SUBJECT.

In forming the Govt. of
 Bengal by wire that camp
 at Kunda Road is not
 considered necessary
 and requesting to communi-
 cate by wire to this Govt.
 the occurrence of any cases
 of plague in Arissa and ^{that} ^{starting}
 if any cases of plague are reported
 from Cuttack or Puri the frontier station
 proposed by P.C. at Kallikote should be
 started at once.

PI ^{IE FOR THE} *Plague* *Commissioner's*
plague preventive
arrangements of this Presidency
has always been made
inspection of similar measures
in other provinces. This
was accordingly selected
allotted a bit of a Ry
inspection station with the
fact that one already existed
in far off at Khurda. The
station was not however started
immediately as plague was then
under the rule increasing & was
notly afterwards declared to
be stopped. But it has
re-appeared again and a suggestion
was made to look that inspection
should be started at Kallikata
but Govt has declined to
accept this recommendation &
prefer to wait till plague
becomes indigenous in Cuttack
or there. This decision, though
submitted already, requires
reconsideration, apart from the
fact of the abolition of Khurda
Inspr. Station which was never
recognized by this Govt. vide

Copy of telegram from the Bengal
Government. to Secy. to Govt. -
Lt M Dept: 827 March 1898.

"Now that plague has
"appeared in Colombo and
"has shown a tendency to
"spread from there. Observation
"camps at Chaula, Maikwa,
"Chakaradharpur and Khurda
"Road are no longer of any
"use in Bengal Lieutenant
"Governor has decided to
"abandon them and replace
"them by camps near Calcutta
"and by a system of giving prompt
"information through Railway
"Police to district officers of
"arrival of persons from infected
"area the camp at Khurda Road
"will therefore be closed forth.
"with unless Government of Madras
"wish it maintained on their own
"behalf and at their own cost
"deputing the necessary medical
"establishment."

"Establishment to relieve
of Bengal which is well
required elsewhere."

BLACK PAPERS.

Date

(True copy)

Copy of letter from the Collector,
Lower Bengal, dated 20th March 1898, No. 545
Eng.
to the Chief Secretary to Govt.
Public Department.

With reference to G.O. No. 305 Pub.
29th March 1898, I have the honour
to state that in the event of plague
breaking out in this district, &
emigrants who propose to go to
Bengal or Assam can be sub-
jected to ten days' medical obser-
vation at the port of embarkation.
2. With regard to emigrants going
by rail, it is impossible to carry
out the suggestion contained
in para 1 (2) of the letter of the
Government of Bengal except
for emigrants registered under
the Act. No registered emigrants
are being sent out by rail,
though a large number of persons
recruited under the free system
are thus leaving the District.

9. 100. 1
Our these, however, no super-
vision or control can be exercised,
by Government Officers, and they
must be subject to the same
restrictions as ordinary
passengers.

Ref: m. l. No 3738 A of 99.

I consider that the better
course will be to have an ins-
pection station at Khalikota
in Ganjam Dt. rather than at
Khorda Road in Bengal, if it
is considered that an inspection
station is necessary at all. I
proposed the opening of the Kalli-
kota Inspection Station in my
note of 18th March 99. The proposal
was received in G.O. Lt M,
No 455. P. Mis: of 23rd March 1899.
Under the altered circumstances,
perhaps Government will be pleased
to reconsider that order. If Khorda
Road is abolished, I consider
that Khalikota should be
opened.

Telephone message to
Surgeon General
from Plague Commr

Government ^{is} being asked to
reconsider its order declining to
open a railway inspection
station at Kallikata in the
Panjam St. If the proposal
is sanctioned, a commissioned
medical officer or an English
doctor is required. If no other
is available, Dr. Roberts may
be taken from footy. As
Surgeons have been in some cases
been found to lack the discretion
required for inspection stations.
