My dear Buckley,

Will you kindly let me have your remarks upon the enclosed letter from the Company's Traffic Manager?

I understood you to say that when a plague station was opened at Tadpatri, the examination at Guntakal would be done away with.

Dear Sir,

Our down North West Line Mail is suffering a chronic delay at Guntakal which is causing frequent late arrivals at Raichur owing to the constant late arrival and to the insufficient margin of time allowed for the Southern Mahratta trains. These trains now have to undergo plague inspection at Guntakal and the consequent delay to passengers causes the late departure of our trains.

The matter has been represented to the Southern Mahratta Railway who have informed us in reply that they are unable to make any changes in the running of their trains. Our late arrivals at Raichur have caused complaints from both the G. I. P. and N. G. S. Railways. As therefore we can get no help from the S. M. Ry. and as the down mail is an important main line train, I shall be glad to be favoured with your views as to the advisability of issuing instructions that it is to be started from Guntakal as soon as the mail bags are received, passengers being

being left behind if the plague inspection has not been completed.

yours faithfully
