Municipal Budget.

Reviewing the Anakápalle — for 1898–99.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers :—

From R. B. WOOD, Esq., Ex-officio Chairman, Municipal Council, Anakápalle, to the Secretary to Government, Local and Municipal Department (through the Head Assistant Collector, Narasapatnam), dated 25th December 1897, No. 373.

I have the honour to submit herewith the revised estimate for 1897–98 and the budget estimate for 1898–99 with the usual statements.

Revised Estimate for 1897–98.

Receipts.

2. The total receipts for the year amount to Rs. 15,370 as compared with Rupees 15,610 estimated in the sanctioned budget. The balance brought forward from the last year was Rs. 4,440, making the gross amount available for expenditure during the current year Rs. 19,810. The decrease is chiefly under the item of "Tax on arts, &c.," which was revised during the year in accordance with the provisions of schedule A appended to the Madras Amendment Act III of 1897. The details are as follow.

3. *Tax on Arts, &c.*—The amount anticipated under this head in the sanctioned budget was Rs. 1,790, but the tax register was revised during the year by the Chairman as per amended schedule A of the Amendment Act III of 1897. The demand thus assessed by the Chairman was Rs. 1,330, of which the council remitted on appeal Rs. 90, leaving a final demand of Rs. 1,240.

4. *Tax on Buildings.*—The budget estimate, nearly all of which is realizable, was Rs. 2,470. Owing to the assessment of some new houses and the collection of arrears, the year's receipts will amount to Rs. 2,500, showing an increase of Rs. 30.

5. *Tax on Lands.*—The small increase over the amount estimated in the budget is due to the inclusion in it of the outstanding arrears of last year.

6. *Tax on Vehicles with springs and Palanquins.*—The amount estimated to be realized during the current year is Rs. 20 against Rs. 50 in the budget. The decrease as compared with the sanctioned budget is due to over estimate.

7. *Tolls.*—The sum of Rs. 9,400 was received as against Rs. 9,000 anticipated in the budget. Of this sum, however, only Rs. 3,760 (or 40 per cent.) was available for expenditure, the other 60 per cent. going to the district board. The net increase, therefore, under this head is Rs. 160 only.

8. *Conservancy Receipts—Sale-proceeds of Night-soil and Street-refuse, &c.*—A sum of Rs. 180 was received under this item as against Rs. 120 anticipated in the budget. The increase is due to the collection of outstanding arrears in the current year.

9. *Fees from Educational Institutions.*—An increase of Rs. 40 is seen under this head, Rs. 1,240 being the probable receipts as against Rs. 1,200 estimated when the budget was prepared. The small increase over the budget is attributable to increased attendance in the middle school.

10. *Income from Markets and Slaughter-houses.*—Rs. 710 are expected from the former source as against Rs. 700 estimated in preparation of the budget, and Rs. 140 from the slaughter-house as against Rs. 120 anticipated in the budget. The increase in both items is due to keener competition than formerly at the auction sale of the privilege of collecting fees, selling goods and slaughtering cattle, respectively.

11. *Distraint Fees.*—The increase of Rs. 10 over the budget estimate is due to the introduction of "Warrant fees" levied under the District Municipalities Act, as amended by Madras Act III of 1897.

12. *Cart-stand Fees.*—A sum of Rs. 570 was received under this head as against Rs. 530 anticipated in the budget. The increase over the budget is due to keen competition among bidders at the auction sale, when the right of collecting the cart-stand fees for the current year was sold.

13. *Grants and Contributions from Government—Education—Other Purposes.*—Rs. 80 will be the receipts from this source as compared with Rs. 40 estimated in the budget. The increase is due to the collection of outstanding arrears in the current year.

14. *Private Scavenging.*—Rs. 400 will be the receipts from this source as compared with Rs 500 estimated in the budget. The decrease under the budgeted amount may be attributed to the fact that, on the receipt of complaints from most of the owners of private latrines cleaned by the municipal agency regarding the *enhanced rate* of fees, the council has resolved to reduce the rate of fees and thereby increase the number of private latrines under the private scavenging system. The increase has, however, been less than estimated; efforts are being made to extend the system.

15. *Contribution from Local Funds—Other Purposes.*—Credit is taken for Rs. 50 in the revised estimate under contributions from local funds towards the cost of survey of lands in this municipality (*vide* paragraph 32 *infra*).

Charges.

16. The probable charges for the year are now put down at Rs. 19,490 as compared with Rs. 19,110 estimated in the budget, leaving a balance of Rs. 320 to carry forward to next year. The proposed expenses for the year, so far as they differ from the budget already sanctioned, are detailed below.

17. *Grant 1.*—The total expenses under this grant will be Rs. 5,910, as compared with Rs. 6,320 provided in the budget.

18. *New Works—Communications.*—Rs. 500 were allotted in the current year's budget towards raising the Malapalle road, in order to relieve the new station road of some of the enormous traffic which passes over it. But, on the receipt of a duly prepared estimate for the work amounting to Rs. 720, the council has on further consideration rejected the estimate on the ground that additional funds were required for the upkeep of the existing town roads in good repairs, but sanctioned, however, a sum of Rs. 90 for completing the construction of the Santhabayalu road which was commenced last year. The remaining sum of Rs. 410 is now proposed to be transferred from "New Works—Communications" to "Repairs—Communications."

19. *New Works—Buildings.*—The amount allotted in the budget under this head was Rs. 3,490.

(*a*) Owing to the high cost of grain in July and August, a sum of Rs. 104 was transferred from this item to be distributed as famine batta at Re. 1 each to 104 municipal servants drawing Rs. 10 and under.

(*b*) Rs. 90 were allotted in the budget for the construction of three thatched sheds—one for Pariahs' school and two for two result schools. Sites for constructing them not being available at present, it is now proposed to defer these works for the next year.

(*c*) A sum of Rs. 3,000 was allotted in the budget for constructing the municipal office building in this municipality, but the estimate for the work scrutinised by the Superintending Engineer amounts to Rs. 2,850.

With these changes the revised estimate stands at Rs. 3,150.

20. *New Works—Drainage.*—A piece of land for the extension of the Kotina Vidhi drain was acquired under the Land Acquisition Act at a cost of Rs. 97. Hence the increase over the budget grant under this head.

21. *Repairs—Communications.*—The amount allotted under this head in the budget was Rs. 1,300 and it was subsequently found to be inadequate to keep the twelve miles of the town roads in good repair. Hence the transfer of Rs. 410 from "New Works—Communications" proposed in paragraph 18 *supra.*

22. *Repairs—Buildings.*—Most of the public latrines in the town having been newly constructed and repaired during the latter part of last year require very little repairs in the current year. Hence the decrease of Rs. 50 under the budget allotment of Rs. 130.

23. *Repairs—Water-supply.*—All the public drinking-water wells were put in good repair at a cost of Rs. 30 and will probably require very little repairs during the last four months of the year. Hence the decrease of Rs. 40 under the budget grant of Rs. 70.

24. *Grant 2, Education.*—The probable charges are Rs. 2,450 as compared with Rs. 2,730 allotted in the budget for the year. The decrease is accounted for as follows.

25. *Municipal Schools on Salary System—Establishment.*—The probable charges are Rs. 1,150 against Rs. 1,260 allotted in the budget. Owing to the absence on other duty of the permanent headmaster, for whom a monthly salary of Rs. 50 is provided, and to the acting headmaster drawing only Rs. 40 per mensem, there is a decrease of Rs. 110.

26. *Contingencies.*—There is a decrease of Rs. 40 under the budget grant of Rs. 90. The item being of a fluctuating nature calls for no special remark.

27. *Municipal Schools on Salary-result System—(b) Result Grants.*—The actual charges under this item never exceed Rs. 100. Hence the probable charges under this head are estimated to amount to Rs. 100.

28. *Grant 3, Sanitation and Medical Service.*—The amount allotted in the budget for this grant was Rs. 7,580 and the charges as per revised estimate are Rs. 7,450. The variations under this head are as follow.

