comes to about 58 per cent. of the allotted grant. The realization of the dues for the second half of the year as well as the completion of the few works remaining are likely to be carried out before the close of the official year.

No. 111-Eng.

Submitted to Government in the Local and Municipal Department.

2. It is too late now to revise the house-tax in time to introduce the revised rates in the ensuing year 1898–99; but no sufficient reason has been shown for deferring the revision of the tax on arts till 1899–1900.

3. The enhancement of the rate at which fees on cattle brought to market should be collected is a step in the right direction, and may be sanctioned.

4. The Chairman explains in paragraph 11 of his covering letter the difficulty met with in attempting to extend the system of private scavenging. The difficulty does not, however, appear to be insuperable, and the judicious application of the law against insanitary premises, as suggested by Government in the review on the annual administration report would probably go a long way towards over-coming it. It appears from paragraph 20 of the covering letter that one additional scavenger is to be appointed under this head.

5. The proposed outlay on communications is Rs. 3,000, while the receipt from tolls is expected to be Rs. 6,600. The outlay is a little less than the minimum of 50 per cent.

6. A first-class vaccinator is proposed to be appointed on Rs. 15 per mensem. But the total amount provided is only Rs. 170.

CUDDALORE,
6*th January* 1898.

(Signed) L. M. WYNCH,
Acting Collector.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 10th January 1898, No. 140.

Referring to the budget estimate of the Tiruvannámalai Municipality for 1898–99, I have the honour to state that the allotments made therein under the several heads of Grant 2 may be accepted. The net expenditure proposed is Rs 1,360 (Rs 2,430 — 1,070), or about 8·5 per cent. of the estimated income of the municipality from taxation, markets and rents.

From Surgeon-Major-General C. SIBBALD, with the Government [illegible] M. THORPE, C.B., F.R.C.P.I., Surgeon-General and Municipal [illegible] of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 17th January 1898, No. 38.

I have [illegible] the honour to state that the provision made in Grant 3 of the budget estimate of the Tiruvannámalai Municipality for the year 1898–99 is sufficient and calls for no further remarks.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 28th January 1898, No. 157-S.

Referring to the Tiruvannámalai municipal budget for 1898–99, I have the honour to state that, in view of my remarks on the current and previous year's budgets, touching the status of the municipal vaccinator, the council's proposal contained in paragraph 18 of the Chairman's letter has my support. The allotment for conservancy is Rs. 6,770, and is equal to nearly a third of the estimated current receipts, but a considerable proportion of this (44·3 per cent.) is reserved for expenditure in connection with the annual festival.

2. With reference to paragraph 14 of the Chairman's letter, it is at all times advisable that the functions of the Public Works Overseer and Sanitary Inspector should be distinct. When, however, it is desired in this small municipality to obtain a special overseer on Rs. 20, whilst ignoring the claims of the Sanitary Inspector, as represented by me in paragraph 1 (*c*) of my letter on last year's budget, I think the policy open to question. It is impossible that a good class of overseer can be obtained for the sum, and the result would be mere waste. This point, however, does not concern me; but I would respectfully represent that, if the council is able to afford Rs. 20 for this new sub-overseer, it could certainly afford to pay its present certificated Sanitary Inspector correctly. A man of this class should receive Rs. 35 + Rs. 15. It is important that Tiruvannámalai, as a festival locality, should retain the services of a well-qualified man. The municipality is in possession of the services of a certificated Sanitary Inspector who has completed the course prescribed for an overseer of the Public Works Department.

ORDER—No. 292 M., dated 1st February 1898.

REVISED ESTIMATE FOR 1897–98.

2. The current receipts and charges are now estimated at Rs. 22,320 and Rs. 21,750, respectively, against Rs. 22,420 and Rs. 22,130 anticipated in the sanctioned budget. Although the totals do not differ materially, there is a marked

decrease in the receipts under the tax on arts, tolls and income from markets, which is nearly made good by an increase under the tax on lands, rent of lands, &c., and contributions from local boards and from other bodies, while under charges, the decline, which appears chiefly under Grant 1, is partly counterbalanced by increases under Grants 4 and 5. The attention of the municipal council is drawn to the remarks of the Collector in paragraph 2 of his endorsement regarding the revision of the arts-tax registers.

