No 349.
Plague Camp, Arkonam
dated 14th April 99

From

Dr C. Seymour Langley
Medical Officer on Plague duty
Arkonam

To

The Collector of North Arcot
Chittoor,

Sir,

With reference to your endorsement
No 1482 dated 8-4-99 on plague Commission
Proceedings No 911 dated 5-4-99, I have
the honor to remark that all 3rd
Class passengers are obliged to leave
their Carriages and line up in rows
for ex-amination purposes and that
I consider it almost an impossibility
for any passenger suffering from
fever at the time of ex-amination
to escape removal for thorough
ex-amination in the Plague Shed on
the platform where his temperature
is taken. If he is suffering from
the slightest fever, he is immediately

remained to the Segregation Camp.
 The fact of his having been allowed
 to proceed from Golaspah 4 hours
 previously tends to confirm my
 impression that he was not suffering
 from fever when he was examined
 here.

I have the
 of C. Seymour Langley
 Medical Officer on
 Plague duty.

(True copy)

Dis no ¹⁸⁶⁹ of 99

Forwarded to the Plague Commissioners
 for information with reference
 to his Proceedings No 911 dated
 5th April 99. It is not impossible
 that the man developed fever
 after he was passed at Arkonam
 and before he reached Madras.
 There certainly is no proof that he
 had fever when he arrived at
 Arkonam.
