Plague-infected Areas.

Ordering the issue of a notification revising the list of —.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following papers :—

Telegram from the Collector of North Arcot, dated 12th July 1899.

Abstract.—Suggesting that Vellore, Wallajah and Ránipéttai may be removed from the list of plague-infected areas.

Telegram from the Collector of Salem, dated 14th July 1899.

Abstract.—Proposing that Uchanapalli may be declared to be infected with plague.

Telegram from the Collector of Salem, dated 16th July 1899.

Abstract.—Recommending that Kanavanahalli may be declared to be infected with plague.

Telegram from the Secretary to Government, Local and Municipal Department, dated 18th July 1899, to the Collector of Salem.

Telegram from the Collector of Salem, dated 18th July 1899.

Telegram from the Collector of Salem, dated 20th July 1899.

Abstract.—Stating that Settipalli, Uchanapalli and Kanavanahalli may be included in the list of infected areas and that Mukondahalli be retained in the list.

Order—No. 1128 P., dated 24th July 1899.

The list of infected areas in notification No. 579, as amended by notification No. 580, published on page 261, Part I-A, of the *Fort St. George Gazette*, dated 11th July 1899, will be revised, and the following notification published in the *Fort St. George Gazette* :—

NOTIFICATION.

In modification of notification No. 579, as amended by notification No. 580, published on page 261, Part I-A, of the *Fort St. George Gazette*, dated the 11th July 1899, the following places in India are declared to be infected with plague :—

In the Madras Presidency.

(1) The villages of Mukondahalli, Uchanapalli, Kanavanahalli (near Kembatti) and Settipalli in the Hosúr taluk of the Salem district.

Outside the Madras Presidency.

(1) The districts of Mysore, Kolar and Bangalore in the Mysore Province, and the Civil and Military Station of Bangalore.
(2) The districts of Lingsugur, Naldrug and Gulbarga in the Hyderabad State.
(3) Bombay Presidency including Sind.
(4) The City of Calcutta.
(5) The district of Howrah in Bengal.
(6) The districts of Jullundur, Hoshiarpur and Rawalpindi in the Punjab.

Notification

In modification of Notification No. 579, as amended by Notification No. 580, published on page 261, Part I A, of the Fort Saint George Gazette dated the 11th July 1899, the following places in India are

21·7·99

declared to be infected with plague:—

In the Madras Presidency

(1.) The villages of Mukondahalli, Uchanapalli, Kanavanahalli (near Kembatti) and Settipalli in the Hosur taluk of the Salem district.

Sugg

Outside the Madras Presidency.

(1.) The districts of Mysore, Kolar and Bangalore in the Mysore Province, and the Civil and Military Station of Bangalore.

(2) The districts of Lingsugur, ~~and~~ Naldrug and Gulbarga in the Hyderabad State (added vide P. Ho order on C No 2098 P.)

(3) Bombay Presidency including Sind.

(4) The City of Calcutta

(5) The district of Howrah in Bengal

(6) The districts of ~~Jullunder~~ Jullundur, ~~and~~ Hoshiarpur and Rawalpindi, in the Punjab.

1918 P

1962 P

C.S.O. 21.7.99

To H.L. Morse

Notes

1. According to the orders of

Don't print

the Hon'ble Member Ranipet & Wallajah should wait a month before being removed from the infected list. The last case at Ranipet having ~~[illegible]~~ occurred on the 21st ultimo, the month would expire with today. These places have, however, been removed from the list in the draft above. The Special Plague Assistant may, perhaps, be told that the G.O. and the Notification may issue as they are, provided Ranipet & Wallajah report no cases up to and inclusive of today; but that both the places shld be entered in the list should any case of indigenous plague be reported from either of ~~[illegible]~~ them during the period mentioned above. ~~upto this date~~.

No cases have occurred in these places since that date.

Yes.
C.S.O.

2. As regards the infected districts in Hyderabad, it is submitted that C. No. 1984 P. referred to in the note below was sent down

to the Madras Office yesterday. The Secy's note regarding the addition of any other district to the list will therefore be attended to in the Madras Office.

Yes.
G.P.

EJ
21.7.99

During the week ending the 8th July, Naldrug was the only Dt. in the Hyderabad State which reported plague cases. Gulbargah reported 1 imported attack & ~~1 impo~~ death. The other Dts. were free. Submitted that no other Dt. may be added to the list of infected places.

Hvil
24/7/99

But the return for the week ending 15/7/99 (C.M. 2098 L.) shows that numerous attacks have occurred in the Gulbarga Dt. which ~~has~~ is now added to the list.

Hvil
25/7/99

G.O. 1128
24/7/99

Note for the Special Plague Assistant.

