SUBJECT.

Submitting with the request that the Palghat Municipal is not entitled to grant from Provincial funds towards the expenditure for sending two men for being trained in the school of arts, Madras.

Note
In G.O. No. 2992 L, dated 20th November 1899, it was stated that the expenditure of local bodies should be concentrated as far as possible on primary education and that until it was shown that primary education had been satisfactorily provided for, the provision of technical education was premature. The Municipal Council of Palghat maintain a second phase college and many primary schools and also five secondary and sixteen primary schools with result grants. The total expenditure on education in Palghat in 1898-99 was Rs. 24310 and the total number of boys under instruction in the municipal aided schools in that year was 2410 or 84 per cent of the male population of school going age. Vide para 4 (2) of G.O. No. 2994 L, dated 22nd August 1899. Primary education seems therefore to be

Satisfactorily provided for by the Municipal Council of Palghat and the proposal of the Council to send two students to the Arts School at Madras for training in metal casting & metal hammer work, in view to opening an industrial school in Palghat next year, seems to be unobjectionable & may be approved. The Council is not wanting in money, the closing balance at the end of last year being Rs 17301 or 26.4 per cent of the receipts. The estimated closing balance for the current year, as revised with reference to the actual opening balance, is Rs 14071.
