The Chairman of Ellore Municipality
Ellore,

Sir,

In reference to your letter No $\frac{106}{24-5-97}$ just received, I have the honor to state that I am not in a position to give you off hand reasons for a fall in the amount of Bench fines as compared with last year, as I am not in receipt from you of information regarding the number of Bench cases disposed of during the two years, and the nature of offences constituting such cases. Generally speaking, I think the Bench Magistrates were lenient in awarding fines during the year 1896-97. On account of the unfavourable season & the fall in the fines might be partly attributed to this cause.

I have the honor to be
Sir,
Your most obedient Servant.

Sir,

In reference to G. O. No. 1941 M dated the 6th September 1897, I have the honor to report as follows:—

2. Para 3(1). Remarks in paras 2 & 3 of the Divisional officer and the District Collector.—

Regarding tax on Buildings, I beg to state that the Government Buildings are taxed on the probable value of the buildings, the rented buildings are taxed on the actual rent value, and the remaining buildings are taxed on the probable rent value, taking into consideration the importance of locality where the buildings are situated and that it will be seen that no inequalities exist in the matter of house-taxation and that uniformity of principle is observed whenever house-tax had to be raised.

The Secretary to Government

Sir,

In reference to G. O. No. 1941 M dated the 6th September 1897, I have the honor to report as follows.—

2. Para 3 (1). Remarks in paras 2 & 3 of the Divisional officer and the District Collector.—

Regarding tax on Buildings, I beg to state that the Government Buildings are taxed on the probable value of the buildings, the rented buildings are taxed on the actual rent value, and the remaining buildings are taxed on the probable rent value, taking into consideration the importance of — locality where the buildings are situated and that it will be seen that no inequalities exist in the matter of house-taxation and that uniformity of principle is observed whenever house-tax had to be raised.

3. Para 3 (2). Tax on Lands.

(a) Railway lands. Rs 60 were assessed on this land on 30-3-97 according to the measurements taken by the Municipal Surveyor. After a great deal of correspondence, the Railway officers said that the land measured only 52 acres and requested for a plan of the land on 20-10-97 and thus the matter is still pending.

(b) Harbour. Rs 150 were assessed on the land on 30th March 1897. The Executive Engineer, Kistna Eastern Division, informed in his letter no. 183 M.S. d/ 8/13 May 1897 that the land would come under Chapter III Sec 63 para 2 as land unappropriated to buildings and that the claim should have been for half the amount actually claimed. A reply was sent in this office letter no. 216 dated 23-7-97 stating that the vacant site only was assessed and now the matter is still under reference.

4. Para 3 (3) Fines under Municipal and other Acts. In para 30 of this office letter no. 125 dated 30th May 1897 the decrease under this head was attributed to the leniency of the Bench of Magistrates in awarding fines, and I fail to find out what basis the Divisional officer and the District Collector had made the observations in paras 3 and 4 of their respective endorsements, notwithstanding the reasons given by the Chairman of the Bench of Magistrates in his letter Dis no. 31 dated 28-5-97 (copy enclosed) that the decrease was due to the leniency of fines on account of the unfavourable season.

5 Para 4 (4) Regarding cases under re-vaccination. These cases were such as were vaccinated with success 5 or 6 years after the successful primary vaccination and were being classed as operations on persons in whose case the primary vaccination had been previously successful.

I have the honor to be

2. The delay in regard to the disposal of the question of the tax on "Railway lands" and the "Harbour" referred to in para 3 (a) & (b) of the Chairman's letter is inordinate. The matter will be looked into and speedily disposed of.

3. The Stationary Sub-Magistrate says that the fall in the fines is only partly attributable to the leniency of the Bench and the Chairman is not right in stating that the entire decrease was admitted to be due to that cause. There can be no doubt that the Municipal Executive is partly answerable for this. The Chairman will be requested to see that supervision is properly and closely exercised over his Subordinate Sanitary Staff.

2. Para 3 (1) I shall bring to notice any inequalities in the matter of House-tax which may come to light in the course of the current year.

3. 3(3) As regards the decrease in the fines under Municipal and other acts the explanation of the Chairman of the Bench will be submitted on receipt. No doubt the Chairman of the Bench states in his letter Dis No. $\frac{31}{Magl}$ of 97 dated 28-5-97 to the chairman that the decrease may be partly due to the leniency of the Bench Magistrates, but from this it is not clear whether the decrease might not also be due to the fall in the number of prosecutions as surmised by my predecessor.
