FOR ORDERS.

Please see the notes and orders in G.O. No. 2758 m. dated 10th December 1897.

2. In reply to the reference made to them, the municipal commissioners forwarded an extract from their proceedings of the 31st January 1898, in which they recommend the grant of the increase of salary asked for by Mr. Ellis.

3. Mr. Ellis entered the service of the municipality in 1891 as Engineer Vice-President, and his initial salary was fixed at Rs 750. It was raised to Rs 800 in April 1892 and again to Rs 900 in April 1896. He now requests that his salary should be increased again to Rs 1000, the maximum provided in Section 37 of the City of Madras

MUNICIPALITY OF MADRAS,

Public Works Department,

Madras, 29th November 1897

From

R.E. Ellis Esq. M.Inst.C.E.,

Engineer, Municipal Commission.

To

Col. Sir George Moore, Kt.C.I.E.,

President, Municipal Commission.

Sir,

Enclosure.

I have the honour to submit this my application for increase of my salary and request that the same may be forwarded to His Excellency the Governor-in-Council for favourable consideration, with such support as you are able to afford it.

2 It will be remembered that I joined the Municipality in April 1890 on Rs 750 and that my salary was raised to Rs 800 in April 1892 and to Rs 900 in April 1896 and my request is that my salary may be raised to the maximum Rs 1,000 from the 1st April 1898.

3 In support of my application, I may mention that the maximum salary of the Municipal Engineers of Calcutta, Bombay and Rangoon is Rs 1,875, Rs 1,500 and Rs 1,500 respectively and that the Municipality of Benares recently advertised for an Engineer on a salary of ---- Rs 800 rising to Rs 1,200 by annual increments of Rs 50 a month.

4 Engineers in Government service, who left the Engineering College in England the same year as I did, would be drawing about Rs 1,069 in pay and allowances, if stationed in Madras, with prospects of further increments and other advantages which it is not necessary to touch upon.

The

the date of the plaint is 29.11.97

1/541 Nov 1898.

The responsibility of my work in Madras is, I would submit, as onerous as that of the Engineers above referred to and the nature of the work of a Municipal Engineer renders it essential that the officer should have had considerable experience before he is appointed. As regards my work I can only repeat what is already known to you, that it has been my aim to cut down expenses and increase the efficiency of every branch of the Department, and that in addition to the ordinary duties, important works are now being carried out for the improvement of the town, namely, the New Drainage Works, the New Market and the Rubbish destructor.

I have the honour to be,
Sir,

Your most obedient servant,

R. S. Ellis
Engineer.