BUDGET ESTIMATE FOR 1898–99.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 21,840 against the revised estimate of Rs. 22,320, the decrease, which appears under contributions from local boards and from other bodies, being partly met by an increase under income from markets. With reference to the Collector's remarks in paragraph 3 of his endorsement, his attention is drawn to section 194 (1) of the Act, under which the sanction of Government is not necessary for raising the rate of fees on cattle kept in the municipal market. The attention of the municipal council is drawn to the Collector's remarks in paragraph 4 of the same endorsement, regarding the extension of the private scavenging service.

4. *Charges.*—(1) The probable charges are entered as Rs. 21,580 against Rs. 21,750 in the revised estimate, the decrease under Grants 1 and 5 being nearly counterbalanced by an increase under Grants 2 and 3.

(2) *Grant 1.*—With reference to paragraph 5 of the Collector's endorsement, the allotment for repairs—communications will be raised from Rs. 2,400 to Rs. 2,700. The entertainment of a sub-overseer on Rs. 20 and the alteration in the salaries of the two public works maistries, proposed in paragraph 14 of the Chairman's letter, are sanctioned.

(3) *Grant 3.*—The entertainment of a first-class vaccinator on a salary of Rs. 15 per mensem in lieu of the existing second-class man and the additions to the conservancy and private scavenging establishment, proposed in paragraphs 18, 19 and 20, are approved. The remarks of the Sanitary Commissioner in the latter part of his letter read above will be commended to the municipal council for careful consideration.

(4) *Grant 5.*—With reference to G.O., No. 2473 L., dated 22nd December 1897, the contribution for the Central office establishments will be reduced from Rs. 160 to Rs. 143, or Rs. 140 in round numbers.

5. As revised by Government, the budget closes with a balance of Rs. 2,100 or 9·6 per cent. of the estimated receipts.

Municipal Budget.

Revie ing the Tiruvannámalai — for 1898–99.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers:—

From V. VENUGOPAUL CHETTY, Esq., I.C.S., Sub-Collector and Ex-officio Chairman, Municipal Council, Tiruvannámalai, to the Secretary to Government, Local and Municipal Department (through the Collector of South Arcot), dated 22nd December 1897, Cur. No. 723-Eng.

I have the honour to submit herewith the budget estimate of this municipality for the year 1898–99 and the revised estimate for the current year, together with the other prescribed statements and a proposition statement for revision of establishments. A copy of the proceedings of the council passing the budget is also enclosed. The amendments made by the council in passing the budget are now incorporated in it.

Budget for 1898–99.

2. The total estimated receipts of the year aggregate to Rs. 21,840 as against Rs. 22,320 expected in the current year, and Rs. 16,480, the actuals of last year. The decrease below the receipts of this year has been occasioned chiefly by the reduction by the taluk board, from lack of funds, of its promised contribution towards the maintenance of the local hospital from about Rs. 2,200 to Rs. 1,000 per annum. The decrease is also partly attributable to the circumstance that credit has been taken in the current year for large arrears of last year.

4. The principal variations between the budget and the revised estimate for 1897–98 under the several heads of receipts and charges are explained below.

Receipts.

5. *Rates and Taxes.*—The variations here are slight and call for no remarks. Now that vaccination has been made compulsory the increase recommended is provided. The District Medical and Sanitary Officer also supports the proposal.

19. *Conservancy, Road-cleaning, &c., Establishment, Rs.* 2,310.—Provision is here made for adding one peon and four night-soil scavengers to the sanitary staff in accordance with the suggestions of the Sanitary Commissioner on the budget for 1896–97. 20. *Private Scavenging Establishment, Rs.* 170.—The excess provision made is for the appointment of an additional toti, should there be a necessity for the same owing to the extension of the private scavenging system.

21. *Plague charges, Rs.* 400.—The allotment made for the current year has been continued with a slight variation.

22. *Contingencies, Rs.* 3,030.—Of this, Rs. 30 are provided for the removal of prickly-pear and the rest to meet the Karthigai festival sanitary charges.

23. *Grant 4, Lighting—Contingencies, Rs.* 1,050.—The slight excess over the allotment of this year is entered to cover the cost of lighting the additional lamps intended to be put up shortly.

24. *Printing, Rs.* 200.—This represents the ordinary charges under this head.

25. *Market Contingencies, Rs.* 100.—The annual cattle-market is held in an open ground outside the town. As high fees are now levied, it appears desirable to enclose it to prevent evasion of fees. A *kiluvai* fence is therefore intended to be run up and maintained with this sum.

REVISED ESTIMATE.

26. The total receipts for the current year as now revised do not differ much from those entered in the budget estimate already sanctioned by Government, the figures being Rs. 22,320 and Rs. 22,420, respectively.

