Letter No: 3869 dated 20th June 1899 from J. A. Hancock, Esq., Exe. Engineer, Bellary Division to the Superintending Engineer, III Circ Bellary.

With reference to your endorsement No: 1821, dated 10th ultimo, I have the honour to inform you that the Municipal Council in its meeting held on the 9th May 1899 reduced the assessments on the Government buildings. But these reduced amounts exceed those obtained from Mr. Clerk's valuations which were made after personal inspection. As the amounts involved are not trifling I cannot be expected to certify that they are based on fair valuation of the buildings. I, therefore, submit the case to you for orders.

2. The Saluk butchery Bellary and the Police Station Kowlbazaar were assessed to house tax for the 1st time in 1898-99. The Municipality levied Rs 81 for the former and Rs 60-12- for the latter - Mr. Clerk personally inspected the 2 buildings and came to the conclusion that they could not, under any circumstances, realize

more than Rs 360 and Rs 300 per annum respectively. The reasonable assessments should, therefore, be Rs 27 & Rs 22-8-0. The amounts levied on appeal are Rs 63 & 47-12-0 respectively. Your orders are solicited on these cases also.

3. I enclose a comparative statement showing the original demand, the reduced assessment and Mr Clerk's valuation for your reference.

No 2379W Dated 26 June 1899.

Mis Order No. 1742 ^{Munis} 24/11/99

10 P

From the Executive Engineer's letter read above it does not appear that the instructions of Government for assessing buildings to house tax, issued in G.O. No. 1023. M, dated 26th June 1895 have been adopted in the case of the Govt buildings referred to. The Municipal Council is requested to report fully on this point through the Collector at an early date.

I will think this a novel board out - that the Council should report.

It is moved

Note

Please see the Collector's endorsement in G.O. No. 509. M.

21st April 1899. The

Municipal Council has at the instance of the Collector again considered the matter and made reduction in the assessments; but the Executive Engineer still considers them heavy. It is not, however, known whether the Council has followed the instructions issued in G.O. No. 1023-M, dated 26th June 1895. This will therefore have to be ascertained before action is taken under Act XI of 1881 (India) - vide G.O. No. 2887-M, dated 18th December 1897.
