Necessity? He is a
Local F. overseer.

SUBJECT.

Local Board often employ men
who have not passed any professional
test as overseers. As these overseers
work under a competent Engineer & so
their work is usually connected with
making & repairing roads. This may be
satisfactory in the hands of the overseer, but
the other hand, the overseer is the
chief officer in charge of the roads, buildings,
the Chairman, & it is therefore essential that only qualified
men should be appointed. The reference.
