SIR,

The Extra Additional Medical Officer on Plague duty at Benikai reports that there are several plague cases in the huts which are far from the Central Plague Hospital, that these could not be removed to the Hospital either the owners not consenting to the measure or on account of distance and that the Hospital Assistant of the 2nd Ambulance Staff who has to attend them has to travel round these huts from 5 to 10 miles in the day. He recommends the grant of a horse or conveyance allowance. On the analogy of Article 43 (ii) of the Local Fund Code which refers

report to medical Subordinates deputed for duty I propose that a jutka or pony be hired by the doctor when necessary for the Hospital Assistant and the Charge paid from "Contingencies" Local funds and request orders.