27. The total charges also show but a slight deviation, the revised estimate of Rs. 21,750 falling short of the budget estimate by Rs. 380. Full explanations for all variations are given in statement VI.

28. The lease of the cattle-market fetched Rs. 3,505 as against Rs. 1,130 last year. The increase is due to the enhancement of the rate of fees from 1 to 4 annas per head of cattle.

29. The increase in the allotment for *Buildings* under *New Works* is due to the order of Government that the toll-sheds should be removed to the extreme municipal limits. The decrease under *Water-supply* is due to the postponement of the Kalyanakinar work pending investigation into the success of the scheme. Rs. 500 of the amount thus set free were utilized by the council in deepening and otherwise repairing several wells whose supply had run short on account of the deficient rainfall this year.

30. The increase of Rs. 200 under *Fairs and Festivals* is due to a large number of carts and men employed in the annual cattle-market and in the town for removal of rubbish and the dung of cattle and to additional accommodation provided for attendants at the cholera sheds.

31. *Printing, Rs.* 300.—Printing charges incurred last year had to be paid now owing to the failure of the printer to send bills in time.

32. *Contributions for Central Office and Audit Establishments, Rs.* 330.—This is the amount sanctioned in G.O., Mis. No. 868 M., dated 13th April 1897.

33. The other items call for no special notice here.

34. The taxes for the first half of the year have been fully collected. Most of the works budgeted for under Grant 1 have been completed. The actual admitted expenditure exclusive of the cost of works completed but not paid for comes to about 58 per cent. of the allotted grant. The realization of the dues for the second half of the year as well as the completion of the few works remaining are likely to be carried out before the close of the official year.

No. 111-Eng.

Submitted to Government in the Local and Municipal Department.

2. It is too late now to revise the house-tax in time to introduce the revised rates in the ensuing year 1898–99; but no sufficient reason has been shown for deferring the revision of the tax on arts till 1899–1900.

3. The enhancement of the rate at which fees on cattle brought to market should be collected is a step in the right direction, and may be sanctioned.

4. The Chairman explains in paragraph 11 of his covering letter the difficulty met with in attempting to extend the system of private scavenging. The difficulty does not, however, appear to be insuperable, and the judicious application of the law against insanitary premises, as suggested by Government in the review on the annual administration report would probably go a long way towards over-coming it. It appears from paragraph 20 of the covering letter that one additional scavenger is to be appointed under this head.

5. The proposed outlay on communications is Rs. 3,000, while the receipt from tolls is expected to be Rs. 6,600. The outlay is a little less than the minimum of 50 per cent.

6. A first-class vaccinator is proposed to be appointed on Rs. 15 per mensem. But the total amount provided is only Rs. 170.

CUDDALORE,
6*th January* 1898.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 10th January 1898, No. 140.

Referring to the budget estimate of the Tiruvannámalai Municipality for 1898–99, I have the honour to state that the allotments made therein under the several heads of Grant 2 may be accepted. The net expenditure proposed is Rs. 1,360 (Rs. 2,430 — 1,070), or about 8·5 per cent. of the estimated income of the municipality from taxation, markets and rents.

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 17th January 1898, No. 38.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Tiruvannámalai Municipality for the year 1898–99 is sufficient and calls for no further remarks.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 28th January 1898, No. 157-S.

Referring to the Tiruvannámalai municipal budget for 1898–99, I have the honour to state that, in view of my remarks on the current and previous year's budgets, touching the status of the municipal vaccinator, the council's proposal contained in paragraph 18 of the Chairman's letter has my support. The allotment for conservancy is Rs. 6,770, and is equal to nearly a third of the estimated current receipts, but a considerable proportion of this (44·3 per cent.) is reserved for expenditure in connection with the annual festival.

2. With reference to paragraph 14 of the Chairman's letter, it is at all times advisable that the functions of the Public Works Overseer and Sanitary Inspector should be distinct. When, however, it is desired in this small municipality to obtain a special overseer on Rs. 20, whilst ignoring the claims of the Sanitary Inspector, as represented by me in paragraph 1 (*c*) of my letter on last year's budget, I think the policy open to question. It is impossible that a good class of overseer can be obtained for the sum, and the result would be mere waste. This point, however, does not concern me; but I would respectfully represent that, if the council is able to afford Rs. 20 for this new sub-overseer, it could certainly afford to pay its present certificated Sanitary Inspector correctly. A man of this class should receive Rs. 35 + Rs. 15. It is important that Tiruvannámalai, as a festival locality, should retain the services of a well-qualified man. The municipality is in possession of the services of a certificated Sanitary Inspector who has completed the course prescribed for an overseer of the Public Works Department.