29. *Hospital—Establishment.*—The charges under this head are estimated to amount to Rs. 1,500 against Rs. 1,350 provided in the budget. The permanent hospital assistant was sent to the Madras Medical College for training. The District Medical and Sanitary Officer, in his letter, No. 2046-S., dated 15th September 1896, promised to send without additional cost to the municipality an hospital assistant in the Government service to act for the permanent man while under training. The Accountant-General, on a reference from the Treasury Deputy Collector, Vizagapatam, regarding the payment of salary of the acting hospital assistant, disallowed the payment of the salary of the acting hospital assistant, stating that not more than one-eighth pay and allowance of the medical subordinates under the municipal council can be paid from Provincial funds. The seven-eighths pay of the acting hospital assistant for six months was therefore paid from Municipal funds of the current year, which is an additional and unforeseen charge over the allotment. Hence the increase.

30. *Plague Charges.*—No charges were incurred under this head during the first eight months of the current year. Under the arrangements recently made to combat the plague in case it breaks out here, the probable charges are estimated at Rs. 500. Hence the decrease of Rs. 180 under the budget grant.

31. *Grant 4.*—The total charges under this grant are put down at Rs. 770 as against Rs. 700 provided in the budget. They are due to—

(*a*) "Survey of land" and (*b*) Contribution to the Queen's Commemoration Committee, Madras, towards the cost of casket, &c.

32. (7) *Survey of Land.*—The Collector and President, District Board, Vizagapatam, proposed that the limits of this municipality be revised and re-arranged. Thereupon this council passed the following resolution:—

"If the President, District Board, is willing to decrease its share of tolls from 60 per cent. to 25 per cent. with the understanding that if in future it is found that our increased revenue from tolls is not equal to our loss of land-tax, the percentage will be still further decreased to an amount equal to such loss, then the council will agree to the proposals made by the President of District Board" . . . .

In order to ascertain the loss of land-tax which will be sustained by this council by the proposal of the President, District Board, a survey of lands in this municipality is being made at the cost of both the municipality and the district board. Hence a sum of Rs. 100 is provided in the revised estimate for the current year towards the expenses of the survey.

33. *Miscellaneous—Other Charges—Other Items.*—A sum of Rs. 15 was paid to the Queen's Commemoration Committee, Madras, towards the expenses of submitting an address to Her Majesty the Queen-Empress of India.

34. *Grant 5.*—Calls for no special remarks.

35. *Refunds of other than Current Collections.*—Owing to a determined effort on the part of a few who instigated many others to oppose the council in closing a large vacant ground near the slaughter-house which had long been a nuisance in the municipality, a charge under section 277 of the Act was preferred against 55 persons before the Bench Magistrates. The Bench Magistrates, Anakápalle, imposed fines on 55 persons amounting to upwards of Rs. 1,100 and this sum was credited to Municipal funds under "Magisterial fines" last year. The Huzur Deputy Magistrate has reduced the amount of fine on appeal and ordered the refund of Rs. 1,140 to the accused. Hence the refund of other than the current collections.

BUDGET ESTIMATE FOR 1898–99.

Receipts.

36. The rates and taxes hitherto existing in this municipality are again adopted with the addition of "Water and drainage tax on buildings and lands," the estimated total receipts from all sources being Rs. 15,670. The details are as follow.

37. *Tax on Arts, &c.*—The sum of Rs. 1,250 is the amount anticipated from this source, Rs. 1,240 being realizable during the current year.

38. *House-tax.*—Rs. 2,500 may be estimated under this head.

39. *Land-tax.*—Rs. 2,400 is entered as the expected receipts from land tax. It is true that a survey is being carried out in order to exclude from municipal limits a large portion of lands now included in the municipality. The result of this will be a great decrease in the income from this source, but it is not expected that the proposed alteration will come into effect until after 1898–99.

40. *Water-tax on Buildings and Lands.*—The council has resolved to institute the water and drainage tax under section 75 of the Municipal Act for this year in order to supply the deficiency caused by special plague charges. The annual cost of water and drainage to the municipality is about Rs. 500 and the council therefore recommends a water and drainage tax of 3 pies in the rupee to be levied from all lands and buildings of an annual rental exceeding Rs. 25; houses and lands of a rental of Rs. 25 and under are proposed to be exempted. Rs. 500 are expected from this source.

41. *Tax on Vehicles, Animals and Carts.*—The figures of the revised estimate, viz., Rs. 720, are adopted for the next year.

42. *Tolls.*—Rs. 9,000 is again likely to be realized from this source of revenue, of which 60 per cent. goes to the district board as its share. The municipal share is therefore estimated to amount to Rs. 3,600.

43. *Produce of Lands, Gardens, &c.*—A sewage farm has been started in connection with the night-soil depôt and Rs. 80 is expected from this source.

44. *Conservancy Receipts.*—Rs. 120 will again be realized during the next year 1898–99.

45. *Fees from Educational Institutions.*—The income from this source of revenue for the next year is put down at Rs. 1,230 as suggested by the Educational officers.

46. *Sale-proceeds of Medicines.*—The revised estimate figure is adopted for the next year.

47. *Income from Markets, Slaughter-houses and Cart-stand.*—Rs. 710, Rs. 140, and Rs. 550 are anticipated from these three sources, respectively, during the next year.

48. *Fines under Municipal and other Acts.*—Rs. 600 are anticipated from this source of income.

49. *Grants from Government and Local Boards.*—One-third of the gymnastic instructor's pay is taken credit for under grants from Government and a sum of Rs. 500 is anticipated from local fund board on account of hospital expenses. A further sum of Rs. 50 is expected from the district board towards survey charges to be incurred in the next year.

50. *Private Scavenging.*—The figure in the revised estimate for the current year is adopted for 1898–99 also, namely, Rs. 400.

Charges.

51. The total estimated charges amount to Rs. 15,310, leaving a closing balance of Rs. 680. Those that call for comment are noted below:—

52. *Grant 1, New Works.*—A sum of Rs. 100 is allotted towards metalling and gravelling the road leading to Nookalamma's temple, which has a large traffic passing over it during the time of Nookalamma's festival annually. Rs. 200 are provided for the completion of two iron latrines on standard plan—one on Malapalle road and the other on the slaughter-house road—commenced in the current year. Rs. 100 are allotted for constructing a platform and drains to the public drinking-water well at Gollavidhi, which was constructed two years ago by this council at a cost of Rs. 480.

53. *Repairs.*—For repairs to all the roads in the municipality, a sum of Rs. 1,700 is allotted. Rs. 70 will be devoted to repairs to existing latrines and Rs. 30 to repairing the two cart-stand sheds. To re-excavate some drainage channels, Rs. 50 is appropriated and Rs. 20 for minor repairs to the municipal wells.

54. The allotments made for "Establishment for flushing drains, &c." and "Public Works establishment" are the same as those of last year.

55. *Grant 2, Education.*—Substantially the proposals of the Inspector of Schools are followed, but the suggestions noted below are not adopted, funds not warranting the increased expense for these items:—

(*a*) To improve the upper primary school at a cost of Rs. 500.
(*b*) To build Pariahs' school at a cost of Rs. 300.
(*c*) Entertainment of a drawing master.
(*d*) Increasing the amount of result grants from Rs. 400 to Rs. 500.

The headmaster of the middle school is granted an honorarium of Rs. 5 per mensem in consideration for his work as inspector of the primary schools in the municipality. The municipal upper primary school constructed at a cost of Rs. 688 (including the cost of raising the site, &c.) will be completed in the current year from the funds allotted in the current year.

The salaries provided are the same as paid last year.

56. *Grant 3, Sanitation and Medical Service—Hospital Establishment.*—Rupees 1,190 are provided as compared with Rs. 1,350 in the sanctioned budget for the current year. The decrease is due to the fact that the services of the temporary midwife on Rs. 20 per mensem are no longer required by the council, the permanent midwife on Rs. 12 per mensem having returned to duty from training.

Medicines, diet of patients and contingencies are provided for as usual.

57. *Conservancy—Establishment.*—The salaries provided are the same as those paid last year. One additional man on Rs. 4 per mensem has been provided for to look after the sewage farm newly instituted.

The Government having, in G.O., Mis. No. 1363 M., dated 7th June 1897, directed that the sanitary inspector of this municipality be sent up to Madras for training, a sum of Rs. 80 is allotted for the cost of training the present sanitary inspector for six months including his travelling expenses. Thus the total allotment for establishment will be Rs. 3,650 instead of Rs. 3,520. Under "Other charges" Rs. 360 are allotted for maintaining the eight municipal bullocks and for repairs of the conservancy carts, &c., charges.

58. *Private Scavenging—Establishment.*—The salaries provided are the same as in the revised estimate for the current year.

