Si

I answer to your letter Ref No. ⁶/_{Plague} of 199. I have the honor to inform you that I do not consider that the present staff in the Hospital at Conjeeranam is adequate to meet the demands of plague and ordinary duties. The number of passport holders is so large that they are frequently kept there until 7 o'clock in the evening and some times until 10 o'clock at night. The Hospital ^{patients} ~~patients~~ necessarily have to suffer and often have to wait for some time before they can be treated. If the passport holders who have been inoculated and defaulters have to be visited at their own houses by the Civil Apothecary or the Hospital Assistant great neglect of the Hospital work will be entailed. This alone will give sufficient work to one man with a jukka as Conjeeranam is such a large place. If Government will not sanction the entertainment of an additional Assistant the only alternative as far as I can see is to allow the Repetition and nuisance Inspectors to visit inoculated persons and to allow the Municipal Chairman or the Talukdar to deal with defaulters as they would in

in the ordinary way with persons who have trans-
gressed the Law.

SIR,

I have the honor to forward herewith
a copy of the District Medical and Sanitary Officer's
letter No. 186 dated 22 Instant, and to state that I
agree with him in considering that an Extra Hospital
Assistant is required for the observation of the arrivals
in Conjeveram from plague infected areas. The
town of Conjeveram is large and the number of pass-
-port holders for inspection averages 60 or 70
a day. The Hospital Staff at Conjeveram
consists of one Civil Apothecary and one Hospital
Assistant. The inoculated persons and
those who are exempted from personal attendance
should be observed at their residences and, under
the present orders, persons who have failed to
present themselves for inspection should be visited
by a medical officer at their residence and their
failure reported to the Talukdars. The District

medical and Sanitary Officer
is of opinion that this on-door
duty cannot be done by the
medical staff without detri-
-ment to the Hospital and I may
state that the work cannot
be entrusted to the Municipal
Registrars of Births and Deaths
and nuisance inspectors as
these officers are ^{not} qualified to
do it. Further their work to
suffer - Under these circumstances
I have the honor to request
that you will be good enough
to sanction an Extra Hosp
