BELLARY COLLECTOR'S OFFICE.

Dated 1-7-1899.

FROM

E. A. Elwin Esquire,
Ag COLLECTOR OF
BELLARY.

TO

THE Secretary to Government,
Local and Municipal Department,
Madras.

SIR,

I have the honour to reply to paras 3 and
5 of Government Order 878-P
12-6-99

Para 3. There are at present Road -
Frontier Inspection Stations at Nagaldinne,
Madhanaram, Singappa, Kampil, Zala-
varaghatta, Vallabhapuram, Hanprasagar, So-
venahalli, Modalakatti, Magala, Mailar,
Harivi, and Nitur Basapuram on the
Tungabhadra river. Plague exists in the Hyderabad
State in the country opposite Kampil, which may
be said to be the central point of the river
frontier line of this district, and special
precautions are being taken to prevent the
spread of the disease from that centre (Please

see Government Order 869-P Mis. 8.6.99. I beg to suggest that the Nagaldinne Station at the extreme north east and the Harive and Nittur Basapuram Stations at almost the extreme south west, of the district, may be closed and that the other 10 stations may, at any rate during the rains, be retained. The 3 first named stations are unimportant as the Raichur district of the Hyderabad state to which Nagaldinne is opposite and the Ranibennur taluka of the Dharwar district of the Bombay Presidency to which Harive and Nittur Basapuram are opposite have all along been immune from indigenous plague. The 10 last named stations seem necessary in view of the possible recrudescence of plague in Dharwar and Hubli towns in the Southern Mahratta country and of its possible extension in the Hyderabad state along our frontier.

Para 5. Preventive circles have been established very rarely and, when established, have always been abolished as soon as

the necessity for their continuance ceased. The only circles of this kind now in existence are those sanctioned in Government Order 869-P Mis quoted above. One Plague Inspector on Rs 40 with one peon on Rs 9 was employed in addition to the previously existing staff. No practical results have in this particular instance been obtained so far.

I have the honour to be
Sir,
your most obedient servant

[Signature]
21/12/99.