59. *Epidemic Charges.*—Rs. 680 are allotted for expenses connected with plague in accordance with G.O., No. 1985 M., dated 18th November 1896.

60. *Grant 4.*—Usual charges are provided for under this grant with the exception of Rs. 100 towards the cost of "Survey of land," which is expected to be finished during the first quarter of the next official year 1898–99.

61. *Grant 5.*—The salaries provided for the office and collection establishments are the same as those paid last year, but the "Office contingencies" are reduced from Rs. 150 to Rs. 80, as the council will incur no charges on account of office house-rent next year, owing to the construction of the new municipal office building being completed in the current year.

62. *Repayment of Debt.*—Rs. 370 are allotted for the instalment due for the repayment of the debt of Rs. 3,000 lent by Government to build the new municipal office.

Copy of the council's resolution passing the budget is enclosed.

No. C. 13.

Forwarded.

(Signed) W. O. HORNE,
Ag. Collector.

4th January 1898.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 15th January 1898, No. 303.

Referring to the budget estimates of the Anakápalle Municipality for 1898–99, I have the honour to state that the allotments made therein under the several heads of Grant 2 may be accepted, with an addition of Rs. 250 for the entertainment of a drawing master for the schools in the municipality (Rs. 220 for his salary for eleven months, at Rs. 20 per mensem, and Rs. 30 for contingencies), credit being, at the same time, taken for a grant of Rs. 110 from Provincial funds, subject to the provisions of the Grant-in-aid Code. With this addition, the net expenditure proposed on education will be Rs. 1,420 (2,800—1,380), or about 12 per cent. of the estimated income from taxation and markets.

2. A pucka building for the Pariah school is absolutely necessary, and I would strongly recommend that a sum of Rs. 300 be allotted for the purpose under Grant 1.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 26th January 1898, No. 130-S.

I have the honour to state that the programme of expenditure drawn up by the Anakápalle municipal council for the ensuing year, in so far as it concerns vaccination and conservancy, does not present any special features for comment. The proposed sanitary outlay is about a third of the probable receipts. With reference to paragraph 57 of the Chairman's letter, I have to remark that the sanitary Inspector therein mentioned has not yet reported his arrival here.

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 27th January 1898, No. 82.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Anakápalle Municipality for the year 1898–99 is sufficient and calls for no further remarks.

ORDER—No. 406 M., dated 18th February 1898.

The estimated receipts and charges of the Anakápalle Municipality for 1898–99, as passed by Government, are compared below with the budget and revised estimates for the year 1897–98 and the actuals of 1896–97 :—

—	Actuals, 1896–97.	Budget estimate, 1897–98.	Revised estimate, 1897–98.	Budget estimate, 1898–99.

REVISED ESTIMATE FOR 1897–98.

2. The current receipts and charges are now estimated at Rs. 15,370 and Rupees 19,490, respectively, against Rs. 15,610 and Rs. 19,110 anticipated in the sanctioned budget. The decrease in the receipts occurs chiefly under the tax on arts, while the increase in the charges, which appears mainly under refunds, is partly met by a decrease under Grants 1 and 2. The collections under the tax on lands and the expenditure on new works—buildings during the first eight months of the year were most unsatisfactory. Under section 218 of the Act, the sanction of Government is required for reducing the rate of the private scavenging fees, referred to in paragraph 14 of the Chairman's letter. This should be obtained at an early date. The transfers of funds referred to in paragraphs 18 and 19 (*a*) are sanctioned.

BUDGET ESTIMATE FOR 1898–99.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 15,670 against the revised estimate of Rs. 15,370, the increase, which occurs chiefly under the water and drainage tax, being partly counterbalanced by a decrease under tolls. Under the proviso to section 47 of the Act, the municipal council's proposal in paragraph 40 to levy a water and drainage tax of 3 pies in the rupee, with a view to supply the deficiency caused by special plague charges, cannot be approved. The amount taken credit for under this head will, therefore, be struck out; but as this deficiency can be easily met by raising the rate of the taxes on buildings and lands from $6\frac{1}{4}$ to 7 per cent. of the annual rent value, the municipal council is requested to show cause, under section 49 of the Act, within one month from the date of receipt of this order, why this proposal should not be adopted. Meanwhile the credit taken under this head will be raised by Rs. 600.

4. *Charges.*—(1) The probable charges are entered as Rs. 15,310 against Rupees 19,490 in the revised estimate, the decrease being mainly under Grant 1 and refunds.

(2) *Grant 2.*—The municipal council's proposal to grant an allowance of Rs. 5 per mensem to the headmaster of the municipal middle school for supervising the primary schools in the town is sanctioned. The reduction of Re. 1 in the pay of the peon attached to the upper primary school, which from statement II-B appears to be contemplated, is approved; but reference to this should have been made in the Chairman's letter. The suggestions of the Director of Public Instruction in his letter read above for the entertainment of a drawing master for the schools in the municipality, and the construction of a building for the Pariah school, will be referred to the municipal council for consideration.

(3) *Grant 3.*—The entertainment of a sewage farmer on Rs. 4 per mensem proposed in paragraph 57, is sanctioned, and the alteration in the private scavenging establishment, which from statement II-B and the proposition statement appears to

be contemplated, is approved; but reference to this latter proposal should have been made in the Chairman's letter. The attention of the municipal council is drawn to the remarks of the Sanitary Commissioner in the concluding portion of his letter read above.

(4) *Grant 5.*—With reference to G.O., No. 2473 L., dated 22nd December 1897, the contribution for the Central office establishments will be reduced from Rs. 180 to Rs. 147, or Rs. 150 in round figures.

5. As revised by Government, the budget closes with a balance of Rs. 810, or 5·1 per cent. of the estimated receipts.

6. The Chairman's letter was disfigured by numerous faults in style and grammar. This is very unsatisfactory and care should be taken to avoid such mistakes in future. These have now been corrected.

Municipal Budget.

Reviewing the Anakápalle — for 1898–99.

5/3/98

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following papers :—

From R. B. WOOD, Esq., Ex-officio Chairman, Municipal Council, Anakápalle, to the Secretary to Government, Local and Municipal Department (through the Head Assistant Collector, Narasapatnam), dated 25th December 1897, No. 373.

I have the honour to submit herewith the revised estimate for 1897–98 and the budget estimate for 1898–99 with the usual statements.

REVISED ESTIMATE FOR 1897–98.

Receipts.

2. The total receipts for the year amount to Rs. 15,370 as compared with Rupees 15,610 estimated in the sanctioned budget. The balance brought forward from the last year was Rs. 4,440, making the gross amount available for expenditure during the current year Rs. 19,810. The decrease is chiefly under the item of "Tax on arts, &c.," which was revised during the year in accordance with the provisions of schedule A appended to the Madras Amendment Act III of 1897. The details are as follow.

3. *Tax on Arts, &c.*—The amount anticipated under this head in the sanctioned budget was Rs. 1,790, but the tax register was revised during the year by the Chairman as per amended schedule A of the Amendment Act III of 1897. The demand thus assessed by the Chairman was Rs. 1,330, of which the council remitted on appeal Rs. 90, leaving a final demand of Rs. 1,240.

4. *Tax on Buildings.*—The budget estimate, nearly all of which is realizable, was Rs. 2,470. Owing to the assessment of some new houses and the collection of arrears, the year's receipts will amount to Rs. 2,500, showing an increase of Rs. 30.

5. *Tax on Lands.*—The small increase over the amount estimated in the budget is due to the inclusion in it of the outstanding arrears of last year.

6. *Tax on Vehicles with springs and Palanquins.*—The amount estimated to be realized during the current year is Rs. 20 against Rs. 50 in the budget. The decrease as compared with the sanctioned budget is due to over estimate.

7. *Tolls.*—The sum of Rs. 9,400 was received as against Rs. 9,000 anticipated in the budget. Of this sum, however, only Rs. 3,760 (or 40 per cent.) was available for expenditure, the other 60 per cent. going to the district board. The net increase, therefore, under this head is Rs. 160 only.

8. *Conservancy Receipts—Sale-proceeds of Night-soil and Street-refuse, &c.*—A sum of Rs. 180 was received under this item as against Rs. 120 anticipated in the budget. The increase is due to the collection of outstanding arrears in the current year.

