GOVERNMENT OF MADRAS.

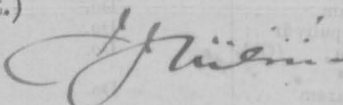

LOCAL AND MUNICIPAL DEPARTMENT.

ORDER—No. 1177 P., dated 31st July 1899.

A statement showing the staff employed in the several districts on observation or passport duty at railway stations is circulated to the Collectors concerned and the President, Municipal Commission, Madras. It is observed that the duties which are performed in some districts by men on small salary are done in other districts by highly paid men and that in some places much larger staffs are employed than in others. Collectors concerned and the President, Municipal Commission, Madras, are requested to report what reductions can be made and whether a cheaper agency cannot at some stations be safely substituted for hospital assistants and sanitary inspectors. It should be borne in mind that the list of infected areas has been considerably reduced.

2. Collectors and the President, Municipal Commission, Madras, will forward their replies through the Sanitary Commissioner.

NOTE FOR THE Secretary L & M

Each of the municipalities referred to employed an Hospital Assistant in 1897 & 1898 for the purpose of observing passengers arriving from infected parts & issuing passports. The Hospital Assistant at Vizagapatam was subsequently replaced by a Sanitary Dispensary. Besides these offices the municipal plague establishment in the district consists of servants working under the Hospital Assistants and watchers of plague cases.

As the duties performed by these Hospital Assistants & servants have been found to be important and could not otherwise be arranged for the existing establishments were allowed to remain and the list received from the Collector recorded.

Reference is respectfully invited to the note of yesterday in connection with the draft order of the Financial Dept on the plague estimates of Godavari, Nellore & Madras.
