Proprietor Estate
Superintendent

South East Weymouth

The Acting Collector would be much
obliged if Mr. would inform
him how many coolies have arrived
at his estate from Mysore and how
many more are likely to come and when.
This information is only required so that
the Ag collector may provide a strong
enough staff to examine coolies and
issue passports at Kavarhatta Camp
without causing delay and hardship
to the men so examined. & it is
further most earnestly requested
that early information may be given
of cases of evasion of examination
stations

Mr collector

Kilgini

Sir, I have the honour to bring to
your notice ~~that~~ the great in-
convenience and hardship which
coolies and maistries are suffering
through being detained at the
Kakanhulla camp. Coolies who
should have arrived on this estate
on Sunday have arrived on Tuesday
and a maistry with a gang of coolies
who arrived at Kakanhulla on
Monday not getting here till today
Wednesday, suffering great hard-
ships for want of food in the
mean-time.

Not only will this keep labour
away from the district and give
maistries great difficulty to fulfil
their contracts, but much valuable
time is being lost on the estates
while

while coolies are detained on
the road.

I have the honour to be

Sir

Your obedient servant

The Collector
Milguin

Sir,

I have the honour to bring
the following facts to your notice:
about forty coolies for this estate
came to Kakanullak plague camp
on Saturday last. They report that
there were about 700 or 800 coolies
there and only one man to make
out passports and he was ill with
fever. In consequence of this they
were delayed for two whole days
and some even three days, without
shelter or anything as you will no
doubt see this entails great
hardship on the coolies and in
consequence coolies that were
coming in hearing about this
have gone back to their country
a very serious matter for us.
I have the honour to request that
therefore that as a very large
number of coolies will be
coming

Coming in during the next few
months extra men may be
provided to make out passports.

I have the honor to be
Sir,

Your obedient servant

NILGIRI COLLECTOR'S OFFICE,
OOTACAMUND, 6 July 1899.

REF. ON Current No. $\frac{253}{99}$ P.

FROM S. G. Roberts Esq. J. C.
Acting COLLECTOR OF
The Nilgiris,

TO THE SECRETARY TO GOVERNMENT,
Local and Municipal DEPARTMENT,
Madras.

SIR,

ENCLOSURES.

Mr E. C. Marsh dated 21-6-99

Mr C. J. Murchin. Date 21-6-98

In enclosing herewith copies
of letters received from the magnificently
noted superintendents of estates in
the South East Wynnad, I have the
honor to report that from enquiries
I learn that a very large number
of coolies are coming in from the
Mysore province to the estates in the
South East Wynnad and that I
have in consequence appointed
a gimnistah on Rs 20 a month,
temporarily to assist the Hospital
assistant in charge of the Kalkan
- halla Road frontier inspection

Inspection station. From the
replies, I received up to date,
& this office circular copy of
which is herewith appended, it
is seen that about 1400 coolies
have already come and about
3000 more are expected to come
by the end of August next. So I
think that there will be sufficient
work for the Gumnastah for the whole
of this month and for half the period
of the next month.

2. I have also deputed one
Raman Rai, now on Rs 8 at the
Gudahar Inspection station, to
do duty at the Kakabhalla Inspection
station so that he may be useful
in making out passports, as he
knows ^{how} to read and write Malayalam
well. The Deputy Tahsildar

at Gudahar

of Gudahar recommends an increase
of Rs 7 in his pay, as he is a willing
and intelligent hand who has
done so very good work and ^{having} with
regard to the climate of the place,
and I agree with him.

3. It is necessary to have
a strong staff at the camp for the
time being as the local supplies are
only very limited, the place bears
a bad name for unhealthiness and
the camp is on an average 16 miles
from the estates where coolies work.
If they are detained till nightfall
they will actually suffer great hard-
ships, their employers will certainly
lose next day's work and there is
an extreme possibility of their getting
fever and thus being kept from work
for some time to come. As it is, there
is always sufficient difficulty in
getting the carts for the Gudahar
shandy through in reasonable
time.

time and I learn that the coolies often accompany these carts. There is always the chance of the Hospital assistant or the ward attendant being ill or only equal to slight work and the staff now recommended is calculated to meet such ~~emergencies~~ ^{emergencies} ~~emergencies~~. I know that it is a matter of the greatest importance that coolies should be subjected to the minimum inconvenience possible, as otherwise many will be deterred from coming at all and the planters will lose their services, which cannot be replaced, and their advances which are difficult to recover. The expenditure involved is thus very small when compared with the interests at stake.

4. Under these circumstances they request that the additional expenditure

expenditure proposed in the proposition statement, submitted herewith, may be sanctioned at an early date. I have stated therein that this temporary increase, will last for two months, so as to avoid the necessity of applying for sanction once more, if the services of the temporary hands are required for more than one and a half months referred to above.

5. Anticipating this additional expenditure, provision has been made in this office estimate sent on the 3rd instant refer
 Rs $\frac{2500}{99}$

I have the honour to be
 Sir,

Yours most obedient servant
 J. S. Roberts