9. *Fees from Educational Institutions.*—An increase of Rs. 40 is seen under this head, Rs. 1,240 being the probable receipts as against Rs. 1,200 estimated when the budget was prepared. The small increase over the budget is attributable to increased attendance in the middle school.

10. *Income from Markets and Slaughter-houses.*—Rs. 710 are expected from the former source as against Rs. 700 estimated in preparation of the budget, and Rs. 140 from the slaughter-house as against Rs. 120 anticipated in the budget. The increase in both items is due to keener competition than formerly at the auction sale of the privilege of collecting fees, selling goods and slaughtering cattle, respectively.

11. *Distraint Fees.*—The increase of Rs. 10 over the budget estimate is due to the introduction of "Warrant fees" levied under the District Municipalities Act, as amended by Madras Act III of 1897.

12. *Cart-stand Fees.*—A sum of Rs. 570 was received under this head as against Rs. 530 anticipated in the budget. The increase over the budget is due to keen competition among bidders at the auction sale, when the right of collecting the cart-stand fees for the current year was sold.

13. *Grants and Contributions from Government—Education—Other Purposes.*—Rs. 80 will be the receipts from this source as compared with Rs. 40 estimated in the budget. The increase is due to the collection of outstanding arrears in the current year.

14. *Private Scavenging.*—Rs. 400 will be the receipts from this source as compared with Rs. 500 estimated in the budget. The decrease under the budgeted amount may be attributed to the fact that, on the receipt of complaints from most of the owners of private latrines cleaned by the municipal agency regarding the *enhanced rate* of fees, the council has resolved to reduce the rate of fees and thereby increase the number of private latrines under the private scavenging system. The increase has, however, been less than estimated; efforts are being made to extend the system.

15. *Contribution from Local Funds—Other Purposes.*—Credit is taken for Rs. 50 in the revised estimate under contributions from local funds towards the cost of survey of lands in this municipality (*vide* paragraph 32 *infra*).

Charges.

16. The probable charges for the year are now put down at Rs. 19,490 as compared with Rs. 19,110 estimated in the budget, leaving a balance of Rs. 320 to carry forward to next year. The proposed expenses for the year, so far as they differ from the budget already sanctioned, are detailed below.

17. *Grant 1.*—The total expenses under this grant will be Rs. 5,910, as compared with Rs. 6,320 provided in the budget.

18. *New Works—Communications.*—Rs. 500 were allotted in the current year's budget towards raising the Malapalle road, in order to relieve the new station road of some of the enormous traffic which passes over it. But, on the receipt of a duly prepared estimate for the work amounting to Rs. 720, the council has on further consideration rejected the estimate on the ground that additional funds were required for the upkeep of the existing town roads in good repairs, but sanctioned, however, a sum of Rs. 90 for completing the construction of the Santhabayalu road which was commenced last year. The remaining sum of Rs. 410 is now proposed to be transferred from "New Works—Communications" to "Repairs—Communications."

19. *New Works—Buildings.*—The amount allotted in the budget under this head was Rs. 3,490.

(*a*) Owing to the high cost of grain in July and August, a sum of Rs. 104 was transferred from this item to be distributed as famine batta at Re. 1 each to 104 municipal servants drawing Rs. 10 and under.

(*b*) Rs. 90 were allotted in the budget for the construction of three thatched sheds—one for Pariahs' school and two for two result schools. Sites for constructing them not being available at present, it is now proposed to defer these works for the next year.

(*c*) A sum of Rs. 3,000 was allotted in the budget for constructing the municipal office building in this municipality, but the estimate for the work scrutinised by the Superintending Engineer amounts to Rs. 2,850.

With these changes the revised estimate stands at Rs. 3,150.

20. *New Works—Drainage.*—A piece of land for the extension of the Kotina Vidhi drain was acquired under the Land Acquisition Act at a cost of Rs. 97. Hence the increase over the budget grant under this head.

21. *Repairs—Communications.*—The amount allotted under this head in the budget was Rs. 1,300 and it was subsequently found to be inadequate to keep the twelve miles of the town roads in good repair. Hence the transfer of Rs. 410 from "New Works—Communications" proposed in paragraph 18 *supra.*

22. *Repairs—Buildings.*—Most of the public latrines in the town having been newly constructed and repaired during the latter part of last year require very little repairs in the current year. Hence the decrease of Rs. 50 under the budget allotment of Rs. 130.

23. *Repairs—Water-supply.*—All the public drinking-water wells were put in good repair at a cost of Rs. 30 and will probably require very little repairs during the last four months of the year. Hence the decrease of Rs. 40 under the budget grant of Rs. 70.

24. *Grant 2, Education.*—The probable charges are Rs. 2,450 as compared with Rs. 2,730 allotted in the budget for the year. The decrease is accounted for as follows.

25. *Municipal Schools on Salary System—Establishment.*—The probable charges are Rs. 1,150 against Rs. 1,260 allotted in the budget. Owing to the absence on other duty of the permanent headmaster, for whom a monthly salary of Rs. 50 is provided, and to the acting headmaster drawing only Rs. 40 per mensem, there is a decrease of Rs. 110.

26. *Contingencies.*—There is a decrease of Rs. 40 under the budget grant of Rs. 90. The item being of a fluctuating nature calls for no special remark.

27. *Municipal Schools on Salary-result System—(b) Result Grants.*—The actual charges under this item never exceed Rs. 100. Hence the probable charges under this head are estimated to amount to Rs. 100.

28. *Grant 3, Sanitation and Medical Service.*—The amount allotted in the budget for this grant was Rs. 7,580 and the charges as per revised estimate are Rs. 7,450. The variations under this head are as follow.

29. *Hospital—Establishment.*—The charges under this head are estimated to amount to Rs. 1,500 against Rs. 1,350 provided in the budget. The permanent hospital assistant was sent to the Madras Medical College for training. The District Medical and Sanitary Officer, in his letter, No. 2046-S., dated 15th September 1896, promised to send without additional cost to the municipality an hospital assistant in the Government service to act for the permanent man while under training. The Accountant-General, on a reference from the Treasury Deputy Collector, Vizagapatam, regarding the payment of salary of the acting hospital assistant, disallowed the payment of the salary of the acting hospital assistant, stating that not more than one-eighth pay and allowance of the medical subordinates under the municipal council can be paid from Provincial funds. The seven-eighths pay of the acting hospital assistant for six months was therefore paid from Municipal funds of the current year, which is an additional and unforeseen charge over the allotment. Hence the increase.

30. *Plague Charges.*—No charges were incurred under this head during the first eight months of the current year. Under the arrangements recently made to combat the plague in case it breaks out here, the probable charges are estimated at Rs. 500. Hence the decrease of Rs. 180 under the budget grant.

31. *Grant 4.*—The total charges under this grant are put down at Rs. 770 as against Rs. 700 provided in the budget. They are due to—

(*a*) "Survey of land" and (*b*) Contribution to the Queen's Commemoration Committee, Madras, towards the cost of casket, &c.

32. (7) *Survey of Land.*—The Collector and President, District Board, Vizagapatam, proposed that the limits of this municipality be revised and re-arranged. Thereupon this council passed the following resolution:—

"If the President, District Board, is willing to decrease its share of tolls from 60 per cent. to 25 per cent. with the understanding that if in future it is found that our increased revenue from tolls is not equal to our loss of land-tax, the percentage will be still further decreased to an amount equal to such loss, then the council will agree to the proposals made by the President of District Board" . . . .

In order to ascertain the loss of land-tax which will be sustained by this council by the proposal of the President, District Board, a survey of lands in this municipality is being made at the cost of both the municipality and the district board. Hence a sum of Rs. 100 is provided in the revised estimate for the current year towards the expenses of the survey.

33. *Miscellaneous—Other Charges—Other Items.*—A sum of Rs. 15 was paid to the Queen's Commemoration Committee, Madras, towards the expenses of submitting an address to Her Majesty the Queen-Empress of India.

34. *Grant 5.*—Calls for no special remarks.

35. *Refunds of other than Current Collections.*—Owing to a determined effort on the part of a few who instigated many others to oppose the council in closing a large vacant ground near the slaughter-house which had long been a nuisance in the municipality, a charge under section 277 of the Act was preferred against 55 persons before the Bench Magistrates. The Bench Magistrates, Anakápalle, imposed fines on 55 persons amounting to upwards of Rs. 1,100 and this sum was credited to Municipal funds under "Magisterial fines" last year. The Huzur Deputy Magistrate has reduced the amount of fine on appeal and ordered the refund of Rs. 1,140 to the accused. Hence the refund of other than the current collections.

