ORDER. No 1053 Pms 98-7-99

The Collector is informed that Kolar town is not newly infected with plague now as supposed by him and the people are not therefore likely to run away to Madanapalle. There has been plague in Kolar town for several months past. The outbreak at that place must have been reported to the Collector by the report authorities with reference to the request made by this Govt. in S.O. No. 888 P., dated 24. 5. 98. Moreover, intimation of the progress of the disease in an adjoining district in Mysore must have been given to the Collector by

the Dy Commissioner concerned,
 as would appear from
 the copy of the Mysore Plague
 Commr's circular forwarded by
 the Resident in Mysore with
 his letter No. 757 P. of 15.2.99,
 disposed of in P.C.'s P.O.s
 No. 481 of 22.2.99. The
 Collector's attention has
 also been specially
 drawn to the existence
 of the ~~plague~~ ^{plague} in the
 Kolar St - vide G.O. No.
 1243 P. of 4.10.98 and
 P.C.'s P.O.s No. 264 of
 21.1.99.

2. The action taken by
 the Collector and reported in
 the letter read above is approved.

If however, the Collector
 finds that there is no road
 from Kolar town towards
 Madanapalle, the pre-
 cautions need not be
 continued. (From orders)

SUBJECT.

Plague in Kolar town.

FOR ORDERS.

During the spread of plague
 in Mysore last year, the Govt.
 No. 1243 P. of 4.10.98, placed
 the Cuddapah St. under observation
 and sanctioned the introduction
 of an observation scheme, the
 chief features of which were
 (1) the establishment of 4 road
 frontier inspection stations, at

Chigabhye }
 Mirang } Madanapalle Taluk
 Andam }
 Andam } Kari Taluk

(2) the constitution of 7 observation
 circles, and

(3) the organization of two Ambulance
 Corps, one at Madanapalle
 and the other at Cuddapah.

2. Owing to the strong prejudices
 of the people and for other reasons,
 the

(a) S.C. Hwy No 622 d/s - 11 fR

(b) { 20624 d/s - 11 fR
20841 d/s - 11 fR

(d) P.C. letter no 929 d/11-4-55 (printed
on page 16 of fo. no. 8) d/12-6-55)

3 The Col. of Ludhiana now reports that he has picked up a lot of the existence of plague in Kolar Town, that there was no likelihood of coming from the gold fields mining towards his St but that the people of Kolar town are very likely to seek refuge in Madanapalle. He therefore thinks the St is now in greater danger than hitherto, & proposes to remove the inspection station at Chigabigha. As a matter of fact, there has been plague in Kolar town for several months past. The statistics are given below in the accompanying Statement.

Statement. The outbreak at Kolar
must have been reported to the
Colls. of Cuddapah by the Mysore
authorities with reference to the
request made by this Government
in G.O. No 888 P. d/24-2-88. Vide
also G.O. S. C. B. No 401 d/22-2-88.
The daily telegrams from the Mysore
Resident (which however do not ~~now~~
give figures for Kolar towns separately)
are being regularly communicated
to the Colls. of Cuddapah as well as to
Colls. of the D. S. bordering on Mysore
and his attention was specially
drawn to the existence of plague
in the Kolar D. S. ^{by G.O.} as far back as
Oct 1898 (vide G.O. No 1243 P. d/4-10-98)
and by the Plague Commr. - vide S. C.
B. No 264 d/27-1-99, para 3 &
S. C. B. No 929 d/11-4-99, printed
on page 16 of G.O. No 878 P. d/12-6-99.
As plague has already existed
in Kolar town for a long time ^{without} ~~without~~
affecting the Cuddapah D. S.,
~~undisturbing~~, it is doubtful whether
any special measures should now
be taken.

3/7/89 ^{Town} Kolar is not nearly infected
as supposed by the collectors
& the people are not therefore

likely to have away to Madanapalle.

This may be pointed out to the collector.

What he has done may be approved. But if he finds that there is no order from Kolar Town towards Madanapalle, the precautions had to be continued.

6.7.99.
4.7.99.

At 4.7.99.

Kolar is still full 50 miles from Madanapalle.

SUBJECT.

Note
 The Collector's action may be approved. He may be told that an inspection station should be re-established at Chigalabailu with the requisite staff and a Hospital Asst. From pages 15 & 17 of G.O. 878 P & 12 & C. It will be seen that the Colls is of opinion that no inspection stations on the Mysore frontier excepting the one at Chigalabailu.

Reporting the steps taken on the appearance of plague in Kolar town

Could be of any practical
use.

FURTHER PAPERS.

G.O.	No.	Department.	Date.

W. No. 17267
Cuddapah Collectors office
Camp Madanapalli
Dated 26th June 1899

From
H. C. D. Harding, Esquire
Acting Collector of Cuddapah.

To
The Secretary to Government,
Local and Municipal Dept.,
Madras.

Sir,

I have the honour to
report that rumours having reached
Madanapalli that there is plague in
Kolar Town and that the town is
evacuated, I wired to the Deputy Commissioner,
Kolar, and find the rumour is true.
Plague is in Kolar Town but not virulent.
The Town is partly evacuated. That being
so, my frontier is now in greater danger
than

than before. There was ~~no~~ likelihood
of Coolies from the Gold fields running
this way, but the inhabitants of Kolar
are very likely to seek refuge in
Madanapalli. Chigalabyulu frontier
station has been closed but I think
should be opened again in some
form. I am at once sending my
plague clerk there as a passport issuing
officer and giving ^{him} 4 Constables and
a Taluk peon. His presence will
check flight by that route and be
considerable protection to Madanapalli.
He is instructed to give passports
and detain any persons found to
have fever:- in which case he will
send word at once to the Apothecary at
Madanapalli. I have the honour to
request that these proposals may be
approved. I am asking the District
Medical officer if he can spare a
Medical

Medical man to relieve the plague
clerk as soon as possible. If not, I
request the orders of Government as to
whether a special medical man should
be again obtained for this duty and
the station reestablished as before.

I have the honour to be,
Sir,
Your most obedient servant

For M. S. R. S.
Acting Collector
