4, it will be seen that the Bangalore City ^{has} reported no cases since the 1st May.

It has, however, been decided

that the whole of the Bangalore
(including the Bangalore City)
district should be included

in the list. It is presumed, however,

that the Civil & Military
Station of Bangalore, which
will be formed from Flag A
to have reported unreported

Cases during the weeks ending
14th & 21st May and 4th June,
should also be included in
the list.

(2). Item No. (3) in the list above "Bombay Presidency including Sind" will be liable to revision if the H. M. should decide that certain taluks in the Dharwar Dist. should be excluded from the list of infected places.

This list underwent no change when the list of infected areas

in the Madras Presidency was revised (vide G.O. No. 950-P. 27/6/99)

2. In the 1st Current read above, the Sec^y to the Chief Comm^r Central Provinces takes objection to the Wardha D^t being included in the list. The Wardha D^t was notified as an infected area on a reference made by the P.C. (vide G.O. No. 80-P. 11.1.99) that Ad-
ministration declared only the towns of Nurganhat & Wardha as infected (vide notifications No. 8258-P. 22.11.98 & 9219-P. 22.12.98) and these places were subsequently re-

5. In the Hyderabad State, Lingsugur D^t reported plague even during the week ending the 11th Inst & Naldang D^t reported no cases after the 21st May last. It is submitted that Lingsugur D^t alone may be shown in the list.

7. With reference to Notif^s declaring the D^t of Howrah, Hooghly, Saran, Dar-

It is submitted that Kowrah D.st ^{alone} may be shown in the list.
