TO

THE

Plague Commissioner,
Madras.

SIR,

With reference to the concluding sentence of para 1 of your Proceedings No ¹²⁶₁₀ dated 17th January 1899, and in continuation of this office Ref on G. B. Cur No ¹³²_{Rev} of 99 of 5.4.99. I have the honour to note below the names of ferries on the Godavari which require to be controlled in the case of plague breaking out at Berwada:-

- | | | |
|-------------------|----|-----------------|
| 1. Dorleishwaram. | To | 1. Madanlanka |
| 2. Rajahmundry | | 2. Vijeswaram. |
| 3. Tallapudi. | | 3. Kovur. |
| 4. Brakkilanka. | | 4. Vadapalli |
| | | 5. Vijeswaram. |
| | | 6. Bobberlanka. |
| | | Munikasavali. |
| | | Vedullapalli. |

as cancelled.

5. Gubala. Singavaram.
6. Polavaram. Purushottapatnam.
7. Kumaravaram. Mulakallanka.
8. Taripudi. ~~Madduranka~~.
Madduranka.
(Sikharavaram).

9. Patapattisam. { 1. Vangalapudi
10. Kumaravaram. { 2. Singavaram.
- (hamlet of Padipaka) } Devipatnam

2. Of the above ferries, numbers 1 & 2 are the most important. These are now under the direct management of the District Board. It is, I think, enough if one Hospital Assistant on Rs 35 + 15 is appointed for this Godavari steam ferry which comprises the above two numbers. On each trip of the ferry steamer, the Hospital Assistant goes on board for the purpose of examining the passengers booked at Koonur, Kadapalli, Vizeswaram, Bobberanka, & Madduranka. No other establishment seems to be necessary. In the case of the remaining 8 ferries, the establishments sanctioned for a road frontier inspection station may be entertained at Tallapudi, Prakkilanka, Gubala, Polavaram,

Kumaravaram, Taripudi, Patapattisam, & Kumaravaram. The same accommodation is provided for each road frontier inspection station will also be provided at each of the ferry landing places on the southern side of the river.

3. There are some minor ferries in the Bhadrachalam Taluk, but it is not necessary to take any special steps to control them as they are used by very few passengers.

I have the honour to be,
Sir,

your most obedient servant,

(sd) V. A. Brodie.

DESPATCH
27 JUN. 1899

FROM

J. A. Cumming Esq.,
Asst. Collector,

TO

The Secretary to Government
Local and Municipal Dept
Madras.

SIR,

With reference to para 1 of the
Plague Commissioner's Proceedings Refrence
No 4249 dated 23rd April 1899, I have
the honor to state that the plans and
estimates in question have since been
revised by the District Board Engineer
agreeably to the hints conveyed in
the Plague Commissioner's Proceedings
No 220 A dated 18-10-98 regarding
the provision of private plague hospital
accommodation.

as cancelled.

The suspected sheds can, if necessary, be divided up into $12' \times 12'$. I think these revised plans and estimates will do and submit them for sanction.

In the original estimates, roofing with tiles was provided for and the estimated cost of the sheds was therefore high. Such expensive buildings are quite unnecessary. In the present estimates, provision is made for thatched sheds.

2 In reply to the concluding sentence of the Government reference on Cus No 4797 dated 15th May 99, I have to state that there are ferries between Vizianwaram and the Sea. Some of these however is of sufficient importance

to be managed by the District Board. and it is not practicable to make any special arrangements to control them.