Order—No. 292 M., dated 1st February 1898.

Revised Estimate for 1897–98.

2. The current receipts and charges are now estimated at Rs. 22,320 and Rs. 21,750, respectively, against Rs. 22,420 and Rs. 22,130 anticipated in the sanctioned budget. Although the totals do not differ materially, there is a marked

decrease in the receipts under the tax on arts, tolls and income from markets which is nearly made good by an increase under the tax on lands, rent of lands, &c., and contributions from local boards and from other bodies, while under charges, the decline, which appears chiefly under Grant 1, is partly counterbalanced by increases under Grants 4 and 5. The attention of the municipal council is drawn to the remarks of the Collector in paragraph 2 of his endorsement regarding the revision of the arts-tax registers.

Budget Estimate for 1898–99.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 21,840 against the revised estimate of Rs. 22,320, the decrease, which appears under contributions from local boards and from other bodies, being partly met by an increase under income from markets. With reference to the Collector's remarks in paragraph 3 of his endorsement, his attention is drawn to section 194 (1) of the Act, under which the sanction of Government is not necessary for raising the rate of fees on cattle kept in the municipal market. The attention of the municipal council is drawn to the remarks in paragraph 4 of the same endorsement, regarding the Collector's extension of the private scavenging service.

4. *Charges.*—(1) The probable charges are entered as Rs. 21,580 against Rs. 21,750 in the revised estimate, the decrease under Grants 1 and 5 being nearly counterbalanced by an increase under Grants 2 and 3.

(2) *Grant 1.*—With reference to paragraph 5 of the Collector's endorsement, the allotment for repairs—communications will be raised from Rs. 2,400 to Rs. 2,700. The entertainment of a sub-overseer on Rs. 20 and the alterations in the salaries of the two public works maistries, proposed in paragraph 14 of the Chairman's letter, are sanctioned.

(3) *Grant 3.*—The entertainment of a first-class vaccinator on a salary of Rs. 15 per mensem, in lieu of the existing second-class man, and the additions to the conservancy and private scavenging establishment, proposed in paragraphs 18, 19 and 20, are approved. The remarks of the Sanitary Commissioner in the latter part of his letter read above will be commended to the municipal council for careful consideration.

(4) *Grant 5.*—With reference to G.O., No. 2473 L., dated 22nd December 1897, the contribution for the Central office establishments will be reduced from Rs. 160 to Rs. 143, or Rs. 140 in round numbers.

5. As revised by Government, the budget closes with a balance of Rs. 2,100 or 9·6 per cent. of the estimated receipts.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From V. VENUGOPAUL CHETTY, Esq., I.C.S., Sub-Collector and Ex-officio Chairman, Municipal Council, Tiruvannámalai, to the Secretary to Government, Local and Municipal Department (through the Collector of South Arcot), dated 22nd December 1897, Cur. No. 723-Eng.

I have the honour to submit herewith the budget estimate of this municipality for the year 1898–99 and the revised estimate for the current year, together with the other prescribed statements and a proposition statement for revision of establishments. A copy of the proceedings of the council passing the budget is also enclosed. The amendments made by the council in passing the budget are now incorporated in it.

BUDGET FOR 1898–99.

2. The total estimated receipts of the year aggregate to Rs. 21,840 as against Rs. 22,320 expected in the current year, and Rs. 16,480, the actuals of last year. The decrease below that of this year has been occasioned chiefly by the reduction by the taluk board, from lack of funds, of its promised contribution towards the maintenance of the local hospital from about Rs. 2,200 to Rs. 1,000 per annum. The decrease is also partly attributable to the circumstance that credit has been taken in the current year for large arrears of last year.

3. The total charges amount to Rs. 21,580 as against Rs. 21,750 of the current year and Rs. 14,930 of the previous year. The budget closes with a balance of Rs. 2,380 equivalent to 10 per cent. of the receipts.

4. The principal variations between the budget and the revised estimate for 1897–98 under the several heads of receipts and charges are explained below.

Receipts.

5. *Rates and Taxes.*—The variations here are slight and call for no remarks. It is proposed to revise next year the tax on buildings as pointed out by Government in the Government order reviewing the administration report of last year and bring the revised rates into operation in 1899–1900, as the council considers it rather too early to do so now, having regard to the fact that the tax was imposed only last year and that the people have not yet become quite accustomed to the taxes already imposed.