The Secy having left Office early today, it has not been possible to obtain his orders on the note at foot of Cir. No. 2017 P. (received today from Madras) soliciting orders as to whether the district of Rawalpindi in the Punjab should be declared by this Govt. as an infected area. The Secy's orders in the matter will be obtained ~~and~~ the papers sent to Madras tomorrow so that, if the Secy so directs, the dt. mentioned above may be added to the list in this G.O.

EJ
21.7.99.

Has the Dt. been included?

[L. & M.]

LOCAL AND MUNICIPAL DEPARTMENT.

189 .

2.7.99 Telegram from the Cllr. of N. Arcot

from the

SUBJECT.

Re. the removal of Vellore, Wallajah & Ranipettai from the list of infected areas.

ERS.

his letter disposed of in No 1055/10.7.99, the Collector of Arcot requested that the Vellore Municipality might be removed from the list of plague infected areas & orders were accordingly issued in the er quoted above declaring Vellore municipality free plague. The notifn. was blished in the Gazette of the Inst. & this would reach Collector only today & the gram was despatched by the ector yesterday.

2. In the telegram read e, the Collector requests that ore, Wallajah & Ranipettai ~~by infected (places in the Dt.)~~ y be removed from the list of

of infected areas. In his notes on C. No 1735 of 99, (flag H,) the Sec^y proposed that the Vellore Municipality alone might be declared free & that Wallajah & Ranipettai should be retained in the list & his proposal was approved by H. M. The whole D^t of N. Arcot has been free since the 1^st of this month. The last attack in Ranipet took place on the 21^st June & in Wallajah on the 2^d June. Perhaps both the places may now be removed from the list.

3. In the Salem D^t, Uchanapalli Thorapalli & Mattigiri have reported no further cases. As regards Periyakelagondapalli, Nagondapalli, Mukondapalli & Hosur, they had no cases since the 12^th May, 21^st May, 24^th May & 17^th June respectively. It seems therefore that the time has arrived for removing these four villages from the list.

4. With reference to the last sentence of the Secy's note at Flag H, attention is respectfully invited to para 10 of G.O. No 878 P. d/ 12-6-99 & to Mr. Hammick's note at Flag J.

Kid
13/7/99

Lewy
13/7/99

This may perhaps be done. I understood however from Mr. Hammick that it was customary to wait one month from the ~~last~~ date of last case.

GTW
15-7.

+ Please see para 5 below.

I think they may be removed but perhaps it would be best to consult Collector by wire

GTW

Yes
AA

(x) This was an imported case

Plague is not spreading in the Taluk as of course my suggestion need not be considered now.

GTW
15. 7. 99

P. J. C.

5. A telegram has since been received from the Collector of Salem stating that one case of indigenous attack of plague at Uchanapalli (mentioned in para 3 supra) and one attack and death at Jigni have occurred on the 11th instant. The Collector proposes that Uchanapalli be declared infected. His proposal may be approved. Two indigenous attacks & deaths on the 24th June and one indigenous attack on the next day have already occurred in this village.

H M

The Salem Collector's
[illegible]/15.7.99. proposal may be approved. Ranipet has been free from plague only since 21^st ult. i.e. 3 days longer than Uchanapalli here. I think Ranipet & Wallajah should wait a month before being removed from infected list.

GTW
15.7.99

AA
17.7.99

(Note continued)

In reply to the telegram sent to him enquiring whether Periyabelagondapalli, Nagondapalli, Mukondahalli and Hosur might be removed from the list of infected areas, the Collector of Salem reports× that they may be removed from the list with the exception of Mukondahalli, which he proposes to retain in the list, a case having occurred there on the 15th instant. The Collector proposes also in his telegrams of the 15th, 16th & 20th inst. that the undermentioned places where plague cases have occurred as shown below may be added to the list.

× in telegrams of 18th & 20th

Names of villages	Cases Reported on 14th inst.	Cases Reported on 15th inst	Cases Reported on 18th inst S. D
1. Uchanapalli	1 seizure Indigenous on 11th	..	1 – 1 Indigenous.
2 Kanavanahalli near Krimbatti	..	S. D 2 2 Indigenous	1 – 0 Do
3 Settipalli	..	..	7. 2 Do (on 16th & 17th)

Submitted that the list be revised as proposed by the Collector.
[illegible]
21.7.99

Yes. the revised Notification shd issue next Gazette

NOTE FOR THE Secy, L & M

The report referred to in the telegram has not yet been received. Very probably it has been sent direct to Ootacamund.

2. Papers regarding revision of the list of infected areas are at Ooty. In Mukondahalli, one attack occurred on the 15th instant, followed by death on the 18th. Hosur has been free for over a month.

20/7/99

Note

The papers referred to in para 2 have this day been sent down to Madras. Mukondahalli has been retained in the list. The report referred to in para 1 has not been received here either but the necessary information was furnished in a subsequent telegram.
