CURRENT No. 3365

From The President, Dist Board, Madura.

Order No 25 Luis 8 6/1/99

Recorded with the following

Remarks:-

- (1) Sufficient improvement has not been effected.
- (2) It has not been stated whether

the drinking water wells have been dis-
tasted by Mr. Hankin's process, as
required by Government.

(3) A further report on the con-
dition of the village should be submitted
after three months.

FURTHER PAPERS.

G.O.	No.	Department.	Date.

Copy of communication from the President, District Board, Madura, to the President, Taluk Board, Dindigul, dated 16th December 1898 No 111-G.

I have the honor to offer the following remarks on your letter No 624, dated 8.12.98.

The construction of a latrine in a side where water will not escape from, and which the people are unlikely to use is most unfortunate. It is hoped that the remaining latrines which are being constructed are suitably situated. The Police are said to have charged a number of nuisance cases; but from the state of things found by you it is evident that they are not fully performing their duty in this matter yet, and I request that you will point this out to the Superintendent of Police. I will be glad to know if the additional scavenging establishment ordered by you has been entertained. It must be insisted upon that the chairman and Dy Tahsildar during his weekly visits supervise the work of these scavengers. I would suggest that if it is not already being done, the Deputy Tahsildar be required to send a report weekly to you as to the sanitary state of Bodinayakanur, and what he has done in the matter during his weekly visit. There seems a danger of a relapse back to the old state of things, and the Deputy Tahsildar must be kept up to the mark.

Minerva

J. For President

12/65/98

From

J. G. D. Partridge Esq

President Taluk

Dindigul

The President

District

Sir,

With reference to R.C. Mt.

1898 and your reminder dated 5th

December 1898, I have the honor

to report that I inspected Bodinai

again on 3rd instant.

There had been rain previously

for a long time and in consequence

the roads which chiefly consist of

black mud were in a horrible condition.

3365/98

ools and mud. I was surprised
so little improvement in Sani-
since my last visit in August.

Fahsildar and Chasiman accom-

and we rounded the town.

6 public wells for which

at 800 Rs were allotted have

parapet walls and iron coverings

and cisterns. They are in good

condition. The waste water however

it finds its way into the roads and

increases the general filth. The

way to improve this, seems to me

make the roads of gravel and

let this water flow down

Remove so much and the two
in use will be required for en-
Cess pools.

4. As to latrines 6 were sanctioned

last August at a cost of a li-
over 100 Rs each. I saw one on

South side which had been fin-

but not opened for use. En-

if it were opened I doubt if

people would use it. The reason

of this is that the mud for the

walls has been excavated from

Spot and the place was very

low so that water will not escape

on this work here.

10. As the Taluk Board cannot
have money for this ruin.

I cannot expect the roads through
to be improved, but this seems
the most urgent need of the town
after proper latrines have been built.
The rubbish is carted outside and
a stream flowing down the streets has
been diverted as I suggested.

11. The Dy Salsildar Uttamapohane visits
town for about a week every month
and much depends on his taking an interest
in keeping the place clean.

I have the honor to be,
Sir,

Your most obedient servant

W. B. B. B.
President

18/8/98. 8/12/98.

building Cooly sheds away
the town.

keeping and removal of rubbish
at nearly as good as it ought to
and the Chairman must enforce
the work.

The present fine market, without
fence, is not used at all and is
exposed to all winds. I think
the Taluk Board will provide a
new shed next year and use this
market instead of collecting market
goods in the open streets.

The new hospital is practically
not begun as the foundations

Madura District Board Office,

16th December 1898

From

C. J. Weir Esquire,
