Captain. C. Doran, M.D., M.S.
Surg. Surgeon-General with the
Court of Madras.

To.

The District Medical & Sanitary Officer
North Arcot.

Sir,

To avoid any misconception of
duties and responsibilities which might
possibly arise by the recent deputation
of an additional Medical Officer to your
District, I am desired to say that the new
Officer is intended to relieve you of your
ordinary duties so as to enable you to inspect
the work of plague observation staff in the
District. It is not however intended that
he should conduct such duties indepen-
-dently of you, but should always obtain
your instructions and advice in all important
matters requiring disposal. He can deal
with routine matters on his own respon-
-sibility assisted by the Assistant Surgeon,
but all doubtful cases must be referred
for your advice and orders as you will still
remain the Head of the Medical administra-
-tion in your District.

I am &c

This principle has been adhered
to in this of. All important matters and

References are laid before me, the additional medical officer being responsible for only the routine work. I hold entirely in my hands the reins of the Medical Administration of this District as before.
