Resolution—

3. With regard to the observation shed, as buildings for plague purposes have, frequently, to be erected on emergency, and as a special officer has been appointed by Government to supervise plague operations generally, the specific sanction of the Sanitary Board to plans and estimates does not seem called for. A type design of a plague hospital has already been issued by Government with G.O., No. 256 P., dated 23rd March 1898, and adherence to this design is recommended.
