GOVERNMENT OF MADRAS.

OFFICE OF SANITARY ENGINEER,

Fort St. George, 6 January 1898.

57M

From

A. S. Russell Esq.,
J. A. JONES, Esq., MEM. INST. C.E., F.R.S.E.,

AS: SANITARY ENGINEER TO GOVERNMENT,

To

The Secretary to Government,

Local and Municipal Department.

SIR,

1940
6-1-98

With reference to para 2 of G.O.No.2840.M.
Mis, dated 18th. December 1897, I have the honor to state that
the valuation of Rs 13,387 was made as long ago as May 1896.
In the following month, sudden and heavy floods occurred in
the Cauvery, and the river rose so rapidly that there was not
time to haul up the Engines from the river's bed. Various
minor articles belonging to the Pumps and Boilers were ~~subse-~~^{con-}
quently lost. After this flood, the machinery continued in use
until February 1897, and thus became further depreciated in
value.

2. On hearing in November last that the Super-
intendent, of Public Works Stores had valued the machinery at
Rs 5,700 only, the Boiler Inspector was deputed by this office
to examine and re-value the machinery, and ^{he} valued it at Rs 3850
as noted below. This valuation was subsequently accepted by
the Superintendent, Public Works Stores.

2. No.8 Pulsometer pumps & No.7	-- Rs 3,000
Donkey pump-----	200
Force pump-----	250
1. Fire Engine -----	1,900
3. Boilers-----	3,500
Total-----	8,850

3. The missing parts lost in the flood of May 1893
are not recoverable.

I have the honor to be,
Sir,
Your most obedient servant,

A. Russell.

Ag: Sanitary Engineer to Govt.
