2. The Chairman's Explanation does not seem to be acceptable and satisfactory. I ^{Order} believe there must be something wrong either in classification or in the ass_{ts} itself. The disparity in the no_r of assesses in classes ctos_u 7, 8 & 9 is apparent.

Sir

With reference to para 3(1) of
G.O. No 1087 M dated 31st July 1899, I
have the honour to reply as follows.

2. The cause of decrease in the
number of persons assessed to the tax on
Arts and the net current current
demand may be attributed to the
revision of the Arts' Tax Register by
a sub committee consisting of five
councillors with instructions to prepare
the registers in one uniform principle
without leaving it in the hands of
several individual councillors, each
using his own discretion as it

was

none during 1897-98. when the assessments were indiscriminately levied under the old Act without due attention being paid to the - Schedule attached to the new Act.

2. The number of assesses under the eighth class of Schedule A was less than that under the 7th class by 30 for the reason that all money-lenders were assessed under the latter class irrespective of their incomes in accordance with the instructions contained in proviso 4 of the note attached to the Schedule A of the Act.

I have the honour to be

Sir

Your most obedient servant

Forwarded.

2. The explanation given

is obviously inaccurate.

On comparing the list of

97-98 & 98-99 it is

obvious that the several

assesses have been taken

out of Classes I & II and

reduced to Class III. The

number in ^{two} Class III is 98-99

being nearly equal to the

decision in Classes I & II.

Beside large decrease

has occurred in Class

III and IV