BUDGET ESTIMATE FOR 1898–99.

Receipts.

36. The rates and taxes hitherto existing in this municipality are again adopted with the addition of "Water and drainage tax on buildings and lands," the estimated total receipts from all sources being Rs. 15,670. The details are as follow.

37. *Tax on Arts, &c.*—The sum of Rs. 1,250 is the amount anticipated from this source, Rs. 1,240 being realizable during the current year.

38. *House-tax.*—Rs. 2,500 may be estimated under this head.

39. *Land-tax.*—Rs. 2,400 is entered as the expected receipts from land tax. It is true that a survey is being carried out in order to exclude from municipal limits a large portion of lands now included in the municipality. The result of this will be a great decrease in the income from this source, but it is not expected that the proposed alteration will come into effect until after 1898–99.

40. *Water-tax on Buildings and Lands.*—The council has resolved to institute the water and drainage tax under section 75 of the Municipal Act for this year in order to supply the deficiency caused by special plague charges. The annual cost of water and drainage to the municipality is about Rs. 500 and the council therefore recommends a water and drainage tax of 3 pies in the rupee to be levied from all lands and buildings of an annual rental exceeding Rs. 25; houses and lands of a rental of Rs. 25 and under are proposed to be exempted. Rs. 500 are expected from this source.

41. *Tax on Vehicles, Animals and Carts.*—The figures of the revised estimate, viz., Rs. 720, are adopted for the next year.

42. *Tolls.*—Rs. 9,000 is again likely to be realized from this source of revenue, of which 60 per cent. goes to the district board as its share. The municipal share is therefore estimated to amount to Rs. 3,600.

43. *Produce of Lands, Gardens, &c.*—A sewage farm has been started in connection with the night-soil depôt and Rs. 80 is expected from this source.

44. *Conservancy Receipts.*—Rs. 120 will again be realized during the next year 1898–99.

45. *Fees from Educational Institutions.*—The income from this source of revenue for the next year is put down at Rs. 1,230 as suggested by the Educational officers.

46. *Sale-proceeds of Medicines.*—The revised estimate figure is adopted for the next year.

47. *Income from Markets, Slaughter-houses and Cart-stand.*—Rs. 710, Rs. 140, and Rs. 550 are anticipated from these three sources, respectively, during the next year.

48. *Fines under Municipal and other Acts.*—Rs. 600 are anticipated from this source of income.

49. *Grants from Government and Local Boards.*—One-third of the gymnastic instructor's pay is taken credit for under grants from Government and a sum of Rs. 500 is anticipated from local fund board on account of hospital expenses. A further sum of Rs. 50 is expected from the district board towards survey charges to be incurred in the next year.

50. *Private Scavenging.*—The figure in the revised estimate for the current year is adopted for 1898-99 also, namely, Rs. 400.

Charges.

51. The total estimated charges amount to Rs. 15,310, leaving a closing balance of Rs. 680. Those that call for comment are noted below:—

52. *Grant 1, New Works.*—A sum of Rs. 100 is allotted towards metalling and gravelling the road leading to Nookalamma's temple, which has a large traffic passing over it during the time of Nookalamma's festival annually. Rs. 200 are provided for the completion of two iron latrines on standard plan—one on Malapalle road and the other on the slaughter-house road—commenced in the current year. Rs. 100 are allotted for constructing a platform and drains to the public drinking-water well at Gollavidhi, which was constructed two years ago by this council at a cost of Rs. 480.

53. *Repairs.*—For repairs to all the roads in the municipality, a sum of Rs. 1,700 is allotted. Rs. 70 will be devoted to repairs to existing latrines and Rs. 30 to repairing the two cart-stand sheds. To re-excavate some drainage channels, Rs. 50 is appropriated and Rs. 20 for minor repairs to the municipal wells.

54. The allotments made for "Establishment for flushing drains, &c." and "Public Works establishment" are the same as those of last year.

55. *Grant 2, Education.*—Substantially the proposals of the Inspector of Schools are followed, but the suggestions noted below are not adopted, funds not warranting the increased expense for these items:—

(*a*) To improve the upper primary school at a cost of Rs. 500.
(*b*) To build Pariahs' school at a cost of Rs. 300.
(*c*) Entertainment of a drawing master.
(*d*) Increasing the amount of result grants from Rs. 400 to Rs. 500.

The headmaster of the middle school is granted an honorarium of Rs. 5 per mensem in consideration for his work as inspector of the primary schools in the municipality. The municipal upper primary school constructed at a cost of Rs. 688 (including the cost of raising the site, &c.) will be completed in the current year from the funds allotted in the current year.

The salaries provided are the same as paid last year.

56. *Grant 3, Sanitation and Medical Service—Hospital Establishment.*—Rupees 1,190 are provided as compared with Rs. 1,350 in the sanctioned budget for the current year. The decrease is due to the fact that the services of the temporary midwife on Rs. 20 per mensem are no longer required by the council, the permanent midwife on Rs. 12 per mensem having returned to duty from training.

Medicines, diet of patients and contingencies are provided for as usual.

57. *Conservancy—Establishment.*—The salaries provided are the same as those paid last year. One additional man on Rs. 4 per mensem has been provided for to look after the sewage farm newly instituted.

The Government having, in G.O., Mis. No. 1363 M., dated 7th June 1897, directed that the sanitary inspector of this municipality be sent up to Madras for training, a sum of Rs. 80 is allotted for the cost of training the present sanitary inspector for six months including his travelling expenses. Thus the total allotment for establishment will be Rs. 3,650 instead of Rs. 3,520. Under "Other charges" Rs. 360 are allotted for maintaining the eight municipal bullocks and for repairs of the conservancy carts, &c., charges.

58. *Private Scavenging—Establishment.*—The salaries provided are the same as in the revised estimate for the current year.

59. *Epidemic Charges.*—Rs. 680 are allotted for expenses connected with plague in accordance with G.O., No. 1985 M., dated 18th November 1896.

60. *Grant 4.*—Usual charges are provided for under this grant with the exception of Rs. 100 towards the cost of "Survey of land," which is expected to be finished during the first quarter of the next official year 1898-99.

61. *Grant 5.*—The salaries provided for the office and collection establishments are the same as those paid last year, but the "Office contingencies" are reduced from Rs. 150 to Rs. 80, as the council will incur no charges on account of office house-rent next year, owing to the construction of the new municipal office building being completed in the current year.

62. *Repayment of Debt.*—Rs. 370 are allotted for the instalment due for the repayment of the debt of Rs. 3,000 lent by Government to build the new municipal office.

Copy of the council's resolution passing the budget is enclosed.

No. C. 13.

Forwarded.

(Signed) W. O. HORNE,
Ag. Collector.

4th January 1898.

From the Hon'ble Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Local and Municipal Department, dated Madras, 15th January 1898, No. 303.

Referring to the budget estimates of the Anakápalle Municipality for 1898-99, I have the honour to state that the allotments made therein under the several heads of Grant 2 may be accepted, with an addition of Rs. 250 for the entertainment of a drawing master for the schools in the municipality (Rs. 220 for his salary for eleven months, at Rs. 20 per mensem, and Rs. 30 for contingencies), credit being, at the same time, taken for a grant of Rs. 110 from Provincial funds, subject to the provisions of the Grant-in-aid Code. With this addition, the net expenditure proposed on education will be Rs. 1,420 (2,800—1,380), or about 12 per cent. of the estimated income from taxation and markets.

2. A pukka building for the Pariah school is absolutely necessary, and I would strongly recommend that a sum of Rs. 300 be allotted for the purpose under Grant 1.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 26th January 1898, No. 130-S.

I have the honour to state that the programme of expenditure drawn up by the Anakápalle municipal council for the ensuing year, in so far as it concerns vaccination and conservancy, does not present any special features for comment. The proposed sanitary outlay is about a third of the probable receipts. With reference to paragraph 57 of the Chairman's letter, I have to remark that the sanitary Inspector therein mentioned has not yet reported his arrival here.

From Surgeon-Major-General C. SIBTHORPE, C.B., F.R.C.P.I., Surgeon-General with the Government of Madras, to the Secretary to Government, Local and Municipal Department, dated Madras, 27th January 1898, No. 82.

