LOCAL & MUNICIPAL DEPT.

CURTIN No. 3356d

His Excellency the Right Honorable
Sir Arthur Elibank Havelock G.C.B., G.C.I.E.
Governor of Madras

The most humble petition of the Bazarmen
holding bazars in the bazar street, Saidapet
Chingleput District

Most humbly Sheweth

That among the Acts and Rules framed
by the Government for the good of the people, the Local
Fund Act (No. 1884) is the most important one
passed for the public good. But the proceedings of the
District Local authorities in color of that Act and
other Orders connected with it is, only to tease the
people so that the conveniences of the Public Good
may be disturbed

That in the bazar street of this town of Saidapet, the
bazars were built and opened many years ago —
prior to the settlement of Pymash, by the petitioners
ancestors and others who were holding bazars

That at the same time, Koradus otherwise called
platforms were also constructed close to the buildings
of the bazars in front side to a breadth of 3 or 4
feet some with bricks and some with mud, and
also sheds with coco leaves were erected in the
spaces of those Koradus, so that the buyers of the
articles might come and stand on those Koradus
and buy articles without any sufferings from the
sun and rain under those sheds

That since then, the aforesaid Koradus and sheds
are in existence, and they are now in possession and
free enjoyment of the petitioners for the conveniences
of the people who

3356/2/96

of the people who come and buy articles.

That further these Koradus and sheds are not in any way to disturb the convenience of the street and they are in a row beyond the side channels; which can be ascertained from the plan herewith enclosed.

That about 35 years ago, when the town was improved side channels were opened on both sides of the street by the sides of these Koradus and sheds, on finding the proper limit of the street foramboke.

That from the time of such improvement the street was evidently limited by the said side channels.

That when the petitioners are thus enjoying the aforesaid Koradus and sheds for the convenience of the people since many years, the District Local Board authorities are always issuing notices directing the petitioners to remove the said Koradus and sheds on a wrongful ground that those spaces are paramboke land; and further those authorities also threaten them that in case if those orders be neglected, they will be prosecuted under Penal code for disobedience.

That the spaces in question are not at all paramboke land, and they are in ^{the petitioners'} possession and enjoyment for many years.

That when the Pymash Settlement was made the then Surveyors measurement was incorrect; because they had measured the land of 40 ft, as 30 ft and the land of 50 ft as 60 or 65 ft.

That further for this village of Laidafet, there is no such original Pymash too, signed by the late Pymash authorities; and the Pymash account now in possession of the authorities, is not valid, as it is not an authenticated copy signed or attested by any of the officers.

That with the help of the invalid Pymash account, the authorities now pass orders always

always directing the petitioners to remove their Haradus and sheds which are far away beyond the side channels of the street, in their (petri's) possession and enjoyment. for many years.

That under these circumstances the petitioners most humbly pray that orders will be passed so that the District Local authorities may not interfere with the petitioner's enjoyment of their land.

For which charitable acts of kindness, the petitioners, shall as in duty bound ever pray.

1st December 1898.