6. *Income from Markets, &c., Rs.* 4,060.—The council has resolved to enhance the market fees from 4 to 5 annas per head of cattle next year.

7. *Cart-stand Fees, Rs.* 600.—This amount represents the normal income from this source.

8. *Contributions by Local Boards—Medical, Rs.* 2,110.—This item comprises arrears of contribution of the taluk board relating to 1897–98, viz., Rs. 1,110, and the reduced contribution of Rs. 1,000 per annum promised by it towards the hospital charges.

9. *Other purposes.*—This is the contribution usually paid by the district board on account of the Karthigai festival sanitary arrangements.

10. *Other Grants and Contributions—Other purposes, Rs.* 360.—This represents the contribution promised by the trustee of the local temple and the manager of the Oyamadam towards the Karthigai festival charges.

11. *Private Scavenging.*—The service could not be extended as most of the existing houses have no separate way for the entrance of Pariah toties. Two Odda scavengers have just been appointed for the work to remedy the evil; hence increase is anticipated.

Charges.

12. *Grant 1, New Works.*—The works entered under *Communications* are all tunnels which are much needed. Under the head of *Buildings* are included some corrugated iron dust-bins as usual, two latrines on the standard design with thatched roofs and masonry walls, and extension to the late police hospital by providing it with an enclosed verandah to accommodate the municipal office. Without the verandah the building would be too small for the office. Iron latrines have not been provided for in the estimate this year, as they are too costly and as the municipality can ill-afford to spend a large sum just now for the purpose. The provision under *Water-supply* is made for improving the supply channel of the important sacred bathing tank known as Indratheertham and for supplying drinking-water in two populous quarters of the town which will make the people there desist from using the water of two bathing tanks in the vicinity for drinking.

13. *Repairs.*—The amount entered under *Communications* is nearly as large as that of last year. That shown against *Buildings* is intended for repairing portions of the roof of the travellers' bungalow and of the municipal hospital. The provision under *Water-supply* is needed for repairing some public wells.

14. *Establishment, Rs.* 410.—In addition to the two maistries now entertained provision has been newly made for a sub-overseer on Rs. 20 per mensem. At present the sanitary inspector is in charge of *Public Works* also. The experience of these two years has convinced the council of the necessity for the entertainment of a separate officer for *Public Works*. The total expenditure on *Establishment* comes to only about 8 per cent. of the expenditure on *Public Works*. A re-distribution of the pay of the two maistries by dividing the amount sanctioned equally between them has been proposed now with the concurrence of all the councillors present at the meeting, having regard to the merits of the persons now on duty and the quantity of work turned out by them.

15. *Tools and Plant, Rs.* 60.—This amount is intended for the purchase of some road-making implements and a roller for tamping purposes as well as for repairs to tools.

16. *Grant 2, Education.*—The amounts recommended by the Educational Department, which vary but slightly from the figures for the current year, have been adopted.

17. *Grant 3, Hospitals and Dispensaries.*—The recommendations of the District Medical and Sanitary Officer have been followed.

18. *Vaccination Establishment, Rs.* 170.—A second-class vaccinator on Rs. 10 per mensem is now employed. In his remarks on the budget for 1896–97, the Sanitary Commissioner observes that "in view of the possible introduction of compulsory vaccination into the town at no distant date and of the attention which should be paid in preparing the returns prescribed and in working the compulsory clauses of the Act to any degree of satisfaction, he would recommend the entertainment of a first-class vaccinator on Rs. 15 per mensem." Now that vaccination has been made compulsory the increase recommended is provided. The District Medical and Sanitary Officer also supports the proposal.

19. *Conservancy, Road-cleaning, &c., Establishment, Rs.* 2,310.—Provision is here made for adding one peon and four night-soil scavengers to the sanitary staff in accordance with the suggestions of the Sanitary Commissioner on the budget for 1896–97. The maximum number of peons and scavengers necessary for this municipality has been fixed by that officer at 4 and 25, respectively. As now proposed, the strength of the sanitary staff next year will be 1 sanitary inspector, 3 peons, 16 scavengers and 13 sweepers.

20. *Private Scavenging Establishment, Rs.* 170.—The excess provision made is for the appointment of an additional toti, should there be a necessity for the same owing to the extension of the private scavenging system.

21. *Plague charges, Rs.* 400.—The allotment made for the current year has been continued with a slight variation.