I have the honour to state that the provision made in Grant 3 of the budget estimate of the Anakápalle Municipality for the year 1898–99 is sufficient and calls for no further remarks.

ORDER—No. 406 M., dated 18th February 1898.

The estimated receipts and charges of the Anakápalle Municipality for 1898–99, as passed by Government, are compared below with the budget and revised estimates for the year 1897–98 and the actuals of 1896–97 :—

—	Actuals, 1896–97.	Budget estimate, 1897–98.	Revised estimate, 1897–98.	Budget estimate, 1898–99.

REVISED ESTIMATE FOR 1897–98.

2. The current receipts and charges are now estimated at Rs. 15,370 and Rupees 19,490, respectively, against Rs. 15,610 and Rs. 19,110 anticipated in the sanctioned budget. The decrease in the receipts occurs chiefly under the tax on arts, while the increase in the charges, which appears mainly under refunds, is partly met by a decrease under Grants 1 and 2. The collections under the tax on lands and the expenditure on new works—buildings during the first eight months of the year were most unsatisfactory. Under section 218 of the Act, the sanction of Government is required for reducing the rate of the private scavenging fees, referred to in paragraph 14 of the Chairman's letter. This should be obtained at an early date. The transfers of funds referred to in paragraphs 18 and 19 (*a*) are sanctioned.

BUDGET ESTIMATE FOR 1898–99.

3. *Receipts.*—The receipts for the ensuing year are put down at Rs. 15,670 against the revised estimate of Rs. 15,370, the increase, which occurs chiefly under the water and drainage tax, being partly counterbalanced by a decrease under tolls. Under the proviso to section 47 of the Act, the municipal council's proposal in paragraph 40 to levy a water and drainage tax of 3 pies in the rupee, with a view to supply the deficiency caused by special plague charges, cannot be approved. The amount taken credit for under this head will, therefore, be struck out; but as this deficiency can be easily met by raising the rate of the tax on buildings and lands from $6\frac{1}{4}$ to 7 per cent. of the annual rent value, the municipal council is requested to show cause, under section 49 of the Madras District Municipalities Act IV of 1884, as amended by Act III of 1897, within one month from the date of receipt of this order, why this proposal should not be adopted. Meanwhile the credit taken under this head will be raised by Rs. 600.

4. *Charges.*—(1) The probable charges are entered as Rs. 15,310 against Rupees 19,490 in the revised estimate, the decrease being mainly under grant and refunds.

(2) *Grant 2.*—The municipal council's proposal to grant an allowance of Rs. 5 per mensem to the headmaster of the municipal middle school for supervising the primary schools in the town is sanctioned. The reduction of Re. 1 in the pay of the peon attached to the upper primary school, which, from statement II-B, appears to be contemplated, is approved; but reference to this should have been made in the Chairman's letter. The suggestions of the Director of Public Instruction in his letter read above for the entertainment of a drawing master for the schools in the municipality, and the construction of a building for the Pariah school, will be referred to the municipal council for consideration.

(3) *Grant 3.*—The entertainment of a sewage farmer on Rs. 4 per mensem proposed in paragraph 57, is sanctioned, and the alteration in private scavenging establishment, which, from statement II-B and the proposition statement, appears to

be contemplated, is approved; but reference to this latter proposal should have been made in the Chairman's letter. The attention of the municipal council is drawn to the remarks of the Sanitary Commissioner in the concluding portion of his letter read above.

(4) *Grant 5.*—With reference to G.O., No. 2473 L., dated 22nd December 1897, the contribution for the Central office establishments will be reduced from Rs. 180 to Rs. 147, or Rs. 150 in round figures.

5. As revised by Government, the budget closes with a balance of Rs. 810, or 5·1 per cent. of the estimated receipts.

6. The Chairman's letter ~~is~~ was disfigured by numerous faults in style and grammar. This is very unsatisfactory and care should be taken to avoid such mistakes in future.

Here have now been corrected.

Anakapalle Municipal Budget. 98-99

18-1-98

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper :—

From R. B. WOOD, Esq., Ex-officio Chairman, Municipal Council, Anakápalle, to the Secretary to Government, Local and Municipal Department (through the Head Assistant Collector, Narasapatnam), dated 25th December 1897, No. 373.

I have the honour to submit herewith the revised estimate for 1897–98 and the budget estimate for 1898–99 with the usual statements.

REVISED ESTIMATE FOR 1897–98.

Receipts.

2. The total receipts for the year amount to Rs. 15,370 as compared with Rupees 15,610 estimated in the sanctioned budget. The balance brought forward from the last year was Rs. 4,440, making the gross amount available for expenditure during the current year Rs. 19,810. The decrease is due chiefly under the item of "Tax on arts, &c.," which was revised during the year in accordance with the provisions of schedule A appended to the Madras Amendment Act III of 1897. The details are as follow.

3. *Tax on Arts, &c.*—The amount anticipated under this head in the sanctioned budget was Rs. 1,790, but the tax register was revised during the year by the Chairman as per amended schedule A in the Amendment Act III of 1897. The demand thus assessed by the Chairman is Rs. 1,330, of which the council remitted on appeal Rs. 90, leaving a final demand of Rs. 1,240.

4. *Tax on Buildings.*—The budget estimate, nearly all of which is realizable, was Rs. 2,470. Owing to some new houses being assessed and collection of arrears, the year's receipts will amount to Rs. 2,500, an increase of Rs. 30.

5. *Tax on Lands.*—The small increase over the amount estimated in the budget is due to the inclusion in it of the outstanding arrears of last year.

6. *Tax on Vehicles with springs and Palanquins.*—The amount estimated to be realized during the current year is Rs. 20 against Rs. 50 in the budget. The decrease under the sanctioned budget is due to over estimate.

7. *Tolls.*—The sum of Rs. 9,400 was received as against Rs. 9,000 anticipated in the budget. Of this sum, however, only Rs. 3,760 (or 40 per cent.) was available for expenditure, the other 60 per cent. going to the district board. The net increase, therefore, under this head is Rs. 160 only.

8. *Conservancy Receipts—Sale-proceeds of Night-soil and Street-refuse, &c.*—A sum of Rs. 180 was received under this item as against Rs. 120 anticipated in the budget. The increase is due to the collection of outstanding arrears in the current year.

9. *Fees from Educational Institutions.*—Rs. 40 increase is seen, Rs. 1,240 being received as against Rs. 1,200 estimated when the budget was prepared. The small increase over the budget is attributable to increased attendance in the middle school.

10. *Income from Markets and Slaughter-houses.*—Rs. 710 is received from the former source as against Rs. 700 estimated in preparation of the budget, while from the slaughter-house Rs. 140 is received as against Rs. 120 anticipated in the

budget. The increase in both items is due to keener competition than formerly at the auction sale for the privilege of collecting fees, for selling goods and for cattle slaughtered respectively.

11. *Distraint Fees.*—Rs. 10, increase over budget estimate, is due to the introduction of "Warrant fees" levied under the District Municipalities Act, as amended by Madras Act III of 1897.

12. *Cart-stand Fees.*—A sum of Rs. 570 was received under this head as against Rs. 530 anticipated in the budget. The increase over the budget is due to keen competition among lessees at the auction sale when the right of collecting the cart-stand fees for the current year was sold.

13. *Grants and Contributions from Government—Education—Other Purposes.*—Rs. 80 will be the receipts from this source as compared with Rs. 40 estimated in the budget. The increase is due to the collection of outstanding arrears in the current year.

14. *Private Scavenging.*—Rs. 400 will be the receipts from this source as compared with Rs 500 estimated in the budget. The decrease under the budgeted amount may be attributed to the fact that, on the receipt of complaints from most of the owners of private latrines cleaned by the municipal agency regarding the *enhanced rate* of fees, the council has resolved to reduce the rate of fees and thereby increase the number of private latrines under the private scavenging system. The increase has, however, been less than estimated; efforts are being made to extend the system.

15. *Contribution from Local Funds—Other Purposes.*—Rs. 50 credit is taken in the revised estimate for the amount of contribution from local funds towards the cost of survey of lands in this municipality (*vide* paragraph 32 *infra*).

Charges.

16. The charges for the year now amount to Rs. 19,490 as compared with Rs. 19,110 estimated in the budget, leaving a balance of Rs. 320 to carry forward to next year. The proposed expenses for the year, so far as they differ from the budget already sanctioned, are detailed.

