Note

Surf. O. No. 407. File dated 28th March 1898 the retention of the plague clerk in the office of the District Medical and Sanitary Officer ^{at the} for a period of six months was sanctioned with effect from the 1st November 1897. As the period expired on the 30th April 1898, the Collector requests sanction for a further period of six months as the plague does not appear to have subsided in the district and there may possibly be a recrudescence of the disease after the South West monsoon. In forwarding the Collector's letter the Surgeon General remarks that the services of the clerk will be required till the plague is over. The Local Supt. has transferred the current to the File Supt. with the remark that "there is no plague at present in the District and the plague establishment have been considerably reduced".

As it has been decided

that the cost of addition on
 account of plague to the office
 establishment of the District
 Medical and Sanitary Officer
 should be debited to Local
 like the permanent staff, it
 is submitted that the current
 may be returned to the Local
 Department for disposal.

NOTE FOR THE Secy

The Coll. applied for
 sanction till the end of Oct
 1899, but the Secy proposed to the
 H.M. agreed that the sanction should
 not last beyond July. In the
 go. the sanction is stated to be
 two months from the 1st May. This
 will expire on the 30th June.
 It is submitted that 2 months
 may be altered into "three
 months". To save delay, the
 go. has been issued with this
 alteration.

FROM M. R. R.
Rao Bahadur R. V. Sreenivasa Iyer Aural B.A.

Acting COLLECTOR OF Kurnool

To

THE Surgeon General, Madras.

SIR,

I have the honour to state that the period for which the Government sanctioned the remuneration of the Plague Clerk on Rs 45 in the district in Medical and Sanitary officers office in its order No. 407, Financial, expired on 1-5-99 and to request that Government may be addressed to extend the sanction till the end of October/99 as the epidemic does not appear to have entirely subsided in the district and there may possibly be a recrudescence of the disease after the South-West Monsoon sets in. Pending the possibility mentioned above there is considerable extra work to be done in the district Medical and Sanitary officers office in the way of correspondence with the Supervisors, Sanitary Inspectors, etc who will be retained for some time.

I have the honor to be,

Sir,

Your most obedient Servant,

For Ag. Collector.