22. *Contingencies, Rs.* 3,030.—Of this, Rs. 30 are provided for the removal of prickly-pear and the rest to meet the Karthigai festival sanitary charges.

23. *Grant 4, Lighting—Contingencies, Rs.* 1,050.—The slight excess over the allotment of this year is entered to cover the cost of lighting the additional lamps intended to be put up shortly.

24. *Printing, Rs.* 200.—This represents the ordinary charges under this head.

25. *Market Contingencies, Rs.* 100.—The annual cattle-market is held in an open ground outside the town. As high fees are now levied, it appears desirable to enclose it to prevent evasion of fees. A *kiluvai* fence is therefore intended to be run up and maintained with this sum.

REVISED ESTIMATE.

26. The total receipts for the current year as now revised do not differ much from those entered in the budget estimate already sanctioned by Government, the figures being Rs. 22,320 and Rs. 22,420, respectively.

27. The total charges also show but a slight deviation, the revised estimate of Rs. 21,750 falling short of the budget estimate by Rs. 380. Full explanations for all variations are given in statement VI.

28. The lease of the cattle-market fetched Rs. 3,505 as against Rs. 1,130 last year. The increase is due to the enhancement of the rate of fees from 1 to 4 annas per head of cattle.

29. The increase in the allotment for *Buildings* under *New Works* is due to the order of Government that the toll-sheds should be removed to the extreme municipal limits. The decrease under *Water-supply* is due to the postponement of the Kalyanakinar work pending investigation into the success of the scheme. Rs. 500 of the amount thus set free were utilized by the council in deepening and otherwise repairing several wells whose supply had run short on account of the deficient rainfall this year.

30. The increase of Rs. 200 under *Fairs and Festivals* is due to a large number of carts and men employed in the annual cattle-market and in the town for removal of rubbish and the dung of cattle and to additional accommodation provided for attendants at the cholera sheds.

31. *Printing, Rs.* 300.—Printing charges incurred last year had to be paid now owing to the failure of the printer to send bills in time.

Revised estimate for 1897-98.

2. The current receipts and charges are now estimated at Rs.22,420 and Rs.21,750 respectively, against Rs.22,420 and Rs.22,130 anticipated in the sanctioned budget. Although the totals do not differ materially there is a marked decrease in the receipts under the tax on arts, tolls and income from markets which is nearly made good by an increase under the tax on lands, rent of lands &c, and contributions from local boards and from other bodies while under charges, the decline which appears chiefly under grant 1, is partly counterbalanced by increases under grants 4 and 5. The attention of the Municipal Council is drawn to the remarks of the Collector in para.2 of his endorsement regarding the revision of the arts-tax registers.

Budget estimate for 1898-99.

3. Receipts The receipts for the ensuing year are put down at Rs.21,840 against the revised estimate of Rs.22,320, the decrease which appears under contributions from local boards and from other bodies being partly met by an increase under income from markets. With reference to the Collector's remarks in para.3 of his endorsement, his attention is drawn to section 194 (1) of the Act, under which the sanction of Government is not necessary for raising the rate of fees on cattle kept in the Municipal market.

4. Charges (1) The probable charges are entered as Rs.21,580 against Rs.21,750 in the revised estimate, the decrease under grants

The attention of the Municipal Council is drawn to the remarks in para. 4 of the same endorsement, regarding the Collector's extension of the private scavenging service.

grants 1 and 5 being nearly counter-balanced by an increase under grants 2 and 3.

(2) Grnat 1. With reference to para. 5 of the Collector's endorsement, the allotment for repairs, communications, will be raised from Rs.2,400 to Rs.2,700. The entertainment of a Sub-overseer on Rs.20 and the alterations in the salaries of the two public works maistries proposed in para.14 of the Chairman's letter, are sanctioned.

(3) Grant 5 - ~~The remarks of the Sanitary Commissioner on this portion of the budget will be awaited.~~ The entertainment of a first class vaccinator on Rs.15, a salary of Rs 15 per measem, in lieu of the existing second class man, and the additions to the Conservancy establishment proposed in paras. 18, 19 & 20, are approved. The remarks of the Sanitary Commissioner in the latter part of his letter read above, will be Carefully considered by the municipal Council for consideration.

(4) Grant 5.- With reference to G.O.No. 2473 L, dated 22nd December 1897, the contribution for the central office establishments will be reduced from Rs.160 to Rs.143 or Rs.140 in round numbers.

5. As revised by Government, the budget closes with a balance of Rs.2,600 or 9.6 per cent of the estimated receipts.