17. *Grant 1.*—The total expenses under this grant will be Rs. 5,910, as compared with Rs. 6,320 provided in the budget.

18. *New Works—Communications.*—Rs. 500 were allotted in the current year's budget towards raising the Malapalle road, in order to relieve the new station road of some of the enormous traffic which passes over it. But, on the receipt of a duly prepared estimate for the work amounting to Rs. 720, the council has on further consideration rejected the estimate on the ground that additional funds were required for the upkeep of the existing town roads in good repairs. Thus the allotment of Rs. 410 is now proposed to be transferred from "New Works—Communications" to "Repairs—Communications." A sum of Rs. 90 was, however, allotted under this head for completing the construction of the Santhabayalu road which was commenced last year.

19. *New Works—Buildings.*—The amount allotted in the budget under this head was Rs. 3,490.

(*a*) Owing to the high cost of grain in July and August, a sum of Rs. 104 was transferred from this item to be distributed on famine batta at Re. 1 each to 104 municipal servants drawing Rs. 10 and under.

(*b*) Rs. 90 were allotted in the budget for the construction of three thatched sheds— one for Pariahs' school and two for two results schools. Sites for constructing them not being available at present, it is now proposed to defer these works for the next year.

(*c*) A sum of Rs. 3,000 was allotted in the budget for constructing the municipal office building in this municipality, but the estimate for the work scrutinised by the Superintending Engineer amounts to Rs. 2,850. With these changes the revised estimate charge stands at Rs. 3,150.

20. *New Works—Drainage.*—A piece of land for the extension of the Kotina Vidhi drain was acquired under the Land Acquisition Act at a cost of Rs. 97. Hence the increase over the budget grant under this head.

21. *Repairs—Communications.*—The amount allotted under this head in the budget was Rs. 1,300 and it was subsequently found to be inadequate to keep the twelve miles of the town roads in good repairs. Hence the transfer of Rs. 410 from "New Works—Communications" proposed in paragraph 18 *supra*.

22. *Repairs—Buildings.*—Most of the public latrines in the town having been newly constructed and repaired during the latter part of last year require very little repairs in the current year. Hence the decrease of Rs. 50 under the budget allotment of Rs. 130.

23. *Repairs—Water-supply.*—All the public drinking-water wells were put in good repair at a cost of Rs. 30 and will probably require very little repairs during the last four months of the year. Hence the decrease of Rs. 40 under the budget grant of Rs. 70.

24. *Grant 2, Education.*—The charges are Rs. 2,450 as compared with Rupees 2,730 allotted in the budget for the year. The decrease is accounted for as follows.

25. *Municipal Schools on Salary System—Establishment.*—The charges are Rs. 1,150 against Rs. 1,260 allotted in the budget. Owing to the permanent headmaster, for whom a monthly salary of Rs. 50 is provided, ~~being absent on other duty~~ and to the acting headmaster drawing only Rs. 40 per mensem, there is a decrease of Rs. 110.

26. *Contingencies.*—There is a decrease of Rs. 40 under the budget grant of Rs. 90. The item being of a fluctuating nature calls for no special remark.

27. *Municipal Schools on Salary-result System—(b) Results Grants.*—The actual charges under this item never exceed Rs. 100. Hence the probable charges under this head are estimated to amount to Rs. 100.

28. *Grant 3, Sanitation and Medical Service.*—The amount allotted in the budget for this grant was Rs. 7,580 and the charges as per revised estimate are Rs. 7,450. The variations under this head are as follow.

29. *Hospital—Establishment.*—The charges under this head are estimated to amount to Rs. 1,500 against Rs. 1,350 provided in the budget. The permanent hospital assistant was sent to the Madras Medical College for training. The District Medical and Sanitary Officer, in his letter, No. 2046-S., dated 15th September 1896, promised to send without additional cost to the municipality an hospital assistant in the Government service to act for the permanent man while under training. The Accountant-General, on a reference from the Treasury Deputy Collector, Vizagapatam, regarding the payment of salary of the acting hospital assistant, disallowed the payment of the salary of the acting hospital assistant, stating that not more than one-eighth pay and allowance of the medical subordinates under the municipal council can be paid from Provincial funds. The seven-eighths pay of the acting hospital assistant for six months was therefore paid from Municipal funds of the current year, which is an additional and unforeseen charge ~~on~~ the allotment. Hence the increase.

30. *Plague Charges.*—No charges were incurred under this head during the first eight months of the current year. Under the arrangements recently made to combat ~~with~~ the plague in case it breaks out here, the probable charges are estimated ~~in the revised estimate to amount to~~ Rs. 500. Hence the decrease of Rs. 180 under the budget grant.

31. *Grant 4.*—The total charges under this grant are Rs. 770 as against Rs. 700 provided in the budget. They are due to—

(*a*) "Survey of land" and (*b*) Contribution to the Queen's Commemoration Committee, Madras, towards the cost of casket, &c.

32. (7) *Survey of Land.*—The Collector and President, District Board, Vizagapatam, proposed that the limits of this municipality be revised and re-arrangements of ~~its limits be made.~~ Whereupon this council passed the following resolution:—

"If the President, District Board, is willing to decrease its share of tolls from 60 per cent. to 25 per cent. with the understanding that if in future it is found that our increased revenue from tolls is not equal to our loss of land-tax, the percentage will be still further decreased to an amount equal to such loss, then the council will agree to the proposals made by the President of District Board" . . . .

In order to ascertain the loss of land-tax which will be sustained by this council by the proposal of the President, District Board, a survey of lands in this municipality is being made at the cost of both the municipality and the district board. Hence a sum of Rs. 100 is provided in the revised estimate for the current year towards the expenses of the survey.

33. *Miscellaneous—Other Charges—Other Items.*—A sum of Rs. 15 was paid to the Queen's Commemoration Committee, Madras, towards the expenses of submitting an address to Her Majesty the Queen-Empress of India.

34. *Grant 5.*—Calls for no special remarks.

35. *Refunds of other than Current Collections.*—Owing to a determined effort on the part of a few who instigated many others to oppose the council in closing a large vacant ground near the slaughter-house which had long been a nuisance in the municipality, a charge under section 277 of the Act was preferred against 55 persons before the Bench Magistrates. The Bench Magistrates, Anakápalle, ~~have fined~~ 55 persons amounting to upwards of Rs. 1,100 and credited to Municipal funds under "Magisterial fines" in last year. The Huzur Deputy Magistrate has reduced the amount of fine on appeal and ordered the refund of Rs. 1,140 to the accused. Hence the refund of other than the current collections.

Budget Estimate for 1898–99.

Receipts.

36. The rates and taxes hitherto existing in this municipality are again adopted with the addition of "Water and drainage tax on buildings and lands," the estimated total receipts from all sources being Rs. 15,670. The details are as follow.

37. *Tax on Arts, &c.*—The sum of Rs. 1,250 is the amount anticipated from this source, Rs. 1,240 being ~~actually received or~~ realizable during the current year.

38. *House-tax.*—Rs. 2,500 may be estimated under this head.

39. *Land-tax.*—Rs. 2,400 is ~~taken~~ as the expected receipts from lands. It is true that a survey is being carried out in order to ~~effect a transfer of~~ a large part of ~~the municipal~~ lands ~~to the district board~~, the result of ~~which~~ will be a great decrease in the income from this source. But it is not expected that the proposed alteration will come into effect until after 1898–99.

40. *Water-tax on Buildings and Lands.*—The council has resolved to institute the water and drainage tax under section 75 of the Municipal Act for this year in order to supply the deficiency caused by special plague charges. The annual cost of water and drainage to the municipality is about Rs. 500 and the council therefore recommends a water and drainage tax of 3 pies in the rupee to be levied from all lands and buildings of an annual rental exceeding Rs. 25; houses and lands of a rental of Rs. 25 and under are proposed to be exempted. Rs. 500 are expected from this source.

41. *Tax on Vehicles, Animals and Carts.*—The figures of the revised estimate, viz., Rs. 720, are adopted for the next year.

42. *Tolls.*—Rs. 9,000 is again likely to be realized from this source of revenue, of which 60 per cent. goes to the district board as its share. The municipal share is therefore estimated to amount to Rs. 3,600.

43. *Produce of Lands, Gardens, &c.*—A sewage farm has been started in connection with the night-soil depôt and Rs. 80 is expected from this source.

