Proceedings of the Plague Commissioner.

Read the following:-

Letter from the Collector of Kistna, Ref. on C. No. 4/11 dated 3rd January 1899.

With reference to your letter No. 991, dated the 27th December 1898, I have the honour to state that in the case of a large District like Kistna, the scale of 4 miles to an inch would make the map inconveniently large. Further, as a map showing the proposed circles has been prepared for Government on the 8 miles to 1 inch scale, copies can easily be traced from it while the 4 inch scale map would have to be specially prepared. In these circumstances, I request to be informed if you would accept in lieu of the map on the four miles to an inch scale, a copy of that prepared by order of Government.

Ref. on C. No. 292, dated 11-1899.

Forwarded to the Local and Municipal Department, with reference to Office Note No. 16 dated 20th December 1898.
