Sir,

At the end of last month, I applied
to the District Superintendent of Police for 40 or 50
additional Constables for plague duty
at Arcot. In his letter No. 283
27.2.99, he
replied that the Arcot Police Inspector
has been directed to detain for duty
at Arcot the 12 men sent to Tirumottur
for plague duty during the festival there
and that he had sent 9 more men.
As this number too was not sufficient,
I had to employ Coolies as sentries
near the segregated houses and to
relieve the Constables for meals. This
is a similar arrangement to that made
in Wallajah and elsewhere. I commenced
to employ these Coolies on the 28. Feb.
The plague having subsided
a little, I was able to dis-charge

Rest of these Cookies on the 20th March 99.
The remainder have been discharged
from time to time as it was found
they could be dispensed with.

The last were discharged on
the 26th Inst and none are now em-
ployed. I have paid these Cookies
their wages for the period they worked
and a sum of Rs 120-3-0 has been
spent for this purpose from the
permanent advance fund of this
office. In accordance with G.O. No.
249 of 98 dated 29th August 98, I
think such charges should be met
from "20 Police or executive force".
I have the honor to request you
therefore to address the ^{respective} ~~respective~~
superintendent of Police to place the amount at
my disposal at an early date or
to ask the Treasury Dy Collector
to make the necessary adjustments
and send me a sanctioned con-
tingent bill for the amount expended
by me.

3. The ~~period~~ paid vouchers
are herewith submitted as per list.
I have to

Re. no. 146th of 99.

Forwarded to the Plague Commission
Madras, for favour of order as to
the head to which the charge is debi-
table. Owing to the paucity of Police
Constables to guard persons segregated
in their own houses, it has been found
necessary to employ Cookies not only
in Arcot but in Rampeh and Wallajah
also. The Plague Regulations and
rules do not require the Local Bodies
to provide sentinels for plague
camps and I agree therefore with
the Special Plague officer that the
charge should be debited to "20
Police".

Fort St. George,

Accountant General's Office,

20th April 1899.

Returned with the remark that the charge in question cannot be debited to 20 Police. It was incurred in consequence of measures taken for the prevention of the disease in a local area and should therefore be met from Local or Municipal Funds as the case may be under G. O. Financial No. 479 dated 4th April 1899.

I can find nothing authorizing
further disinfection of non-
infected houses in municipalities.
Please let me have your
opinion on this point. If on
consideration you think notice is
sufficient, send me a wire or
I will publish it at once.
The chief objection to it, as
Pearson points out, is that it will
cut out the maintenance of the
disinfection staff for an
indefinite period. Even as
regards notice if there may
be opposition to the innovation
but it is not likely to be so serious
as if notice were issued.