44. *Conservancy Receipts.*—Rs. 120 will be again realized ~~for~~ the next year 1898–99.

45. *Fees from Educational Institutions.*—The income from this source of revenue for the next year is ~~anticipated to amount to~~ Rs. 1,230 as suggested by the Educational officers.

46. *Sale-proceeds of Medicines.*—The revised estimate figures ~~are~~ adopted for the next year.

47. *Income from Markets, Slaughter-houses and Cart-stand.*—Rs. 710, Rs. 140, and Rs. 550 are anticipated from these three sources, respectively, during the next year.

48. *Fines under Municipal and other Acts.*—Rs. 600 are anticipated from this source of income.

49. *Grants from Government and Local Boards.*—One-third of the gymnastic instructor's pay is taken credit for and Rs. 500 from local fund board on account of hospital expenses ~~is anticipated~~. A further sum of Rs. 50 is ~~anticipated~~ from the district board towards survey charges to be incurred in the next year.

50. *Private Scavenging.*—The figures in the revised estimate for the current year ~~are~~ adopted for 1898–99 also, namely, Rs. 400.

Charges.

51. The total estimated charges amount to Rs. 15,310, leaving a closing balance of Rs. 680. ~~So far as they~~ call for comment ~~they~~ are ~~as follows~~.

52. *Grant 1, New Works.*—Rs. 100 is allotted towards metalling and gravelling the road leading to Nookalamma's temple, which has a large traffic passing over it during the time of Nookalamma's festival annually. Rs. 200 are provided for the completion of two iron latrines on standard plan—one on Malapalle road and the other on the slaughter-house road—commenced in the current year. Rs. 100 are allotted for constructing a platform and drains to the public drinking-water well at Gollavidhi, which was constructed two years ago by this council at a cost of Rs. 480.

53. *Repairs.*—For repairs to all the roads in the municipality, ~~the~~ sum of Rs. 1,700 ~~are~~ allotted. Rs. 70 will be devoted to repairs to existing latrines and Rs. 30 to repairing the two cart-stand sheds. To re-excavate some drainage channels, Rs. 50 is appropriated and Rs. 20 for minor repairs to the municipal wells.

54. The ~~same~~ allotments ~~as last year are~~ made for "Establishment for flushing drains, &c." and "Public Works establishment."

55. *Grant 2, Education.*—Substantially the proposals of the Inspector of Schools are followed, but the suggestions noted below are not adopted, funds not warranting the increased expense for these items:—

(*a*) To improve the upper primary school at a cost of Rs. 500.
(*b*) To build Pariahs' school at a cost of Rs. 300.
(*c*) Entertainment of a drawing master.
(*d*) Increasing the amount of results grants from Rs. 400 to Rs. 500.

The headmaster of the middle school is granted an honorarium of Rs. 5 per mensem in consideration for his work as inspector of the primary schools in the municipality. The municipal upper primary school constructed at a cost of Rs. 688 (including the cost of raising the site, &c.) will be completed in the current year from the funds allotted for the current year.

The salaries provided are the same as paid last year.

56. *Grant 3, Sanitation and Medical Service—Hospital Establishment.*—Rupees 1,190 are provided as compared with Rs. 1,360 in the sanctioned budget for the current year. The decrease is due to the fact that the services of the temporary midwife on Rs. 20 per mensem are no longer required by this council, the permanent midwife on Rs. 12 per mensem having returned to duty from training.

Medicines, diet of patients and contingencies are provided as usual.

57. *Conservancy—Establishment.*—The salaries provided are the same as paid last year. One additional man on Rs. 4 per mensem has been provided for to look after the sewage farm newly instituted.

The Government having, in G.O., Mis. No. 1363 M., dated 7th June 1897, directed that the sanitary inspector of this municipality be sent up to Madras for training, a sum of Rs. 80 is allotted for the cost of training the present sanitary inspector for six months including his travelling expenses. Thus the total allotment

for establishment will be Rs. 3,650 instead of Rs. 3,520. Under "Other charges" Rs. 360 are allotted for maintaining the eight municipal bullocks and for repairs of the conservancy carts, &c., charges.

58. *Private Scavenging—Establishment.*—The salaries provided are the same as in the revised estimate for the current year.

59. *Epidemic Charges.*—Rs. 680 are allotted for expenses connected with plague in accordance with G.O., No. 1985 M, dated 18th November 1896.

60. *Grant 4.*—Usual charges are provided for under this grant with the exception of Rs. 100 towards the cost of "Survey of land," which is expected to be finished during the first quarter of the next official year 1898–99.

61. *Grant 5.*—The salaries provided ~~to~~ the office and collection establishments are the same as paid last year, but the "Office contingencies" are reduced from Rs. 150 to Rs. 80, as the council will incur no charges on account of office house-rent next year, owing to the construction of the new municipal office building being completed in the current year.

62. *Repayment of Debt.*—Rs. 370 are allotted for the instalment due for the repayment of the debt of Rs. 3,000 lent by Government to build the new municipal office.

Copy of the council's resolution passing the budget is enclosed.

60.

Revised estimate for 1897-'98.

2. The current receipts and charges are now estimated at Rs.15,370 and Rs.19,490 respectively against Rs.15,610 and Rs.19110 anticipated in the sanctioned budget. The decrease in the receipts, occurs chiefly under the tax on arts, while the increase in the charges, which appears mainly under refunds, is partly met by a decrease under grants 1 and 2. The collections under the tax on lands and the expenditure on new works-buildings-during the first eight months of the year were most unsatisfactory. Under section 218 of the Act, the sanction of Government is required for reducing the rate of the private scavenging fees, referred to in para 14 of the Chairman's letter. This should be obtained at an early date. The transfers of funds referred to in paras 18 and 19 (a) are sanctioned.

Budget estimate for 1898-'99.

3. Receipts. The receipts for the ensuing year are put down at Rs.15,670 against the revised estimate of Rs.15,370, the increase which occurs chiefly under the water and drainage tax being partly counterbalanced by a decrease under tolls. Under the proviso to section 47 of the Act, the Municipal Council's proposal in para 40 to levy a water and drainage tax of 3 pies in the Rupee with a view to supply the deficiency caused by special plague charges cannot be approved. The amount taken credit for under this head will therefore be struck out; but as ~~the~~ this deficiency ~~caused by the~~ plague

~~plague charges~~ can be easily met by raising the rate of the tax on building and lands from 6¼ to 7 percent of the annual rent value, the Municipal council is requested to show cause under section 49 of the Madras District Municipalities Act IV of 1884, as amended by act III of 1897, within one month from the date of receipt of this order, why this proposal should not be adopted. Meanwhile the credit taken under this head will be raised by Rs.600.

4. Charges.(1) The probable charges are entered as Rs.15,310 against Rs.19,490 in the revised estimate, the decrease being mainly under grant and refunds.

(2) Grant 2.The Municipal council's proposal to grant an allowance of Rs.5 per mensem to the Headmaster of the Municipal Middle School for supervising the primary schools in the town is sanctioned. The reduction of Re.1 in the pay of the peon attached to the Upper primary school which from statement II B appears to be contemplated, is approved; but reference to this should have been made in the Chairman's letter. The suggestions of the Director of Public Instruction in his letter read above for the entertainment of a drawing master for the schools ~~for~~ in the Municipality ~~and~~ the construction of a building for the Pariah school will be referred to ~~be~~ the Municipal Council for consideration.

(3) Grant 3. The entertainment of a sewage farmer on Rs.4 per mensem, proposed in para 57 is sanctioned ~~on~~ and the alteration in the private scavenging establishment, which

which from statement II-B and the proposition statement appears to be contemplated, is approved; but reference to this latter proposal should have been made in the Chairman's letter. The attention of the Municipal Council is drawn to the remarks of the Sanitary Commissioner in the concluding portion of his letter read above.

4. Grant 5. With reference to G.O.No. 2473 L, dated 22nd December 1897, the contribution for the central office establishments will be reduced from Rs.180 to Rs.147 or 150 in round figures.

5. As revised by Government the budget closes with a balance of Rs.810 or 5.1 percent of the estimated receipts.

*6. The Chairman's letter is disfigured by numerous faults in style and grammar, which the most cursory perusal by any one acquainted with the English language would have rendered impossible. This is very unsatisfactory and care should be taken to avoid such ~~mistakes~~ in future.
